Academic Advisement for Undergraduates

Where do you go for academic advisement?

If you have chosen a major, or if you have one in mind, go to the advisement center for the college that offers that major. If you have no major in mind, visit the University Advisement Center (2500 WSC).

All college advisement centers (CACs) are open from 8:00 a.m. to 5:00 p.m. Monday–Friday. They will be closed for devotionals on Tuesdays from 11:00 a.m. to noon. Write, visit, or call the advisement center of your choice:

Class Schedule Work Sheet

We suggest that you use the following form to plan your ideal schedule. Be careful not to select classes that meet at the same time on the same days. After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available. The computer will not schedule you in more than one section of the same class (except for R classes and labs).

Instructions for Internet Access

How to Access BYU Web Registration

You may access BYU Web registration from your own home if you have the Internet and have downloaded Netscape Communicator 7.0+ or Internet Explorer 5.5+. Both of these browsers are available for downloading on the World Wide Web. If you can't access the Web from home, you can use computers on the BYU campus. These are available at access point labs and kiosks in most buildings. You can also find computers connected to the Web at most public libraries.

1. Log in to Route Y with your Net ID and password. This can be done from www.byu.edu or <http://ry.edu.byu>. (If you do not remember your Net ID, click the Route Y tab for instructions on how to proceed.) If you continue to experience problems with your Net ID and password, please contact the Registration Office at (801) 422-2824. Office hours are Monday through Friday from 8 a.m. to 5 p.m.
2. Once you have logged in, you will be on the Interchange page. Under the School column, select the AIM icon. When that page loads, select Registration and then Register for Classes.

Registration Information and Procedures

Are You Eligible to Register?

You are eligible to register for winter semester 2007 if you registered for and completed regular day school classes during fall semester 2006, or if you have been issued a valid letter of admission for winter semester 2007 by the Admissions Office.

Continuing BYU students can interrupt their studies for one semester (fall/winter) by submitting a Continuing Student Enrollment and Scholarship Deferment Application. Students wanting to serve an LDS mission can defer their admission status by submitting an LDS Mission Deferment Criteria Form. Both are available from the Admissions Office, A-183 ASB (801) 422-2507. Students who interrupt their studies for more than one semester (except missionaries) should contact the Admissions Office for the appropriate application materials.

Continuing degree-seeking graduate students are eligible if they have fulfilled the minimum registration requirements (6 hours per year) in the preceding academic year.

Students who graduate from BYU lose their eligibility and will not be allowed to continue to attend classes unless they have been admitted to a graduate or non-degree-seeking graduate program.

Do You Have Holds That May Block Your Registration?

The following holds will block your registration. Please check with the appropriate office for removal of the hold:

Academic Standards	Academic Support	(801) 422-2723
CAC and GE	Your college advisement center	(see inside front cover)
Collections		(801) 422-4104
Continuing Ecclesiastical Endorsement	Honor Code Office	(801) 422-2847
Financial (prior balance)	Student Financial Services Office	(801) 422-4104
Graduate Studies	Graduate Studies	(801) 422-4091
Loans	Student Financial Services	(801) 422-4104
	or Financial Aid Office	(801) 422-4104
University Standards	Honor Code Office	(801) 422-2847
Tuberculosis Test	Health Center	(801) 422-5134

Academic Standards

A student's academic standing is determined according to the grades the student earns at BYU.

College Advisement Center (CAC) Hold

The CAC hold targets students with special needs who will be required to seek assistance from their college advisement center before registering. Students with a CAC hold must visit their college advisement center and will be prevented from registering until the hold is cleared by the college advisement center.

Continuing Ecclesiastical Endorsement

All enrolled continuing, undergraduate, graduate, intern, or Study Abroad students are required to obtain a Continuing Student Ecclesiastical Endorsement for each new academic year. (See page 21 for further details.)

Financial (prior balance)

Past financial delinquencies must be cleared before a new registration may be commenced.

Graduate School

It is the responsibility of each graduate student to understand and follow both the specific department requirements and the general university requirements for graduate work.

Loans

Students' past due debts are referred to Student Financial Services for collection.

University Standards

Violation of the Honor Code will result in a hold being placed on a student's record. (See pages 19–21 for further details.)

How to Add Classes

Use the Web registration system to add classes. For winter semester your beginning registration time is determined according to your class standing or number of credit hours completed through summer term 2006. This "Priority Registration" begins with graduate students, then seniors, juniors, sophomores, continuing freshmen, newly admitted freshmen, and non-degree-seeking graduate students.

The registration system will be open to you from your beginning time, as indicated on the Registration Notice or on the Welcome page of Route Y, until midnight January 22. The registration system will not allow you to register before your assigned time.

Priority Registration Schedule

Credit Hours/Class Standing	Begin Registering	Credit Hours/Class Standing	Begin Registering
Grad. students and 145+	Monday, Oct 23, 2006	55+	Thursday, Nov 2
125+	Tuesday, Oct 24	45+	Friday, Nov 3
115+	Wednesday, Oct 25	35+	Monday, Nov 6
105+	Thursday, Oct 26	25+	Tuesday, Nov 7
95+	Friday, Oct 27	15+	Wednesday, Nov 8
85+	Monday, Oct 30	5+	Thursday, Nov 9
75+	Tuesday, Oct 31	<5, non-degree grads, and new students	Friday, Nov 10
65+	Wednesday, Nov 1		

During priority registration, if all sections of the course you want are full, and you must have this course this semester, use the raincheck option to be placed on the department list of students unable to enroll. Continue to monitor the course with the Web registration system in case students drop. A raincheck will not guarantee that you will be able to register for the class.

You may add classes from your beginning priority registration day until January 22. During this time some classes may be added using the Web registration system. Other classes require an add card with the instructor's signature.

Please be aware of the following when you are adding classes:

Maximum Hours per Semester or Term

Undergraduate students in good standing may register for as many as 18 credit hours in one semester (9 per term) by following the regular registration process. The college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 21 hours (11 per term). This approval is to be noted by the college advisement center on the add/drop card or indicated by an over-hours flag in AIM.

Auditing classes, registering for a class without receiving credit, or registering for Evening Classes constitutes a part of your total registration. Exception to the rules must be presented to: University Registrar, B-150 ASB, starting on the first day of instruction.

Official Enrollment

Students whose names are on the university class roll are officially registered. If your name is not on the class roll, you should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes the first day of classes. Other rolls, sent out during the second, third and eighth weeks, include the names of all students currently registered for that class.

Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) can only do so on an add/drop card during the first ten class days (six days of a block). Students must obtain the instructor's approval on a signed add/drop card. It is not possible to register for an audit class on the Web registration system. You are charged the same tuition for auditing classes as for taking classes for credit. Classes taken on an audit basis will not appear on your official records, are not considered when calculating financial aid and scholarship eligibility, will not be considered in calculating enrollment verifications, and do not fulfill the minimum registration requirement for graduate degree-seeking students. Students who are registered for credit and wish to change to audit must first drop the class. The class may then be added for audit during the add period only (first ten days of a semester, six days of a term).

Evening Classes and Salt Lake Center Classes

Daytime students taking courses through Evening Classes or the Salt Lake Center may register for the courses at the same time they register for day school. Please note that the Salt Lake Center sections are taught in Salt Lake City at 3760 S. Highland Dr., Suite 200.

Independent Study

Independent Study can provide scheduling flexibility and the convenience of taking university courses away from campus. You may register for courses any time during the year and take up to a year to finish each course. Tuition is \$130 per credit hour—this fee is not included in your regular BYU daytime tuition. Independent Study courses are indicated in the course list by the phrase "Offered by Independent Study." Many courses are now available by Internet, and new courses are continually being added. For further information and a free catalog, contact the Independent Study Office, 206 HCEB, Provo, UT 84602-1514, (801) 422-2868, or <http://elearn.byu.edu>.

NOTE: Unless you are a BYU student, Independent Study courses do not apply toward a BYU degree. Generally, Independent Study courses cannot be applied toward BYU graduate degrees. Contact Graduate Studies for more information (801) 422-4091.

How to Drop Classes

Winter classes can be dropped from your schedule using the Web registration system until midnight January 22. (Drop cards will also be accepted January 8–22 at One Stop, WSC. They can be obtained from the Registration Office, One Stop, academic department, or CAC offices.) **Note:** A student can be registered for more than one section of an R-suffix course and therefore must drop each unwanted section.

A W will be given for any class withdrawal January 23–February 12. To withdraw from a class, simply log into the Web registration system and select the W next to the class you'd like withdrawn. A pop-up message will inform you that a \$10 fee will be charged to your student account and a W will be placed on your transcript. Select Okay and you will be withdrawn. A W is an official withdrawal and means you registered for a class and did not officially withdraw before the tenth day of the semester/sixth day of a block. It does not figure into your GPA.

Withdrawal for nonacademic emergencies can be done February 12–April 4. Between these dates, if you encounter a nonacademic emergency, such as a serious accident or illness, which affects your performance in a class(es), you may petition to be withdrawn. It is the student's responsibility to obtain the necessary supporting information from the instructor, physician, employer, etc., to accompany the request. A committee will consider your request, which may or may not be approved. If you have experienced a nonacademic emergency, you may contact the Petitions Office, B-150 ASB (801) 422-6570, to discuss your options.

Discontinuance (Withdrawing from All Classes for the Semester)

What to do before classes begin (Until January 7)

Once you register for classes, you are officially enrolled and committed to attend. If you are not coming to school this semester, you must discontinue or drop your classes prior to the first day of school or they will remain on your record and **you will be charged tuition**. Classes may be dropped using the Web registration system until midnight of the day before classes begin.

What to do after classes begin (January 8–April 4)

On the first day of classes and thereafter you will need to contact the **Discontinuance** Office in B-150 ASB or call (801) 422-7705. Tuition will be charged starting the first day of classes to the date of discontinuance at the percentage rate listed in the Tuition and Fees section of this class schedule.

Warning: Discontinuance from winter semester will forfeit your eligibility to attend future semesters without reapplying through the Admissions Office. Continuing BYU students who interrupt their studies for one semester (fall or winter) only or who serve an LDS mission may request an admission deferment during their absence from the university. Call the Admissions Office, (801) 422-4104, for more information. Other students who interrupt their studies should contact the Admissions Office for the appropriate reapplication materials (see pages 8 and 22).

Adding and Dropping Information for Block Classes

Dates for First-Block Classes

Classes begin: January 8

Adding classes: Until January 22

Dropping classes:

Without a W: Until January 22

Withdraw with a W: January 23–25

Discontinue for nonacademic emergencies: January 26–February 12

Classes end: February 28

Dates for Second-Block Classes

Classes begin: March 1

Adding classes: Until March 8

Dropping classes:

Without a W: Until March 8

Withdraw with a W: March 9–19

Discontinue for nonacademic emergencies: March 20–April 4

Classes end: April 17

How to Obtain Enrollment Verification

Contact the Records Office, B-150 ASB, (801) 422-2631 for enrollment verification. An undergraduate student's enrollment status is determined by the number of credit hours taken, as follows:

Hours Enrolled		
Semester	Term	Enrollment Status
12+	6+	Full-time
9–11.5	4.5–5.5	Three-fourths
6–8.5	3–4	Half-time
.5–5.5	.5–2.5	Less than half-time

Audited courses do not count in total enrollment hours, but are charged tuition and fees. Graduate students should refer to the Graduate Education section of this class schedule.

Remember! Update Your Address Information

It is important that your mailing address be updated. This will help you receive university mailings in a timely manner. You can accomplish this by going to the BYU homepage (www.byu.edu), clicking on Route Y, then logging in and selecting Personal Information. The Registration Office, B-130 ASB, (801) 422-2824, will also be happy to help you with an address change.

Registration for Faculty, Staff, Administrative Personnel, and Their Spouses

(See University Personnel Tuition Policy in the University Electronic Handbook.)

Eligibility

Regular full-time faculty, staff, and administrative personnel may register for classes, up to a maximum of 6 credit hours per semester, and will not be required to pay tuition. During spring and summer terms, full-time personnel may take 3 credit hours per term or 4 in one and 2 in the other. This benefit is applicable to undergraduate and graduate tuition. To be eligible for tuition benefits during a given semester/term, individuals must be regular full-time personnel at the close of late registration for that semester/term. For their dependents to be eligible for tuition benefits, personnel must (a) be at least age thirty with one year of full-time service or (b) have completed five years of full-time service with the university. Eligible individuals must meet university admissions and registration requirements. **Personnel or dependents enrolled through day school (registration eligibility: DC—day-continuing) who withdraw from all classes in a semester/term are required to do so through the Discontinuance Office, B-150 ASB. Part-time, adjunct, on-call, or temporary personnel and their dependents (spouse and children) are not eligible for tuition benefits.**

Daytime Classes

Written approval is required for personnel taking classes during daytime hours (7:00 a.m.–5:00 p.m. and/or TBA). This includes thesis hours and audited classes. The Request for Daytime Class Attendance form can be obtained at the Benefits Office, D-240 ASB, or the Benefits Office Web site (www.byu.edu/hr/benefits/forms). Please register for classes before submitting your completed form to the Benefits Office. You are required to submit a separate form for each semester/term in which you take daytime classes. The tuition benefit will not be paid until the completed form is received and processed by the Benefits Office.

Evening Classes

Eligible personnel and spouses who wish to register for evening classes only, and whose registration eligibility is *not* DC—day-continuing, should contact the Evening Classes Office, 122 HCEB, (801) 422-2872. To receive the tuition benefit for evening classes, a completed Clearance to Register Form and current BYU ID must be presented to the Evening Classes Office. Personnel registering for evening classes (section type: evening) beginning before 5:00 p.m. must also complete a Request for Daytime Class Attendance form (see Daytime Classes above) and submit it to the Benefits Office, D-240 ASB, for the tuition benefit to be paid. Personnel and spouses withdrawing (discontinuing) from all courses in Evening Classes are required to do so through the Evening Classes Office. A \$10 fee is charged to the individual for discontinuing after registration has been finalized.

Audit

Eligible personnel and spouses who *only* audit daytime and/or evening classes, and whose registration eligibility is *not* DC—day-continuing, should contact the Evening Classes Office, 122 HCEB, (801) 422-2872, for auditing procedures. Audited classes will not appear on official records; however, the credit hours listed with classes that are audited, as well as Conferences and Workshops courses, will count toward the semester/term credit-hour limits (see Eligibility above). Employees who audit classes during daytime hours (7:00 a.m.–5:00 p.m. and/or TBA) must also complete a Request for Daytime Class Attendance form (see Daytime Classes above) and submit it to the Benefits Office, D-240 ASB, for the tuition benefit to be paid. Audited classes do not count toward the minimum required credits for financial aid and scholarships.

Spouses

There are no credit-hour limitations for eligible spouses. However, in the event a spouse is taking classes and is then hired full-time by the university, the individual's "personnel" status supersedes the "spouse" status, and the tuition benefits/limitations (see Eligibility above) are then administered accordingly.

Tuition Taxation

In some cases the IRS considers graduate tuition for spouses to be noncash taxable income. Each semester/term in which an eligible spouse is enrolled in a graduate degree-seeking program and is taking graduate classes, the employee is required to complete a Tuition Taxation Form for Spouses Taking Graduate Classes. The form can be obtained from the Benefits Office, D-240 ASB, or the Benefits Office Web site (www.byu.edu/hr/benefits/forms). The tuition benefit will not be paid until the completed form is received and processed by the Benefits Office.

Tuition and Fees

One of the nation's largest private universities, BYU is owned and operated by The Church of Jesus Christ of Latter-day Saints. A significant portion of the cost of operating the university is paid from the tithes of the Church members. Because of this, members already have made a monetary contribution to the operation of the university. To equalize this cost, nonmembers are assessed higher tuition, a practice similar in principle to that of state universities charging higher tuition to nonresidents. This higher tuition still does not cover the total educational cost.

Once students register for classes, they are officially enrolled and committed to attend. Registered students who decide not to attend must withdraw from classes prior to the first day of classes to avoid a tuition charge. Classes may be dropped using the Web registration system (i.e., by dropping each class) until midnight mountain time of the day before the first day of classes. Beginning the first day of classes and thereafter, students will need to contact the Discontinuance Office (B-150 ASB, 801 422-7705). If classes are not dropped, they will remain on the student's records and the student **will be charged tuition**. Tuition will be charged from the first day of classes to the date of discontinuance at the percentage rate listed under Tuition Refunds/Charges—Discontinuance.

Tuition and class fees are due and payable beginning the second day of class and are considered late if not paid by the registration add deadline (tenth day of class for a semester, sixth day of class for a term). If you fail to meet the tuition (registration add) deadline, you will be assessed a late fee (\$90 per semester, \$45 per term). You will be assessed a late tuition fee if you pay less than full-time tuition by the deadline and are then enrolled or later become enrolled for more than 11.5 credit hours per semester or 5.5 credit hours per term. Students whose tuition check is dishonored by the bank will be charged the late fee in effect at the time the check is redeemed.

Past financial delinquencies must be cleared before a new registration may be commenced. Students who anticipate receiving financial aid will be held responsible to pay tuition charges before the registration add deadline whether or not financial aid is available or forfeited. Also, students receiving financial aid that is less than the tuition due must pay the difference by the registration add deadline to avoid a late fee.

A tuition billing statement will not be mailed; however, one can be obtained by logging into Route Y and clicking My Financial Account and then Tuition Billing Statement. A reminder will be e-mailed to all students who are registered for at least one class. **Whether or**

not the student receives a reminder, it is the student's responsibility to pay tuition by the registration add deadline to avoid a late tuition fee.

For an explanation of tuition payment options, go to <http://saas.byu.edu/tuition/payment.aspx>.

The charge for noncredit courses or for audited courses is the same as for credit courses. Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, 3 hours of lecture a week are considered 3 semester hours and are charged for accordingly. Therefore, students taking 10 credit hours during a semester (or 4 credit hours during a term) plus a noncredit class involving 2 or more lecture hours per week, would be considered full-time students for tuition assessment. However, noncredit courses do not count for federal Pell Grant, federal Stafford Loan, or scholarship eligibility. For courses in which no lecture hours are involved—for example, dissertations and theses—tuition and fees are charged based on hours being carried during the semester, as determined by the supervising professor.

Graduate students (for tuition assessment) are those who have received their first bachelor's degree, or will have received it by the beginning of the semester for which they are registering, and are not students of the Law School or the Graduate School of Management. Please be aware that tuition bills may be processed before graduate status is updated. Graduate students are responsible to pay graduate tuition regardless of the status declared on their tuition bill.

Full-time status (for tuition assessment) for all undergraduate students is registration for 12 or more credit hours per semester or 6 or more credit hours per term. For graduate students, full-time status is registration for 8.5 or more credit hours per semester or 4.5 or more credit hours per term.

Three-quarter-time status (for tuition assessment) for undergraduate students is registration for 9 to 11.5 credit hours per semester or 4.5 to 5.5 credit hours per term. Enrollment as a three-quarter-time student does not entitle the student to physical education suit and facility privileges.

Part-time status (for tuition assessment) for all undergraduate students is registration for 0.5 to 8.5 credit hours per semester or 0.5 to 4 credit hours per term. Enrollment as a part-time undergraduate student does not entitle the student to health insurance, student activity privileges, or physical education suit and facility privileges.

The university reserves the right to change these figures without notice. Questions regarding fee assessment should be referred to Student Financial Services.

Tuition and General Fees Per Semester

Undergraduate Students	LDS	Non-LDS
Full-time (12 or more credit hours)	\$ 1,810	\$ 3,620
Three-fourths time (9–11.5 credit hours)	\$1,740	\$3,495
Half-time (8.5 credit hours or less) per credit hour	\$185	\$371
Graduate Students	LDS	Non-LDS
Full-time (8.5 or more credit hours)	\$ 2,290	\$ 4,580
Part-time per credit hour	\$255	\$509
Graduate School of Management Students and Law School Students	LDS	Non-LDS
Full-time (8.5 or more credit hours)	\$ 4,100	\$ 8,200
Part-time per credit hour	\$455	\$910

Tuition will be assessed per half-credit hour. Minimum tuition charged will be \$93. The charge for noncredit courses or for auditing courses is the same as when taking them for credit.

Late Tuition Fee

Beginning **January 23** \$90
Tuition and class fees are due and payable beginning the second day of class (January 9 2007). A late tuition fee will be assessed to all students who fail to pay tuition by the registration add/drop deadline (**January 22**, 2007). The late fee will also be assessed to students who pay less than full-time tuition by the **January 22** deadline and are then or later become registered full time.

Any student whose tuition check is not honored by the bank will be charged the late tuition fee.

Tuition Adjustments—Change in Credit Hours

After the semester begins, a part-time student who increases the number of credit hours and remains a part-time student must pay for these additional hours **by the last day to add classes**. If this is not done, a late fee will be assessed. A change to three-fourths or full-time status requires that additional tuition be paid by **January 22** to avoid paying the late fee.

A full-time student dropping to part time or a part-time student who decreases credit hours may be entitled to a tuition refund. A refund request must be initiated by the student through the Financial Services Office, D-155 ASB. A full refund of the difference between full-time assessment and part-time assessment will be allowed through **January 22**. Refunds for courses dropped after that date will be subject to the refund schedule listed under Tuition Refunds/Charges—Discontinuance.

Tuition Refunds/Charges—Discontinuance

Both full-time and part-time students who discontinue school will be charged tuition from the first day of classes until the date of discontinuance. A refund is based on the date they report their discontinuance to the Discontinuance Office, B-150 ASB, telephone (801) 422-7705. The following rates apply:

Discontinuance	Tuition Charged	Refund of Tuition Paid
Before Jan 8	None	100%
Jan 8–12	10%	90%
Jan 16–19	15%	85%
Jan 22–26	20%	80%
Jan 29–Feb 2	25%	75%
Feb 5–9	30%	70%
Feb 12–16	35%	65%
Feb 20–23	40%	60%
Feb 26–Mar 2	45%	55%
Mar 5–9	50%	50%
Mar 12–16	55%	45%
After Mar 16	100%	None

A refund due because of discontinuance from school will be processed approximately two weeks from the date of **discontinuance**. Refunds due to students who have a Federal Pell Grant and/or Federal Stafford/PLUS Loan will be returned to the lending agency and/or the Pell Grant Program. Contact Student Financial Services, D-155 ASB, (801) 422-4104, for specific information.

A petition for exception to the refund schedule will be considered for students forced to discontinue because of circumstances that are beyond their control. These circumstances include death in the immediate family, life-threatening situations, medical incapacitation, a university error, military leave, etc. Students should not submit petitions based on ignorance of university policies and procedures. These will be denied. Petition forms are in D-148 ASB.

Student Teaching/Practicum Fees

Fingerprint Fee

Students in teacher education must be fingerprinted and pass a background check prior to starting practicum experiences with K–12 students. Fees for fingerprinting and background checks are set by the Utah State Office of Education and are listed on the Education Advisement Center Web site: education.byu.edu/eac.

Licensure Fee

Students who meet all program requirements qualify for a Level 1 teaching license in Utah. Fees for licensure are due with the student teaching application. Licensure fees are set by the Utah State Office of Education and are listed on the Office of Field Services Web site: <http://education.byu.edu/fieldservices>.

Parking Fees and Information

www.parking.byu.edu or www.police.byu.edu

Motor Vehicles

Parking permits are required to park on campus. To obtain a permit, log in to Route Y and proceed under Parking Registration; or bring the following to the Parking and Traffic Office:

1. Current vehicle registration.
2. BYU identification card.

G, Y, C, and motorcycle/moped parking permits expire September 15th of each year.

Bicycles

Bicycles must be licensed within Utah County. Provo City licenses cost \$1 at the Parking and Traffic Services Building or at the Provo Police Department. Bicyclists must:

1. Always park bicycles in racks.
2. Never ride on sidewalks during class breaks.
3. Yield to pedestrians.
4. Obey all traffic rules.

Bicycles not parked in racks will be impounded. BYU will not be responsible for cut locks, chains, or cables. Cutting locks, chains, or cables is authorized only when uniformed police or traffic personnel are present.

Other Regulations and Information

Replacement permits will only be issued when the current valid permit is returned, regardless of car accident, windshield replacement, or selling of vehicle.

Neighborhoods adjoining campus are sometimes inundated with parked vehicles. Students are encouraged to obtain BYU parking permits and to park in university parking lots authorized by the permit.

Traffic regulation information may be obtained from Parking and Traffic Services. It is the responsibility of all students, faculty, and staff members to obey all traffic rules and regulations.

Questions may be directed to Parking and Traffic Services personnel at (801) 422-3906, www.parking.byu.edu or www.police.byu.edu.

Parking and Traffic Violation Fines \$5–\$300

Appeals must be made within fourteen calendar days of the citation issue date. Otherwise the opportunity to appeal is forfeited. Individuals receiving seven or more citations in a twelve-month period (whether paid or unpaid) will have their driving and parking privileges revoked.

Records Fees

Search fee (duplicate receipt)	\$1
Transcript fee (per copy—pay at Records Office)	\$2

Health Insurance Requirement

BYU requires all three-quarter- and full-time students (9 credit hours or more for a semester; 4.5 credit hours for a term, including Salt Lake Center hours) to carry adequate medical insurance. This applies through the academic year, including students taking a semester or term off. All participants in groups on tour, Study Abroad, or internships are also required to carry adequate medical insurance.

Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by an employer or a spouse's or parent's employer. We recommend that any private medical insurance plan should:

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than \$500; and
- have an annual plan limit of no less than \$25,000.

Three-quarter- or full-time students must enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage when first enrolling at BYU and prior to the beginning of fall semester each year thereafter. Students who do not provide proof of private insurance via the Web to the BYU Health Plan Office will be automatically enrolled in and assessed the appropriate premium (single or married student rate) for the BYU Student Health Plan. The health plan premium will be charged to the student's account; payment is due by the tuition payment deadline each semester and term.

As an accommodation for disability, and with approval from the Office of Services for Students with Disabilities, a student may be eligible for the Student Health Plan with fewer than 9 semester hours or 4.5 term hours.

Debt Collection Fees

Students' past-due debts are referred to Student Financial Services for collection, and a reasonable collection fee is added to the student's account. If BYU is unable to collect the debt within a reasonable time, the debt may be referred to an outside collection agency and/or attorney for collection. All collection costs, including BYU's collection fee and any collection agency fees and/or attorney fees and court costs, will be added to the student's debt and must be paid in full before the university will release the financial hold on the student's transcript, allow the student to register, or consider the student for readmission. Also, the student's eligibility for graduating and participating in graduation ceremonies and/or having their diploma released may be delayed or denied.

Introduction to the Undergraduate Degree

There are three formal components to the baccalaureate at Brigham Young University: religious education, general education, and education in a major. Of these, the first two constitute the university core. In accordance with *The Aims of a BYU Education*, each of the three components complements the others. They are not partitioned off from one another; none claims preeminence; together they comprise a whole, a harmony.

The relationship between the university core and the major will vary in any given year according to the competing demands upon the student's attention. However, students should strive to develop their programs in such a way that a lively interrelationship between the university core and the major, in which each nourishes and informs the other, is pursued over the entire undergraduate experience. For a fuller description of each of these components—their underlying philosophy, objectives, and details—please see the University Core and Major sections of the current BYU Undergraduate Catalog (http://ar.byu.edu/catalog/ugrad_catalog.html).

University Core: Religious Education

Religious Education administers and offers courses in ancient and modern scripture, Church history and doctrine, and related subjects. Religion courses—both Doctrinal Foundation and Religion Electives—are provided so that students may progress in their religious understanding and convictions simultaneously with their educational progress in secular fields. As such, religion courses are not meant to be a mere devotional supplement, but an integral part of the university curriculum that parallels university standards and expectations. As a result, **no more than 4 hours of religion credit per semester may be counted toward the religion hours at BYU requirement.** For this purpose, spring and summer terms combined equal a single semester.

BYU students are expected to complete 14 hours of religion courses **at the BYU campus.** All students must complete the Doctrinal Foundation requirement of the university core as follows: Book of Mormon (RelA 121/H and 122/H), New Testament (RelA 211/H or 212/H, or a Jerusalem Center course: RelA 111, 200, 310, or 311), and Doctrine and Covenants (RelC 324/H or 325/H). In addition to the Doctrinal Foundation requirement, students must complete 6 elective hours of religion courses **at the BYU campus.**

Religion courses taken from LDS institutes of religion (including stake institute) or Church Educational System schools (BYU–Idaho or BYU–Hawaii) **will not**

fulfill the “religion courses taken at BYU” requirement. **Only religion hours taken at the BYU campus (including the BYU–Salt Lake Center and approved BYU Independent Study courses) will fulfill this requirement.**

All returned missionaries taking the Book of Mormon (RelA 121 or 122) must enroll in sections designated for returned missionaries.

Students who are **not LDS** are strongly encouraged to enroll in RelC 100, Introduction to Mormonism, during their first semester in residence. RelC 100 may be used to fill either the New Testament or Doctrine and Covenants requirement.

Transfer Credit

Students with transfer credit must fulfill the religion requirements according to the table below.

Total Hours Transferred to BYU	Minimum Religion Hours to Take at BYU	Doctrinal Foundation Courses Required for Graduation
0–14.9	14	Book of Mormon (RelA 121 and 122), Doctrine and Covenants (RelC 324 or 325) New Testament (RelA 111 or 200 or 211 or 212 or 310 or 311),
15–29.9	12	
30–44.9	10	
45–59.9	8	
60–74.9	6	Book of Mormon (RelA 121 and 122), Doctrine and Covenants (RelC 324 or 325)
75–89.9	4*	
90 or more	2*	Book of Mormon (RelA 121 and 122)
*More credits may be needed if the Doctrinal Foundation requirement has not been completed.		

For more detailed information concerning religion requirements and to view the most accurate listing of religion courses, please refer to the current undergraduate catalog or class schedule. You may also wish to visit <http://religion.byu.edu> at your convenience.

University Core: General Education

General education joins with religious education to make *university* education different from specialized vocational training. It builds a foundation for intellectual development; it increases our understanding of civilization—of humankind's most valuable knowledge and achievements in the arts, letters, and sciences. General education teaches us the importance of critical thinking, an awareness of the past, aesthetic sensibility, and moral judgment. These, together with the training provided in verbal and quantitative skills, in manipulating symbolic systems, help prepare us for a lifetime of learning, effective communication, responsible action, forming and judging arguments, and appreciating and creating the good and the beautiful.

Modifications in general education, effective fall 2004, have been made in an effort to achieve closer alignment with the *Aims of a BYU Education* and to assure that each student develops valuable skills and breadth in fundamental areas of human knowledge. All students who receive undergraduate degrees from BYU are required to complete the new GE requirements as outlined below, except those students who have taken classes at BYU before fall semester 2004. These latter students may complete either the new university core program or the previous GE program and religion requirements. Information on the previous GE program can be obtained in the college advisement centers. Students completing requirements under the previous GE program must do so before fall semester 2008. For details on completing the previous GE program, see the GE Summary table in the winter 2004 class schedule or http://saas.byu.edu/depts/registration/univ_core.aspx.

Selection and Timing of GE Classes

Each GE requirement is completed by taking one course or a combination of courses chosen from the approved list in the table below. Single-course options are most often designed for students whose major is topically distant from the requirement. On the other hand, combination-of-course options are often designed for majors related to the requirement and may include courses a student might take to satisfy a major or minor requirement. Students should carefully consider which option best meets their educational needs. Students are urged to consult their college advisement center when planning their classes.

Occasionally it is possible to complete more than one GE requirement with a single course. For example, Civilization 202 courses are typically labeled either “ARTS” for arts-focused, “LTRS” for letters-focused, or “GCA” for global and cultural awareness-focused. A Civilization 202 (ARTS) course can be used to complete both the Civilization 2 requirement and the Arts requirement; a Civilization 202 (LTRS)

course can be used to complete both the Civilization 2 requirement and the Letters requirement; and a Civilization 202 (GCA) course can be used to complete both the Civilization 2 requirement and the Global and Cultural Awareness requirement. Students are encouraged to use such “double-counting” sparingly—the more GE courses a student takes, the greater the breadth and value of the overall educational experience.

Not all courses listed in the table are appropriate for all students. For instance, some have prerequisites, some are upper-division courses, and some are designed primarily for certain majors. These courses are labeled in the university core table as either “has prerequisite” or “not for all students.” Students should avoid registering for courses for which they are not academically prepared and should consult with the class instructor if they are unsure.

To gain approval to meet a GE requirement, a course is subjected to a rigorous evaluation. Such approval is not granted lightly, and students should ensure that the courses they select are, in fact, *approved* for GE credit. This information is updated each semester/term and published in the current class schedule.

All new students should complete First-Year Writing and the two Book of Mormon classes during their freshman year. First-Year Writing may be taken in either semester of the first year. Students with an ACT math subscore below 22 also need to fill the Quantitative Reasoning requirement in their first year. It is likewise recommended that *all* new students begin work in the Mathematics or Foreign Language options under Languages of Learning.

Students planning to satisfy the Scientific Principles and Reasoning requirements in Biological or Physical Science with the one-course options (e.g., Biol 100, Phys 100) should also complete these, along with American Heritage, during their first two years, making some progress on them during their first year. Civilization courses are designed as sophomore-level courses, although some programs include them during the freshman year. Advice as to when to complete the other GE requirements can be obtained at college advisement centers or department offices.

University Core and the Honors Program

The Honors Program offers a number of courses that satisfy both university core and Honors requirements. These courses provide a deeper, more intense exposure to the subject matter for the student who is interested in a challenging experience. Departmental courses taught in both non-Honors and Honors sections are designated “/H” in the table of courses below. Courses offered by the Honors program are designated Honrs. Additional information concerning

honors courses may be obtained from the Honors Advisement Center, 102-A MSRB, (801) 422-5497, or by consulting the "University Honors Program Course Guide."

Ways to Complete GE Requirements Other Than by Course Work

In addition to taking approved courses, students may satisfy individual GE requirements within the university core by: (1) transferring acceptable credit from other academic institutions; (2) receiving credit from Advanced Placement (AP) and International Baccalaureate (IB) examinations; or (3) passing exemption or challenge examinations offered for some classes at the university.

Transfer Credit

The application of transfer credit to GE requirements is handled by the Admissions Office, A-183 ASB, (801) 422-2500. Articulation agreements have been reached with several junior and community colleges to facilitate the transfer process for students who have completed certain associate degrees. Contact the Admissions Office for up-to-date information regarding the status of those agreements with other institutions.

Advanced Placement and International Baccalaureate Credit

The results of some Advanced Placement (AP) and International Baccalaureate (IB) exams may be used to satisfy certain GE requirements and to obtain general university credit. AP or IB credit posted to a transfer institution will be evaluated based on BYU's standards rather than those of the transfer institution. Contact the School Relations Office, A-209 ASB, (801) 422-5000, for details regarding credit hours and exemption from GE requirements for both AP and IB exams.

Note: College Level Examination Program—BYU stopped giving credit for general exams in 2000. At this time, BYU does not give credit for subject exams either. CLEP credit posted to another institution's transcript is reevaluated based on BYU's standards.

Exemption and Challenge Examinations

Some requirements can be accomplished by successfully completing an examination. Two types of examinations are available: the exemption exam and the challenge exam. The primary difference between an exemption exam and a challenge exam is that an exemption exam is used exclusively to fulfill a general education requirement. No academic credit or letter grade is posted to the transcript. The challenge exam, however, is not restricted to GE courses, and academic credit and a letter grade may be posted to the transcript if the student so chooses. A student may take an exemption or challenge exam for a single course

only once during each semester or term. Students do not have to be enrolled in a course to take an exemption or challenge exam. However, some of the exams are given early enough each semester/term so that students who are enrolled and pass the exam may drop the course. Students not enrolled in a course have an opportunity to take the challenge or exemption exams offered at the Testing Center. Please consult the table on page 11 for specific exam dates.

Exemption Exams: No Credit or Grade

Exemption exams are offered for select general education courses only. Although passing an exam completes the GE requirement, it does not earn academic credit or a letter grade and does not appear on the transcript. Exemption exams are given in the Testing Center on the dates shown on the table that follows. A fee payable at the Testing Center is required for the exams. A passing score on an exemption exam is reflected on the progress report as fulfilling the requirement. However, no academic credit will be posted on the transcript of grades. The procedure to take an exam and request exemption from a course follows.

Challenge Exams: Graded Credit

Only students who have completed at least one course at BYU through day or evening school or the Salt Lake Center are eligible for the challenge examination option. Students currently enrolled are eligible to take the exam, but the credit will not be posted to the transcript until the other BYU credit and grades are posted. Students who are suspended or dismissed from the university are not eligible to challenge courses. Students who are suspended or dismissed may not have challenge examination credit posted to their record even if the examination was taken prior to the suspension or dismissal.

Once students have graduated, they are not eligible for challenging any additional credit at BYU unless it is specific to the graduate program to which the students have been admitted. (See current BYU Graduate Catalog for information on how to challenge graduate courses.)

A challenge exam may or may not be offered for a course at the discretion of the department. Passing a challenge exam earns credit and a letter grade for the course, which appears on the transcript if the student elects to accept the grade. Challenge exams are not restricted to general education courses. Some challenge exams are offered in the Testing Center, and others are arranged through the department offering the course. Departments reserve the right to decide which courses may be challenged by examination. A fee payable at the Testing Center is charged for exams offered in the Testing Center. A fee payable at Student Financial Services, D-155 ASB, is required for exams that are offered through individual departments. **Check with the department to see if the exam is offered in**

the department or in the Testing Center. To earn academic credit and a letter grade for the course, the student must submit a Challenge Examination Form, provided by the Testing Center or the department, to the Records Office, B-150 ASB. No additional fees are charged to post credits to the transcript. The student's transcript and grade-point average reflect the grade earned on the exam. The procedure to take exams and request academic credit follows.

Procedure for Exemption and Challenge Exams Given at the Testing Center

A. Procedure for Exemption Exams

1. Contact the appropriate academic department for exam procedure and content before going to the Testing Center.
2. Go to the Testing Center (265 HGB) on one of the examination dates listed on page 11.
3. Pay the required fee at the Testing Center.
4. If you are enrolled in the course when you pass its exemption exam, you **must** also complete an Add/Drop Card and drop the course. Students who drop the class after the *add deadline* (ten class days after a semester starts or six class days after a term starts) will receive a W on their transcript for dropping the course, and their progress report will reflect fulfillment of the GE requirement. If the exempted course is not *officially* dropped before the drop deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

Note: If you pass an exemption exam at the Testing Center, your progress report will be updated automatically at the end of the semester. Please retain your score report for your records.

B. Procedure for Challenge Exams Given at the Testing Center

1. Contact the appropriate academic department for exam procedure and content before going to the Testing Center.
2. Go to the Testing Center (265 HGB) on one of the examination dates listed on page 11.
3. Pay the required fee at the Testing Center.
4. After the exam is graded, if you choose to receive graded credit, obtain a Challenge Examination Form at the Testing Center and have it validated there. To accept the grade and receive credit for the course, you must sign the Challenge Examination Form and obtain the signature of the examiner (at the Testing Center). The Testing Center sends the form to the Records Office, B-150 ASB, within one month from the date the exam is taken.

Graded credit will be added to your official university transcript, and the progress report will show any GE requirement as fulfilled. (Students taking the Physical Science exam may take the grade or an exemption if their score is 75 percent or above. If their score is between 60 and 74 percent, then they may receive graded credit.)

5. If you are enrolled in the course when you pass its challenge exam, you **must** also complete an Add/Drop Card and drop the course. Students who drop the class after the *add deadline* (ten class days after a semester starts or six class days after a term starts) will receive a W on their transcript for dropping the course, and their progress report will reflect fulfillment of any GE requirement. If the course is not *officially* dropped before the drop deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

Procedure for Challenge Examinations Not Given at the Testing Center

- A. Whether or not you are enrolled in the course you are challenging:
 1. Complete the Challenge Examination Form available from the department.
 2. Arrange with the department to take the exam.
 3. Pay the required testing fee at Student Financial Services, D-155 ASB, and have the form validated there (\$20 fee per course except for the language exams).
 4. Present the validated form to the department examiner.
 5. Have the grade and credit recorded on the form by the examiner and obtain the necessary departmental signatures.
 6. The department will submit the completed form to the Records Office, B-150 ASB, within one month from the date the exam is taken.
- B. If you are enrolled in the course when you pass its challenge exam, you **must** also complete an Add/Drop Card and drop the course. Students who drop the class after the *drop deadline* (ten class days after a semester starts or six class days after a term starts) will receive a W on their transcript for dropping the course, and their progress report will reflect fulfillment of the GE requirement. If the course is not *officially* dropped, the grade given by the instructor based on class performance will appear on the transcript of grades.

Schedule of Exemption and Challenge Examinations Given in the Testing Center

The Testing Center, 265 HGB, offers special examinations for some GE classes on the dates noted below. Please contact the appropriate academic department for specific exam information before going to the Testing Center.

How Do You Get Help with Specific Questions Concerning General Education?

The essential information concerning general education is found in the University Core section of the current BYU Undergraduate Catalog. Additional, late-breaking information, plus advice about general education requirements can be obtained from your college advisement center. The eleven college advisement centers, together with the University Advisement Center, 2500 WSC, provide assistance with registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of academic life.

Computer terminals are available in the advisement centers and other locations on campus to provide you with an up-to-date report of your academic status. To access your progress report, log into Route Y, select the AIM icon, then Student, then Student Academic Record, and click the Progress Report link. This will generate a personalized report that includes a list of GE requirements you have completed.

Major Education

Brigham Young University students are expected to develop competence in at least one area of concentration. Such competence is acquired through in-depth study in an area referred to as the major. Through the major requirements students encounter a rigorous, coherent, and progressively more sophisticated program of study. Such study is intrinsically valuable, and it prepares students to enter the world of work or to pursue further study. By the time they graduate, students should have a grasp of their discipline's essential knowledge and skills and thus be able to compete in and contribute to the larger world outside the university.

BYU offers approximately 150 undergraduate major programs. Most of these programs are centered in the more than 50 academic departments, but several interdisciplinary programs are also available. The complete list of these degrees is given in the BYU Undergraduate Catalog under the heading Alphabetical List of Undergraduate Majors at BYU. Of the 120 credit hours required as a minimum for the baccalaureate degree, the major program typically comprises between 40 and 60 credit hours, although some exceed 60 credit hours. Requirements for major programs are detailed under specific departments in the catalog.

Students need not feel undue pressure to declare a major immediately upon entering the university, and they may wish to enroll in general education courses that can introduce them to possible areas for major study. However, some majors, including those in the natural sciences, engineering, music, and visual arts, are tightly structured. Efficient graduation from these programs requires students to undertake degree requirements during the first semester of their freshman year. Students who are considering these programs are encouraged to begin them as soon as possible. The academic departments and college advisement centers can provide advice about particular degree requirements and selecting a major.

The University Core (GE + Religion) Detailed Options—Winter 2007

Please read the Components of the Undergraduate Degree section of this class schedule *before* considering the list of courses to complete these requirements.

Note 1: The courses listed on the following table are subject to change each semester. Some general education (GE) courses listed have approval on a trial basis and may be removed from the list at a later date. Please consult a current class schedule each semester/term to ensure that the class you take is still approved for GE. Some requirements can also be satisfied with AP or IB exam credit. Check with the School Relations Office, A-209 ASB, (801) 422-5000, for current mapping of AP/IB exams.

Note 2: Courses that include honors sections are followed by /H.

Note 3: For details on completing the previous GE program, see the previous GE Program Summary table in the winter 2004 class schedule.

The University Core: Summary

To complete the University Core, you must satisfy each of the 18 requirements listed below. Each can be completed by taking one course or a combination of courses. In some cases, you may satisfy the requirement in other ways: AP; competency exams; or, in the case of Quantitative Reasoning, ACT or SAT score. Furthermore, in some cases a single course may complete two requirements (double count). Courses marked in bold are especially recommended for freshman students. See the University Core Detailed Options Table (beginning at right) for details.

1. **Book of Mormon** (take 2-course sequence)
2. *New Testament* (take 1 course)
3. *Doctrine and Covenants* (take 1 course)
4. *Wellness* (take 1 course **or** 3-course combination)
5. **American Heritage** (take 1 course **or** 2-course combination)
6. *Global and Cultural Awareness* (take 1 course **or** 2-course combination; tagged courses in detailed table below may double-count to also complete the *Languages of Learning or Arts or Letters or Civilization 2* requirement)
7. **First-Year Writing** (take 1 course **or** AP—see detailed table below)
8. *Advanced Writing and Oral Communication* (take 1 course **or** 2-course combination)
9. **Quantitative Reasoning** (take 1 course **or** ACT/SAT option—see detailed table below)
10. *Languages of Learning* (Math option: take 1 course; Foreign Language option: take courses up to the culminating course)
11. *Civilization 1* (take 1 course)
12. *Civilization 2* (take 1 course; tagged courses may double-count to complete *Arts or Letters or Global and Cultural Awareness*)
13. *Arts* (take 1 course or combination of courses; tagged courses may double-count to complete *Civilization 2 or Global and Cultural Awareness*)
14. *Letters* (take 1 course; tagged courses may double-count to complete *Civilization 2 or Global and Cultural Awareness*)
15. *Biological Science* (take 1 course **or** 2-course combination)
16. *Physical Science* (take 1 course **or** 2-course combination)
17. *Social Science* (take 1 course)
18. *Religion Electives* (take 3–4 courses)

Open Electives (take other courses to round out your education—required only if students need classes to complete the 120 hours for graduation)

Although the time to complete GE requirements varies according to the major, all new students should complete the First-Year Writing and the two Book of Mormon classes during their freshman year. First-Year Writing may be taken in either semester of the first-year. It is also recommended that students who, because of an ACT math subscore below 22, need to fill the Quantitative Reasoning requirement, do so in their first year, and that all new students begin work in the mathematics or foreign language options under Languages of Learning.

Students planning to satisfy the Scientific Principles and Reasoning/Biological Science, /Physical Science requirements with the one-course options (e.g., Biol 100, PhyS 100) should also complete these, along with American Heritage, during their first two years, making some progress on them in their first year. Civilization courses are designed as sophomore-level courses, although some programs include them during the freshman year. Advice as to when to complete the other GE requirements can be obtained at college advisement centers or department offices.

The student is responsible to see that this is posted to the progress report through the college advisement center.</i></p> <p>Students may also complete the Global and Cultural Awareness requirement through a designated Study Abroad, International Internship, or service learning experience of at least one semester's duration that involves working with people outside one's own culture. This option requires a reflection paper, which should be of the same high quality as a class term paper, reflecting the student's best writing. The paper should be at least seven pages of typed double-spaced text, plus title page, references, and any relevant tables or figures. Substandard papers will not be accepted. The paper should be submitted first to the faculty member in charge of the program. Once the faculty member is satisfied with the paper as being of sufficiently high quality to merit GE credit, the paper and cover memo from the faculty member should then be submitted to the Office of General Education, 350 MSRB, for GE clearance.</p>

<p>Note: For less commonly taught languages, look for a FLang 330R course taught in that language. For information on the availability of additional language courses, please contact the Center for Language Studies, (801) 422-1201. Occasionally insufficient enrollment may preclude the offering of a culminating course in a less commonly taught language. In such cases the center will offer FLang 330R as an Independent Study course. To receive graded credit for the lower-division courses covered by the foreign language challenge exam, students must take the challenge exam while they are enrolled in FLang 330R. This is a requirement regardless of whether the student is enrolled in a regular FLang 330R course or is taking the course through Independent Study. In all FLang 330 courses, the challenge exams will be scheduled by the Center for Language Studies and will be administered during the course.</p>		
<p>*Students completing the BM degree or BFA in music dance theatre meet this requirement through a music theory sequence culminating in, for the BM, Music 301, Survey of Music Literature; and, for the BFA, Music 300 + Dance 300 + TMA 300, History of Music Dance Theatre.</p>

CORE ENRICHMENT: ELECTIVES**RELIGION ELECTIVES****

From three to four courses (6 elective religion hours required).

OPEN ELECTIVES

Courses chosen from various disciplines to round out the student's education. Required only if students need classes to complete the 120 hours for graduation.

Total hours: Total required religion hours 14; the total required hours in general education may vary from 31.5 to 72 depending upon tracks chosen by students or as a result of departmental requirements.

/H indicates that there are also honors sections of the departmental course; Honrs refers to courses taught only in the Honors Program.

*A course designated "not for all students" is not targeted for all students; it may have limited enrollment or be designed only or primarily for certain majors. If you have questions about registering for this course, please consult the instructor or college advisement center.

**Because regular gospel study should be a continuous part of a student's university experience, it would be ideal to take one religion class each semester of enrollment. No more than 4 hours of religion credit per semester (spring/summer terms count as one semester) may be counted toward the required minimum hours to be taken at BYU.

Note: For details on completing the previous GE program, see the previous GE Program Summary table in the winter 2004 class schedule.

Brigham Young University Honors Program

Participation in Honors

The Honors Program provides an unusually rich and challenging experience for capable and motivated undergraduate students. Its purpose is to assist students as they establish lifelong patterns of learning and appreciation of the world's great treasures of knowledge. An honors education is not merely a more intensive general education or a more strenuous program in a major. Rather, it provides students with the advantages of an enriched education in a small-class setting with excellent professors, while utilizing all of the advantages of a large university. Students who pursue an honors education at Brigham Young University take honors courses that meet university core requirements and participate in an intensive honors thesis experience in their major.

To graduate from BYU, students must meet not only the requirements of a major department but also the university core requirements in general education and religion. Most students complete the nonmajor requirements through courses in the general university curriculum. Because all students must complete core requirements, some required classes have high enrollments, and there is little opportunity for students to interact with the professors. The Honors Program invites capable and motivated students to satisfy university core requirements through honors as alternatives to the standard general and religious education programs. Honors courses have small enrollments (usually fewer than 30 students per class) and are focused on class discussion and writing.

University Honors is a distinction awarded to all graduates of BYU who have met the honors requirements as described below. This prestigious designation is recorded on the university diploma, on the official transcript of grades, and in the graduation program. It is widely recognized as an indication of exceptional academic achievement.

Although it is hoped that students will choose to complete all of the requirements for the University Honors designation, those who do not intend to do so are welcome to participate in the Honors Program to whatever extent they choose. All students are invited to consider honors as a way to achieve the quality academic experiences they seek. Students may register for honors courses at any time during their undergraduate years without necessarily intending to complete all the honors graduation requirements.

Honors education is open to all students who choose to participate; there is no formal membership in the Honors Program. Students who intend to graduate with University Honors should complete a com-

mitment form that may be obtained from the Honors Advisement Center in 102A Maeser Building (MSRB).

Facilities and Opportunities Available to Honors Students

The Honors Program is housed in the historic Maeser Building on the southwest part of campus. This quiet corner of campus is surrounded by beautiful grounds and wooded areas. The building is named after Karl G. Maeser, the first principal of Brigham Young Academy (the school that later became Brigham Young University). A bronze statue of Karl G. Maeser stands at the building's east entrance. The Maeser Building was constructed in 1911 and is the oldest building on the current campus. Its marble halls are richly decorated with oak and brass trim. The building was restored in 1985 with modern electrical and ventilation systems but retains its historic architecture and decoration.

Facilities for honors students in the Maeser Building include the Honors Reading Room in 150 MSRB, with study tables and a small library of reference works and classics; the Honors Student Lounge in 102 MSRB, where students can meet for informal discussions; an art gallery in the lower-floor hall; the Honors Advisement Center in 102A MSRB, where students receive counseling about their honors education; and the Martha Jane Knowlton Coray Lecture Hall in 321 MSRB, where classes, lectures, and musical concerts are held.

Students who have committed to graduate with University Honors and are active participants in the Honors Program are eligible for reduced-rate or free admission to selected musical and theatrical performances, some of which may include visiting performers of international renown. They also have priority registration privileges for honors courses. The Honors Program sponsors lectures, concerts, symposia, and socials. The students can also participate in intercampus events with honors students from other universities and colleges. Each week, on Thursdays at 11:00 a.m. during fall and winter semesters, the Honors Program sponsors honors lectures featuring a religious or academic presentation by a professor or member of the community. Students are also invited to participate in the Honors Student Advisory Council, a group of student representatives who assist in policy development, social activities, and academic functions of the Honors Program.

Who Should Participate in Honors

The characteristics that best define honors students are motivation and a strong desire to obtain the most from the educational experience that BYU has to offer. Honors students seek breadth in their education by taking honors courses outside their majors. They

excel within their majors by learning how to conduct research and scholarly work within their chosen fields. They usually tend to work harder and spend more time on their course work than other students, not because their courses are more difficult but because they take courses that interest them. They attend concerts, plays, films, lectures, and art exhibitions, and they participate in informal discussions with their professors and fellow students. Because many of their classes are small and discussion-oriented, they are personally acquainted with their professors. They become well-rounded, literate, and humane scholars whose faith in the restored gospel is strong. Their thirst for knowledge lasts a lifetime. They are not necessarily those with the highest grade point averages or the highest standardized test scores, nor do all honors students have scholarships.

Approximately 30 percent of the BYU student body participates in honors, and students benefit thereby from an enriched education. The Honors Program invites all BYU students who seek an enhanced educational experience to take advantage of the many opportunities offered by the Honors Program.

Overview of Requirements for Graduation with University Honors

This section provides a brief overview of the requirements to graduate with University Honors. The staff in the Honors Advisement Center, 102A MSRB, (801) 422-5497, is available to answer questions about honors requirements. To graduate with University Honors, a student must:

1. Commit to graduate with University Honors.
2. Complete the honors curriculum requirement.
3. Complete the honors Great Works requirement.
4. Complete the honors Advanced Languages requirement.
5. Complete the honors service requirement.
6. Complete the honors thesis requirement.
7. Graduate with a cumulative grade point average of at least 3.5.
8. Submit a graduation portfolio that summarizes the student's honors experiences.

The requirements for graduation with University Honors complements both major and core education. The honors curriculum, Great Works, and Advanced Languages requirements enhance the university core components; the honors thesis requirement enhances the major education component.

Honors Courses

Dates and times for honors courses are listed in the class list of this schedule under Honors (Honrs) or by any class with the suffix *H*.

The "University Honors Program Course Guide" also contains a complete list of honors courses and detailed course descriptions. It is an essential supplement to the current undergraduate catalog and this class schedule. To obtain the course guide or further information about the Honors Program, contact the Honors Advisement Center, 102A MSRB, telephone (801) 422-5497, or refer electronically to <http://honors.byu.edu>.

Brigham Young University Academic Standards

Academic Support Office, 2500 WSC, (801) 422-2723

A student's academic standing at BYU is determined according to the grades that the student earns at BYU. **Academic standing is based on a minimum of 6 credit hours. Students enrolled for fewer than 6 credit hours in a semester or term have their credits combined with their next enrollment(s) until 6 credits of graded hours are accumulated, at which point the academic standing is calculated.** The following outline shows the conditions and expectations according to the student's academic standing.

Note: College advisement centers (CACs) may also set registration blocks on students not progressing toward timely graduation. In such cases, students must also meet with their CAC to have this block removed.

<i>ACADEMIC STANDING</i>	<i>UNDER THESE CONDITIONS</i>	<i>EXPECTATIONS</i>
GOOD	When the most recent semester/term GPA and BYU cumulative GPA are 2.0 or above and the student has NOT been on academic Probation or Suspension	Student continues to maintain a BYU cumulative GPA of 2.0 or higher until graduation.
PREVIOUS	The same as Good academic standing but indicates a student has previously been on academic Probation or Suspension.	The student continues to maintain a 2.0 or higher semester/term and BYU cumulative GPA. However, the student goes directly to academic Probation if the student has a semester/term GPA below 2.0.
WARNING <i>Includes</i> a registration block.	When the most recent semester/term GPA is below 2.0 and the student was in Good academic standing OR When the most recent semester/term GPA is 2.0 or higher but the BYU cumulative GPA is below 2.0 and the student was on academic Warning.	The student is blocked from registrations beyond the subsequent semester/term until the student EITHER submits a complete Academic Improvement Plan to the Academic Support Office by the appropriate deadline OR the student earns at least a 2.0 GPA for the subsequent enrollment and has at least a 2.0 cumulative GPA. Students with less than a 2.0 cumulative GPA must submit the Academic Improvement Plan.
PROBATION <i>Includes</i> a registration block.	When the most recent semester/term GPA is below 2.0 and the student was on academic Warning OR When the most recent semester/term GPA is below 2.0 and the student was on Previous academic standing OR When the most recent semester/term GPA is 2.0 or higher but the BYU cumulative GPA is below 2.0 and the student was on academic Probation.	The student is blocked from registrations beyond the subsequent semester/term until the student EITHER submits a complete Academic Improvement Plan to the Academic Support Office by the appropriate deadline OR the student earns at least a 2.0 GPA for the subsequent enrollment and has at least a 2.0 cumulative GPA. Students with less than a 2.0 cumulative GPA must submit the Academic Improvement Plan. Students on Probation who earn less than a 2.0 GPA for a semester or term are academically suspended. Note: If a student is receiving university or federal financial aid, the student must also contact the Financial Aid Office, A-41 ASB, (801) 422-4104. Students on Probation may not be eligible for financial aid.
SUSPENSION	When the most recent semester/term GPA is below 2.0 and the student was on academic Probation OR When a student fails to comply with the conditions prescribed by the Academic Standards Committee.	1. The student is immediately dropped from all enrollments in day, evening, or extension classes (except Independent Study). 2. The student may not enroll in BYU day, evening, or extension classes (except Independent Study) for a minimum of twelve months. During this time the student is expected to resolve all problems leading to the student's academic suspension. After twelve or more months, the student may apply for readmission. If the student completes any college-level work while on Suspension, the student must receive an overall GPA of 3.0 or higher in that course work to be allowed readmission. The student should contact the Admissions Office, A-153 ASB, (801) 422-2507, for details and pertinent information about deadlines and expectations for readmission. 3. A student with extenuating circumstances—who has appropriate support and justification—may appeal the twelve-month period out of BYU through the Academic Standards Committee. The student should contact the Academic Support Office, 2500 WSC, (801) 422-2723, for assistance. No other appeals will be considered.
DISMISSAL	When the student is academically Suspended a second time.	An academically dismissed student may not enroll in day, evening, or extension classes (except Independent Study). After three years a student is eligible to enroll in evening or extension classes. A student may seek an exception to be readmitted as a degree-seeking student after two years by petitioning the Academic Standards Committee.

Graduate Studies

Brigham Young University offers doctoral and master's degrees in a broad range of fields, as well as professional degrees in law and management. The doctoral degree requires you to demonstrate an impressive scholarly competence, which includes the ability to conduct and report significant research in a highly effective way. Advanced systematic study in a discipline is also essential, and it is followed by comprehensive examinations that require you to integrate and understand the collective knowledge of your discipline. An impeccably written dissertation resulting from independent research is scrutinized and tested in a concluding oral examination. The master's degree also requires advanced course work, demonstrated mastery in vital aspects of a discipline, skill in research methodology and theory, and preparation for future creative work. Nearly all nonprofessional master's programs at Brigham Young University require integrating examinations and a major culminating piece of written work—usually a thesis, sometimes a project—and an oral examination on that work. Professional programs also demand high-level performance of students, blending scholarly insight with technical knowledge and skill.

Admission to Graduate Study

Application to graduate study is made through Graduate Studies, B-356 ASB, PO Box 21339. Applications can be submitted online at <http://www.byu.edu/gradstudies/admissions/applications/onlineapp.html>. Applying online is strongly encouraged because it requires a shorter and more efficient processing time. Except in a small number of integrated programs, the bachelor's degree is required before you may register in a graduate program. Admission to graduate study is determined by individual departments, once standard university requirements have been met. Applicants are admitted to study in specific programs, many of which are highly selective and admit only a limited number of students each year. If you are a prospective applicant, you should communicate your interest to the specific department(s) to which you wish to apply, and they will forward program and admission information to you.

Advisement of Graduate Students

Once admitted to a department graduate program, you are advised by particular faculty members and the department graduate coordinator rather than through college advisement centers. Direct general questions about university admissions, procedures, and graduation to Graduate Studies, where program administrators work individually with students and departments in

admitting students and seeing them through their programs to graduation. Graduate students should read and regularly consult the current BYU Graduate Catalog for information about university policies and procedures as well as department programs.

Degree Requirements

University minimums require 54 credit hours for the doctoral degree and 30 credit hours for the master's degree. A number of programs, particularly professional programs, require more than those minimums. The highly individual nature of graduate work is reflected in the specialized programs offered by departments and the selection of courses appearing on each student's program of study. Except in professional programs, programs of study are tailored for individual students, and their progress through those courses is tracked by Graduate Studies. Students may access their progress report any time on the Web.

Graduate Curriculum

Graduate courses in the university are numbered in the five, six, and seven hundreds. Seniors with exceptional ability may, on occasion, register for courses numbered in the 500 series but should be aware that such courses are taught at a graduate level, and expectations may exceed the undergraduate's preparation. Graduate courses generally require significant research and individual initiative.

Registration Requirements

Given the more intensive nature of graduate study, a normal semester registration is from 9 to 12 credit hours. Some programs limit students to a 6-hour registration. It is the responsibility of each graduate student to understand and follow both the general university requirements for graduate work and the specific department requirements for individual programs.

U.S. graduate students must register for a minimum 6 semester hours per academic year and must be registered for a minimum 2 semester hours in the semester or term in which they are (a) admitted into a graduate program or (b) plan to graduate. No D, E, W, NS, or I grades; audits; or correspondence courses may count toward these totals or toward a graduate degree.

Immigration regulations require international students to register for at least 9 semester hours each fall and winter semester until they have fewer than 9 credit hours remaining to finish their programs. Then they must register for at least 2 semester hours and receive clearance from International Services, 1351 WSC, PO Box 25520.

Academic Standards

Grade Point Average (GPA) Requirements

Graduate students whose graduate program of study GPA falls below 3.0 (prerequisite and skill courses are exempted) will not be allowed to graduate and may be dismissed from their graduate programs. No D credit may apply toward a graduate degree.

Annual Reviews of Graduate Students

Departments are asked to make a formal evaluation of the performance of graduate students at least once a year; some evaluate more frequently. Each department establishes its own evaluation criteria and the standards it requires graduate students to meet, but generally evaluations are based on students' total academic performance, their fulfillment of program requirements (program of study submitted, courses completed on schedule, prospectus approved by department, student advanced to candidacy), and their professional performance (including quality of teaching and research).

Enrollment Verification

Graduate students may request verification of their enrollment status as full-time or part-time students, for loans or for other purposes, from the Records Office, B-150 ASB, PO Box 21114, telephone (801) 422-2631. Registration for a minimum 8.5 credit hours constitutes full-time enrollment in a semester, and 4.5 credit hours does so in a term. Registration for fewer hours constitutes part-time enrollment.

Graduate students (master's and doctoral students) who are enrolled for at least 2 hours per semester or 1 hour per term, and who can be certified by their department as being engaged full-time in pursuit of their degrees, can petition for graduate full-time status. Requests for such an exception should be directed to Graduate Studies.

Campus Privileges for Graduate Students

Graduate students who are registered for at least 2 hours per semester or 1 hour per term receive a university (ID) activity card and are eligible for all on-campus privileges afforded students who are registered full-time, i.e., on-campus employment, student housing, student insurance, intramurals, use of physical education facilities, graduate parking permits, and discount admission to sporting and cultural events.

Changing Degree Levels

With department approval, students may change from one degree level to another within a department and without interruption of enrollment. Request the change by submitting to Graduate Studies a Request to Change Degree Level (Form 1c), paying the application fee if applicable, and following the instructions on the back of the form. After receiving a department's recommendation to approve or deny the request, Graduate Studies will officially notify you.

Changing Departments

To change departments, a student must submit another complete application, including another application fee, by the required deadline for the new program.

Discontinuance from BYU

Graduate students who wish to withdraw from a current registration altogether must discontinue through the university's Discontinuance Office, B-150 ASB, (801) 422-7705.

Termination of Graduate Status

Termination of graduate status may result if a student:

1. Fails to fulfill the university's minimum registration requirement.
2. Fails to meet the degree time limit.
3. Makes a request to withdraw (with the intent to pursue a degree at another university, for personal reasons, or in response to department recommendation).
4. Receives a Marginal or Unsatisfactory rating in a periodic review by the academic department and is unable or unwilling to comply with conditions for continuance outlined by the department.
5. Fails to make what the department or the university deems to be satisfactory progress toward a graduate degree.
6. Fails the departmental comprehensive examination.
7. Fails the final oral examination (defense of dissertation, thesis, or project).
8. Violates the university's Honor Code.

Church Educational System Honor Code

Brigham Young University, Brigham Young University—Hawaii, Brigham Young University—Idaho, and LDS Business College exist to provide an education in an atmosphere consistent with the ideals and principles of The Church of Jesus Christ of Latter-day Saints. That atmosphere is created and preserved through commitment to conduct that reflects those ideals and principles. Members of the faculty, administration, staff, and student body at BYU, BYU—H, BYU—I, and LDSBC are selected and retained from among those who voluntarily live the principles of the gospel of Jesus Christ. Observance of such is a specific condition of employment and admission. Those individuals who are not members of The Church of Jesus Christ of Latter-day Saints are also expected to maintain the same standards of conduct, except church attendance. All who represent BYU, BYU—H, BYU—I, and LDSBC are to maintain the highest standards of honor, integrity, morality, and consideration of others in personal behavior. By accepting appointment on the faculty, continuing in employment, or continuing class enrollment, individuals evidence their commitment to observe the Honor Code standards approved by the Board of Trustees “at all times and . . . in all places” (Mosiah 18:9).

Honor Code Statement

We believe in being honest, true, chaste, benevolent, virtuous, and in doing good to all men. . . . If there is anything virtuous, lovely, or of good report or praiseworthy, we seek after these things.
—THIRTEENTH ARTICLE OF FAITH

As a matter of personal commitment, students, faculty, and staff of Brigham Young University, Brigham Young University—Hawaii, Brigham Young University—Idaho, and LDS Business College seek to demonstrate in daily living on and off campus those moral virtues encompassed in the gospel of Jesus Christ, and will

Be honest
Live a chaste and virtuous life
Obey the law and all campus policies
Use clean language
Respect others
Abstain from alcoholic beverages, tobacco, tea, coffee, and substance abuse
Participate regularly in church services
Observe the Dress and Grooming Standards
Encourage others in their commitment to comply with the BYU Honor Code.

Specific policies embodied in the Honor Code include (1) the Academic Honesty Policy, (2) the Dress and Grooming Standards, (3) the Residential Living

Standards, and (4) the Continuing Student Ecclesiastical Endorsement. (Refer to institutional policies for more detailed information.)

Academic Honesty Policy

The first injunction of the BYU Honor Code is the call to “be honest.” Students come to the university not only to improve their minds, gain knowledge, and develop skills that will assist them in their life’s work, but also to build character. “President David O. McKay taught that character is the highest aim of education” (The Aims of a BYU Education, p. 6). It is the purpose of the BYU Academic Honesty Policy to assist in fulfilling that aim.

BYU students should seek to be totally honest in their dealings with others. They should complete their own work and be evaluated based upon that work. They should avoid academic dishonesty and misconduct in all its forms, including but not limited to the following: plagiarism, fabrication or falsification, cheating, and other academic misconduct.

Plagiarism

Intentional plagiarism is a form of intellectual theft that violates widely recognized principles of academic integrity as well as the Honor Code. Such plagiarism may subject the student to appropriate disciplinary action administered through the university Honor Code Office, in addition to academic sanctions that may be applied by an instructor. Inadvertent plagiarism, although not in violation of the Honor Code, is nevertheless a form of intellectual carelessness that is unacceptable in the academic community. Plagiarism of any kind is completely contrary to the established practices of higher education, where all members of the university are expected to acknowledge the original intellectual work of others that is included in one’s own work. In some cases, plagiarism may also involve violations of copyright law.

Intentional Plagiarism

Intentional plagiarism is the deliberate act of representing the words, ideas, or data of another as one’s own without providing proper attribution to the author through quotation, reference, or footnote.

Inadvertent Plagiarism

Inadvertent plagiarism involves the inappropriate, but nondeliberate, use of another’s words, ideas, or data without proper attribution. Inadvertent plagiarism usually results from an ignorant failure to follow established rules for documenting sources or from simply being insufficiently careful in research and writing. Although not a violation of the Honor Code, inadvertent plagiarism is a form of academic misconduct for which an instructor can impose appropriate academic sanctions. Students who are in doubt as to whether

they are providing proper attribution have the responsibility to consult with their instructor and obtain guidance.

Examples of Plagiarism

Direct Plagiarism—The verbatim copying of an original source without acknowledging the source.

Paraphrased Plagiarism—The paraphrasing, without acknowledgment, of ideas from another that the reader might mistake for your own.

Plagiarism Mosaic—The borrowing of words, ideas, or data from an original source and blending this original material with one’s own without acknowledging the source.

Insufficient Acknowledgment—The partial or incomplete attribution of words, ideas, or data from an original source.

Plagiarism may occur with respect to unpublished as well as published material. Acts of copying another student’s work and submitting it as one’s own individual work without proper attribution is a serious form of plagiarism.

Fabrication or Falsification

Fabrication or falsification is a form of dishonesty where a student invents or distorts the origin or content of information used as authority. Examples include

1. Citing a source that does not exist.
2. Citing information from a source that is not included in the source.
3. Citing a source for a proposition that it does not support.
4. Citing a source in a bibliography when the source was neither consulted nor cited in the body of the paper.
5. Intentionally distorting the meaning or applicability of data.
6. Inventing data or statistical results to support conclusions.

Cheating

Cheating is a form of dishonesty where a student attempts to give the appearance of a level of knowledge or skill that the student has not obtained. Examples include

1. Copying from another person’s work during an examination or while completing an assignment.
2. Allowing someone to copy from you during an examination or while completing an assignment.
3. Using unauthorized materials during an examination or while completing an assignment.
4. Collaborating on an examination or assignment without authorization.
5. Taking an examination or completing an assignment for another, or permitting another to take

an examination or to complete an assignment for you.

Other Academic Misconduct

Academic misconduct includes other academically dishonest, deceitful, or other inappropriate acts that are intentionally committed. Examples of such acts include but are not limited to

1. Inappropriately providing or receiving information or academic works so as to gain unfair advantage over others.
2. Planning with another to commit any act of academic dishonesty.
3. Attempting to gain an unfair academic advantage for oneself or another by bribery or by any act of offering, giving, receiving, or soliciting anything of value to another for such purpose.
4. Changing or altering grades or other official educational records.
5. Obtaining or providing to another an unadministered test or answers to an unadministered test.
6. Breaking and entering into a building or office for the purpose of obtaining an unauthorized test.
7. Continuing work on an examination or assignment after the allocated time has elapsed.
8. Submitting the same work for more than one class without disclosure and approval.

Procedures for Handling Incidents of Academic Dishonesty or Other Academic Misconduct

Faculty are responsible to establish and communicate to students their expectations of behavior with respect to academic honesty and the student’s conduct in the course. Responsible instructors will investigate these incidents, determine the facts, and take appropriate action. Finally, the instructor should notify the Honor Code Office of the final disposition of the incident as a means of encouraging appropriate behavior change and discouraging repeat violations. If the incident of academic dishonesty involves the violation of a public law, e.g., breaking and entering into an office or stealing an examination, the act should also be reported to University Police. If an affected student disagrees with the determination or action and is unable to resolve the matter to the mutual satisfaction of the student and the instructor, the student may have the matter reviewed through the university’s grievance process (Student Academic Grievance Procedure).

Applicable Actions for Academic Dishonesty

A wide range of possible actions exists for cases of academic dishonesty. Instructors should take actions that are fair and equitable under the circumstances

and should attempt to reach an understanding with the affected student on the imposition of an appropriate action. In some cases, the department, the college, or the university may also take actions independent of the instructor. Examples of possible actions include but are not limited to the following:

For instructors, programs, departments, and colleges:

- Reprimanding the student orally or in writing.
- Requiring work affected by the academic dishonesty to be redone.
- Administering a lower or failing grade on the affected assignment, test, or course.
- Removing the student from the course.
- Recommending probation, suspension, or dismissal.

For the university:

The university may elect to place an affected student on probation or to suspend or dismiss the student, and to place a temporary or permanent notation on the student's permanent academic transcript that he or she was suspended or dismissed due to academic misconduct.

The university may report an incident of academic misconduct to appropriate law enforcement officials and may prosecute an affected student if the act in question involves the commission of a crime (e.g., breaking into an office or building, stealing an examination, etc.).

Honor Code Office Involvement

The Honor Code Office will maintain a record of all violations of the Academic Honesty Policy reported to it by the faculty. If the occurrence is sufficiently egregious or if a pattern of dishonesty or misconduct is discovered, the Honor Code Office may take additional action on behalf of the university based upon the nature of the infraction(s). The Honor Code Office, in consultation with the involved academic personnel, including the associate academic vice president over undergraduate studies, may determine to place a student on probation or to recommend that a student be suspended or dismissed for academic dishonesty and other forms of academic misconduct.

Shared Responsibility Policy Statement

Students are responsible not only to adhere to the Honor Code requirement to be honest but also to assist other students in fulfilling their commitment to be honest.

Faculty Academic Integrity

The substantive standards of academic honesty stated in this policy apply *a fortiori* to faculty. Indeed, all members of the BYU community are expected to act according to the highest principles of academic integrity.

Sources

A large number of publications and policies of colleges and universities were reviewed in creating BYU's Academic Honesty Policy. Some of the content and structure of this policy were adapted from the following sources:

Dress and Grooming Standards

The dress and grooming of both men and women should always be modest, neat, and clean, consistent with the dignity adherent to representing The Church of Jesus Christ of Latter-day Saints and any of its institutions of higher education.

Modesty and cleanliness are important values that reflect personal dignity and integrity, through which students, staff, and faculty represent the principles and standards of the Church. Members of the BYU community commit themselves to observe the following standards, which reflect the direction of the BYU Board of Trustees and the Church publication *For the Strength of Youth*. (These guiding principles apply at all CES institutions of higher education. The application of these principles may vary slightly at the various institutions in accordance with local conditions and circumstances. [See separate institutional policies for more specific details on dress and grooming standards.]) The BYU Dress and Grooming Standards are as follows:

Men. A clean and well-cared-for appearance should be maintained. Clothing is inappropriate when it is sleeveless, revealing, or form fitting. Shorts must be knee-length or longer. Hairstyles should be clean and neat, avoiding extreme styles or colors, and

trimmed above the collar, leaving the ear uncovered. Sideburns should not extend below the earlobe or onto the cheek. If worn, moustaches should be neatly trimmed and may not extend beyond or below the corners of the mouth. Men are expected to be clean-shaven; beards are not acceptable. Earrings and other body piercing are not acceptable. Shoes should be worn in all public campus areas.

Women. A clean and well-cared-for appearance should be maintained. Clothing is inappropriate when it is sleeveless, strapless, backless, or revealing; has slits above the knee; or is form fitting. Dresses, skirts, and shorts must be knee-length or longer. Hairstyles should be clean and neat, avoiding extremes in styles or colors. Excessive ear piercing (more than one per ear) and all other body piercing are not acceptable. Shoes should be worn in all public campus areas.

Residential Living Standards

As stated in its Code of Honor, Brigham Young University is committed to providing a learning atmosphere consistent with the principles of the Church. The university is likewise committed to creating such an atmosphere for students residing on and off campus. To achieve this, BYU has established living standards to help students learn some of the high ideals and principles of behavior expected at Brigham Young University. The university requires all students to adhere to the following applicable standards:

On-Campus Visiting Hours

Deseret Towers and Helaman Halls

Visitors of the opposite sex are permitted in the lobbies but not in the bedroom area, except during an established open house or home evening time, at which times room doors must remain open. Lobby visiting hours begin after 8:00 a.m. and extend until 12:00 midnight, Monday through Thursday and Saturday. On Friday night, lobby visiting hours extend until 1:30 a.m. Sunday visiting hours begin after noon and extend until midnight.

Heritage Halls

Visitors of the opposite sex are permitted in the lobbies and apartment kitchens but not in bedrooms or bathrooms. Lobby visiting hours are from 8:00 a.m. to 12:00 midnight, Saturday through Thursday, and extend until 1:30 a.m. on Fridays. Apartment visiting hours are from 10:00 a.m. to 11:00 p.m. Sunday through Thursday and extend until 12:00 midnight on Friday and Saturday.

Off-Campus Visiting Hours

Visitors of the opposite sex are permitted in living rooms and kitchens but not in the bedrooms in off-campus living units. The use of the bathroom area by members of the opposite sex is not appropriate unless emergency or civility dictate otherwise—and then only

if the safety, privacy, and sensitivity of other residents are not jeopardized. Visiting hours may begin at 9:00 a.m. and may extend until 12:00 midnight. Friday night visiting hours may extend until 1:30 a.m. Landlords may establish a shorter visiting period if proper notice is given to residents. This policy applies to all housing units occupied by single students.

Conduct

All students shall be required to conduct themselves in a manner consistent with the principles of The Church of Jesus Christ of Latter-day Saints and the BYU Honor Code. Furthermore, all students are required to abstain from possessing, serving, or consuming alcoholic beverages, tobacco, tea, coffee, or harmful drugs. Involvement with gambling; pornographic, erotic, or indecent material; disorderly, obscene, or indecent conduct or expressions; or with other offensive materials, expressions, or conduct or disruption of the peace that, in the sole discretion and judgment of the university, is inconsistent with the principles of the Church and the BYU Honor Code is not permitted in student housing. All guests of students must comply with the Residential Living Standards while on the premises of university-approved housing. All students are required to know the dress and grooming standards and abide by them.

Continuing Student Ecclesiastical Endorsement

All enrolled continuing undergraduate, graduate, intern, and study abroad students are required to obtain a Continuing Student Ecclesiastical Endorsement for each new academic year. Students must have their endorsements completed, submitted, and processed by the Honor Code Office before they can register for fall semester or any semester thereafter. Priority registration for the following fall semester can begin in early April. To avoid registration delays, students should complete and submit their endorsements to the Honor Code Office by March 15. **Those applying to BYU should use the new student Admissions Application Part 3 endorsement.**

LDS students may be endorsed only by the bishop of the ward (1) in which they live and (2) that holds their current Church membership record.

Non-LDS students are to be endorsed by (1) the local ecclesiastical leader if the student is an active member of the congregation, (2) the bishop of the LDS ward in which they currently reside, or (3) the nondenominational BYU chaplain.

Honor Code Requirements

Whether on or off campus or between semesters, all students are expected to abide by the Honor Code, which includes: the Academic Honesty Policy, the Dress and Grooming Standards, and the Residential

Living Standards. Students are required to be in good Honor Code standing to graduate and receive their diploma.

LDS students must fulfill their duty in The Church of Jesus Christ of Latter-day Saints, attend Church meetings, and abide by the rules and standards of the Church on and off campus.

Students who are not members of The Church of Jesus Christ of Latter-day Saints are also expected to maintain the same standard of conduct. They are encouraged to participate in services of their preferred religion.

Withdrawn Ecclesiastical Endorsement

A student's endorsement may be withdrawn at any time if the ecclesiastical leader determines that the student is no longer eligible for the endorsement. If an endorsement is withdrawn, the ecclesiastical leader informs the Honor Code Office, which then facilitates notification to both the student and the university. No confidential information is provided to the Honor Code Office.

Students without endorsements must discontinue enrollment. Excommunication, disfellowshipment, or disaffiliation from The Church of Jesus Christ of Latter-day Saints results in the withdrawal of the student's endorsement. The decision to withdraw an endorsement may be reviewed or appealed through appropriate ecclesiastical leaders (i.e., through the bishop, the stake president, and the designated Area Authority for BYU).

A student whose endorsement has been withdrawn and who had completed the above ecclesiastical appeal process may request a university review, which is initiated through the Honor Code Office. Students may not be enrolled or attend without an ecclesiastical endorsement except in very rare and unusual circumstances as determined by the university.

How Forms Are Obtained

Students are responsible for obtaining their own Continuing Student Ecclesiastical Endorsement Forms. Forms are available at campus information desks, at college advisement centers, from bishops of BYU wards, from the Honor Code Office in 4440 WSC, or online at <http://honorcode.byu.edu>.

For additional information regarding any aspect of the Honor Code or Continuing Student Ecclesiastical Endorsements, please visit <http://honorcode.byu.edu> or contact the Honor Code Office at 4440 WSC, (801) 422-2847.

University Policies

Nondiscrimination Statement

Admission to Brigham Young University is nondiscriminatory. The university admits qualified persons regardless of race, color, national origin, religion, age, gender, veteran status, or disability who meet university and academic requirements and agree to abide by the university's standards of conduct and behavior. [The university does exercise the "religious" exemption in admissions as granted in Title IX of the Education Amendments, 20 U.S.C. 1681(a)(3), and in hiring employees as granted in 41 C.F.R. 60-1.5(a)(5).]

Persons who believe they have experienced unlawful discrimination or sexual harassment should contact the Equal Opportunity Office at (801) 422-5895 during office hours (8 a.m.–5 p.m. weekdays) or at (801) 367-5689 after hours.

University Accessibility Center

The purpose of this office is to assure that students with disabilities are provided access to university programs and information. A variety of services and extensive information are available. Students who have attention, emotional, learning, chronic health, or physical disabilities are encouraged to contact the center to assist in coordinating appropriate academic accommodations for classes or university-sponsored programs. For assistance contact 1520 WSC, (801) 422-2767 v/tty, or www.byu.edu/stlife/campuslife/.

Access to Education Records: FERPA

The Family Educational Rights and Privacy Act of 1974 (FERPA) controls access to student education records. Brigham Young University will make a reasonable effort to extend to eligible students and their parents the rights granted by the act. On presentation of appropriate identification and under circumstances that prevent alteration or mutilation of records, a student will be able to inspect all education records not considered by the university to be held under a pledge of confidentiality or considered to be private records of university personnel. Those with legitimate access to the records will be charged a reasonable fee for copies.

A student is entitled to an explanation of any recorded data and may initiate action pursuant to university policy through the Exception to University Policy Committee, if necessary, to correct or expunge information he or she considers inaccurate or misleading.

Faculty and administrative officers who have a legitimate need to use a student's education records will be allowed access to such records as needed without prior permission from the student. A request from an educational institution to which a student

has applied for admission or from a lending institution from which a student is seeking financial aid will be granted without a student's permission. In addition, statistical data may be furnished to university accrediting bodies and governmental officials without a student's permission.

No personally identifiable information contained in a student's educational records, other than directory information, will be given to any third party, except as authorized by the act, without the student's written consent, and then only those records that are accessible to the student. The term *third party* is construed to include parents, spouse, employers, government agencies, or any other people or organizations. Parents or guardians may have access to grade reports and other reports of a student's activity if they establish to the satisfaction of the university that the student is dependent, for income tax purposes, on the parents or guardians for their support.

Court orders and subpoenas for records will be referred to the university's legal counsel and acted on according to the counsel's directions. The university will make a reasonable attempt to notify the student when nondirectory information is released in response to subpoenas or court orders.

Any eligible student or parent who believes that BYU has violated FERPA may file a complaint with the Family Educational Rights and Privacy Act Office, Department of Education, Washington, D.C.

Directory information (i.e., information contained in the educational record of a student that would not generally be considered harmful or an invasion of privacy if disclosed) will be released to news media and to others on request. Directory information includes the following:

- Name
- Addresses and phone numbers
- E-mail address
- Place of birth
- Names of parents or spouse
- Major and minor fields of study
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Current class schedule
- Pictures
- Dates of attendance (current and past)
- Number of months/semesters enrolled
- Class standing (freshman, sophomore, etc.)
- Enrollment status (full-time, part-time, less than half-time)
- Degrees and awards received
- Previous educational institutions attended
- Anticipated future enrollments
- Course registrations prior to the beginning of a semester or term
- Expected date of graduation
- Deferred registration eligibility

Religious affiliation to a student's local church or congregation

Students have the right, however, to refuse to permit the designation or disclosure of the above directory information. In that case, this information will not be disclosed except with the consent of the student or as otherwise allowed by FERPA. Any student wishing to restrict the release of directory information must file a written notification with the Registrar's Office, B-150 ASB, PO Box 21114, on or before the tenth day of a semester or the sixth day of a term. Forms for this purpose will be made available at that office upon request.

Student Classification for Undergraduates

At the beginning of each semester, undergraduate students are classified for that semester as follows:

0–29.9	Freshman
30–59.9	Sophomore
60–89.9	Junior
90 and over	Senior

Engineering students having more than 120 semester hours are classified as fifth-year professional students.

Class Attendance Policy

You are expected to attend classes for which you are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only when you are away representing the university on official business. All officially excused absences must be approved through the dean of students.

Faculty should tell you what relationship attendance has to your final grade for the course, but you must take the responsibility for your actions. It is not necessary for the instructor to report absences to the office of the dean of students unless he or she has knowledge of an accident or illness that is causing the absence. Notification to teachers of emergency absences (death in the family, serious illness, etc.) is your responsibility.

Repeating Classes

To have a previously completed course marked *repeated*, the new course must be equal or greater in credit hours.

When a class has been repeated, the credit used in computing the grade point average is the grade and credit hours earned the last time the repeated class was taken.

You may repeat classes in the following ways:

1. Repeat Brigham Young University courses at Brigham Young University (except for R-suffix courses—see Abbreviations and Symbols in the

Using This Catalog section of the current BYU Undergraduate Catalog).

2. Repeat at Brigham Young University courses initially taken at another university. (A statement of equivalency must be supplied by the appropriate BYU department chair.)
3. Repeat at another institution courses taken there and have the credit transferred to Brigham Young University.

Note: A course repeated at an institution other than the one at which it was taken originally and other than at BYU will not be counted as a repeat.

The I (Incomplete) Grade

The letter grade **I** (Incomplete) is given on a contractual basis with the instructor to students who are unable to complete the work in the prescribed period of time. An incomplete grade may be given for nonacademic extenuating circumstances (serious illness, personal injury, death in the immediate family, etc.) that may arise *after* the nonacademic emergency deadline (the twelfth week of a semester or the sixth week of a term). To be eligible for an incomplete, the student must have attended up until the nonacademic emergency deadline and be passing the class. If extenuating circumstances arise before the twelfth week of a semester or the sixth week of a term, the student should discontinue or petition through the Registration Office to be officially withdrawn from the class(es). The Incomplete Grade Contract must be completed and signed by the instructor and the \$10 fee paid before submission of the official grade roll at the end of the semester. A copy of the Incomplete Grade Contract must be submitted to the Records Office by the grade submission deadline. A grade of E will be posted until a valid Incomplete Grade Contract is submitted to the Records Office.

Class attendance in a subsequent semester or reregistration is not permitted to make up the incomplete. In some special instances, such as a lab class, attendance may be required for the portion of the class or lab section missed. Once the work has been completed, the instructor should complete the portion of the Incomplete Grade Contract, showing the grade earned, and submit the form to the Records Office (B-150 ASB).

The instructor may designate the specific length of time the student has to complete the course requirements (not to exceed one year). If the work is not completed and the new grade submitted by the instructor within the agreed upon deadline, the I grade will be changed to an IE (the IE grade is considered and calculated as a failing grade). (Petitions for an exception to this policy may be obtained from the Petitions Office, B-150 ASB.)

Changing College or Major

Undergraduate students who desire to transfer from one major to another, or from one college to another, should go to the advisement center of their new major, fill out a Change of Major Form, and have it signed. Graduate students who want to change departments or degree levels should check with Graduate Studies for information and necessary forms.

Discontinuance from BYU

A daytime student is not officially withdrawn from the university unless the student has completed the discontinuance process in the Discontinuance Office, B-150 ASB. The discontinuance deadline, April 4 for winter semester, is the last day a student can discontinue. (See the University Calendar on page 3 for additional discontinuance deadlines.)

If you find it necessary to withdraw from all your classes, you must do the following:

1. Complete discontinuance forms available from the Discontinuance Office, B-150 ASB, telephone (801) 422-7705.
2. Obtain instructor and clearance signatures if necessary. Beginning the sixth week of the semester or the third week of the term, you become responsible for class grades. Signatures must be obtained from the individual instructors, who indicate your academic status.
3. Submit completed forms and sign out with a member of the Discontinuance Office staff.
4. See the Tuition and Fees section for discontinuance refund information.

When you have discontinued, your student ID will be electronically voided.

Students enrolled through the Evening Classes Office should discontinue in that office, 122 HCEB. Law School students must initiate their discontinuance through the office of the Law School dean, 348 JRCB.

Students who leave the university under emergency conditions and do not return still have the responsibility to discontinue before the deadline. Initiate official termination by contacting the Discontinuance Office as soon as possible.

Continuing BYU students who interrupt their studies for one semester (fall or winter) only or who serve an LDS mission may request an admission deferment during their absence from the university. Telephone the Admissions Office, (801) 422-2507, for more information. Other students who interrupt their studies should contact the Admissions Office for the appropriate reapplication materials.

University Devotionals, Firesides, and Forums

University devotionals and forums, held throughout the year on Tuesdays at 11:05 a.m., form an inspirational and integrative part of the university experience. These assemblies are occasions to celebrate the shared sense of values and community in the university. Participation in these gatherings will renew spiritual commitment and extend knowledge of significant religious, intellectual, and cultural matters.

Devotional speakers, selected from the General Authorities and other leaders of the Church and university, come to teach the gospel and affirm the spiritual dimension of the university experience for students, faculty, and staff. An additional opportunity is provided by regular Church Educational System firesides, usually held on the first Sunday of the month.

Forum speakers are noted authorities in the arts, sciences, humanities, media, and government. They are chosen for their contributions to their field and their ability to communicate their insights. Participation in these assemblies (and in the discussion sessions that may accompany them) prompts inquiry into and understanding of significant intellectual, cultural, and social issues.

Most campus offices and services are closed during university assemblies so that members of the university community may participate.

Freshman Academy Envelopes

Many of you will be Freshman Academy students. The academy provides new freshmen with the opportunity to take three classes with students who live in the same residence area.

If you would like more information on Freshman Academy, please call (801) 422-8176, or you can access the academy Web page at <http://www.byu.edu/academy>.

Freshman Academy students will be asked to register for three classes (an envelope). Information on registering for Freshman Academy envelopes will be sent to participating students.

Although not all Freshman Academy envelopes include the general education classes required of all freshmen (First-Year Writing, American Heritage, and Book of Mormon), academy students should still plan to fulfill these requirements by the end of their first year. They may add courses individually if their envelope does not include American Heritage or First-Year Writing.

Final Examination Policy Winter Semester 2007

Final examinations will be given at the times shown in the schedule. Examinations are not given early. The examination period is preceded by reading days, which give time for conscientious review, study, and synthesis of the semester's work. The reading and the examination periods are firmly scheduled parts of the semester; you must not make plans that interfere with these important academic activities. If illness or other uncontrollable circumstances prevent you from taking an examination at the scheduled time, you are responsible to inform the class instructor as soon as possible. Your instructor may give the grade *Incomplete*, depending on the circumstances. The incomplete cannot be given unless you and your instructor together prepare a contractual agreement.

Second-block class examinations will be given at the time shown in the schedule. First-block examinations will be given during the last regular class period. In cases where you have conflicting examinations or *more than* three examinations in one day, individual arrangement for alternative test times may be made by the instructor.

Examinations will be held April 20, 21, 23, 24, and 25, with reading days April 18 and 19. Therefore, Tuesday, April 17, 2007, will be the last day of instruction.

Note to faculty: If an exam hour conflict arises for day classes, please contact the Academic Scheduling Office, B-150 ASB, telephone (801) 422-6557. For evening classes, contact the Evening Classes Office, 122 HCEB, telephone (801) 422-2872.

All Evening Classes courses beginning at 4:00 p.m. or later ***must*** follow the evening exam schedule to avoid day class conflicts. (If the class begins before 4:00 p.m., use the day class schedule.)

If a class begins after the hour or is scheduled for more than fifty minutes per class period, **the final exam period is determined by the beginning hour**. For example, a class held from 8:35 to 9:50 *must* use the 8:00 exam period. A class held from 4:45 to 7:15 *must* use the 4:00 exam period. No exceptions to this policy will be granted unless approved *in writing* by the department chair.

Semester online courses follow the regular exam schedules at the right or as specified in the course outline.

Salt Lake Center classes will meet at the regular class times during reading and final exam days. Final exams for Salt Lake Center classes are conducted during the regular scheduled class time during finals week. Should a conflict arise between the schedules of a day class final exam and a Salt Lake Center exam, priority rests with the day class. It is the responsibility of the student to make the conflict known to the Salt Lake Center instructor so an alternative time can be arranged.

MATH 119: Students registering for this course will be required to take the pretest before January 23, 2007. The Math 119 Pretest is offered online at <https://math.byu.edu/moodle/login/index.php>. This pretest will count toward the student's grade for the class; ask each specific instructor for details. Please contact Jackie Robertson with questions at grannyjax@math.byu.edu.

Academic Advisement for Undergraduates

Where do you go for academic advisement?

If you have chosen a major, or if you have one in mind, go to the advisement center for the college that offers that major. If you have no major in mind, visit the University Advisement Center (2500 WSC).

All college advisement centers (CACs) are open from 8:00 a.m. to 5:00 p.m. Monday–Friday. They will be closed for devotionals on Tuesdays from 11:00 a.m. to noon. Write, visit, or call the advisement center of your choice:

Class Schedule Work Sheet

We suggest that you use the following form to plan your ideal schedule. Be careful not to select classes that meet at the same time on the same days. After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available. The computer will not schedule you in more than one section of the same class (except for R classes and labs).

Instructions for Internet Access

How to Access BYU Web Registration

You may access BYU Web registration from your own home if you have the Internet and have downloaded Netscape Communicator 7.0+ or Internet Explorer 5.5+. Both of these browsers are available for downloading on the World Wide Web. If you can't access the Web from home, you can use computers on the BYU campus. These are available at access point labs and kiosks in most buildings. You can also find computers connected to the Web at most public libraries.

1. Log in to Route Y with your Net ID and password. This can be done from <http://www.byu.edu> or <http://ry.edu.byu>. (If you do not remember your Net ID, click the Route Y tab for instructions on how to proceed.) If you continue to experience problems with your Net ID and password, please contact the Registration Office at (801) 422-2824. Office hours are Monday through Friday from 8 a.m. to 5 p.m.
2. Once you have logged in, you will be on the Interchange page. Under the School column, select the AIM icon. When that page loads, select Registration and then Register for Classes.

Registration Information and Procedures

Are You Eligible to Register?

You are eligible to register for spring term 2007 if you registered for and completed regular day school classes during winter semester 2007, or if you have been issued a valid letter of admission for spring term 2007 by the Admissions Office.

Continuing BYU students can interrupt their studies for one semester (fall/winter) by submitting a Continuing Student Enrollment and Scholarship Deferment Application. Students wanting to serve an LDS mission can defer their admission status by submitting an LDS Mission Deferment Criteria Form. Both are available from the Admissions Office, A-183 ASB (801) 422-2507. Students who interrupt their studies for more than one semester (except missionaries) should contact the Admissions Office for the appropriate application materials.

Continuing degree-seeking graduate students are eligible if they have fulfilled the minimum registration requirements (6 hours per year) in the preceding academic year.

Students who graduate from BYU lose their eligibility and will not be allowed to continue to attend classes unless they have been admitted to a graduate or non-degree-seeking graduate program.

Do You Have Holds That May Block Your Registration?

Academic Standards

A student's academic standing is determined according to the grades the student earns at BYU.

College Advisement Center (CAC) Hold

The CAC hold targets students with special needs who will be required to seek assistance from their college advisement center before registering. Students with a CAC hold must visit their college advisement center or department advisor to complete a plan for graduation and will be prevented from registering until the hold is cleared by the college advisement center.

Continuing Ecclesiastical Endorsement

All enrolled continuing, undergraduate, graduate, intern, or Study Abroad students are required to obtain a Continuing Student Ecclesiastical Endorsement for each new academic year. (See page 21 for further details.)

Financial (prior balance)

Past financial delinquencies must be cleared before a new registration may be commenced.

Graduate School

It is the responsibility of each graduate student to understand and follow both the specific department requirements and the general university requirements for graduate work.

Loans

Students' past due debts are referred to Student Financial Services for collection.

University Standards

Violation of the Honor Code will result in a hold being placed on a student's record. (See pages 20–22 for further details.)

How to Add Classes

SpringTerm: February 1–May 8, 2007

Summer term: February 1–July 2, 2007

Registration for spring and summer terms is not managed on a priority registration basis. Any student admitted to the university may register beginning on the first registration day, February 1, 2007. You may add classes from February 1 until May 8 for spring term and from February 1 until July 2 for summer term. During this time some classes may be added using the Web registration system. Other classes require an add card with the instructor's signature.

Please be aware of the following when you are adding classes:

Maximum Hours per Term

Undergraduate students in good standing may register for as many as 9 credit hours in one term by following the regular registration process. However, the college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 11 hours per term. This approval is to be noted by the college advisement center on the add/drop card or indicated by an over-hours flag in AIM. Auditing classes, registering for a class without receiving credit, or registering for Evening Classes constitutes a part of your total registration. Exception to the rules must be presented to: University Registrar, B-150 ASB, starting on the first day of instruction.

Official Enrollment

Students whose names are on the university class roll are officially registered. If your name is not on the class roll, you should contact the Registration Office, B-130 ASB, immediately.

Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) can only do so on an add/drop card during the first six days of a term. Students must obtain the instructor's approval on a signed add/drop card. It is not possible to register for an audit class on the Web registration system. You are charged the same tuition for auditing classes as for taking classes for credit. Classes taken on an audit basis will not appear on your official records, are not considered when calculating financial aid and scholarship eligibility, will not be considered in calculating enrollment verifications, and do not fulfill the minimum registration requirement for graduate degree-seeking students. Students who are registered for credit and wish to change to audit must first drop the class. The class may then be added for audit during the add period (first ten days of a semester, six days of a term).

Evening Classes and Salt Lake Center Classes

Daytime students taking evening classes or Salt Lake Center classes may register for the courses at the same time they register for day school. Please note that the Salt Lake Center classes are taught in Salt Lake City at 3760 S. Highland Dr., Suite 200.

Freshman Academy Envelopes

Many of you will be Freshman Academy students. The academy provides new freshmen with the opportunity to take three classes with students who live in the same residence area.

If you would like more information on Freshman Academy, please call (801) 422-8176, or you can access the academy Web page at <http://www.byu.edu/academy>.

Freshman Academy students will be asked to register for three classes (an envelope). Information on registering for Freshman Academy envelopes will be sent to participating students.

Although not all Freshman Academy envelopes include the general education classes required of all freshmen (First-Year Writing, American Heritage, and Book of Mormon), academy students should still plan to fulfill these requirements by the end of their first year. They may add courses individually if their envelope does not include American Heritage or First-Year Writing.

Independent Study

Independent Study can provide scheduling flexibility and the convenience of taking university courses away from campus. You may register for courses any time during the year and take up to a year to finish each course. Tuition is \$130 per credit hour—this fee is not included in your regular BYU daytime tuition. Independent Study courses are indicated in the course list by the phrase "Offered by Independent Study." Many courses are now available by Internet, and new courses are continually being added. For further information and a free catalog, contact the Independent Study Office, 206 HCEB, Provo, UT 84602-1514, (801) 422-2868, or <http://elearn.byu.edu>.

NOTE: Unless you are a BYU student, Independent Study courses do not apply toward a BYU degree. Generally, Independent Study courses cannot be applied toward BYU graduate degrees. Contact Graduate Studies for more information (801) 422-4091.

Spring Term: How to Drop Classes

Spring term classes can be dropped from your schedule until May 8. (Drop cards will also be accepted beginning May 1 at One Stop, WSC. They can be obtained from the Registration Office, One Stop, academic department, or CAC offices.) **Note:** A student can be registered for more than one section of an R-suffix course and therefore must drop each unwanted section.

A “W” will be given for any class withdrawal May 9–May 17. To withdraw from a class, simply log into the Web registration system and select the W next to the class you’d like withdrawn. A pop-up message will inform you that a \$10 fee will be charged to your student account and a W will be placed on your transcript. Select Okay and you will be withdrawn. A W is an official withdrawal and means you registered for a class and did not officially withdraw before the tenth day of the semester/sixth day of a block. It does not figure into your GPA.

Withdrawal for nonacademic emergencies can be done May 18–June 5. Between these dates, if you encounter a nonacademic emergency, such as a serious accident or illness, which affects your performance in a class(es), you may petition to be withdrawn. It is the student’s responsibility to obtain the necessary supporting information from the instructor, physician, employer, etc., to accompany the request. A committee will consider your request, which may or may not be approved. If you have experienced a nonacademic emergency, you may contact the Petitions Office, B-150 ASB (801) 422-6570, to discuss your options.

Discontinuance (Withdrawing from All Classes for the Term)

What to do before classes begin (Until midnight April 30)

Once you register for classes, you are officially enrolled and committed to attend. If you are not coming to school this term, you must discontinue or drop your classes prior to the first day of school or they will remain on your record and **you will be charged tuition.** Classes may be dropped using the Web registration system until midnight of the day before classes begin.

What to do after classes begin (May 1–June 5)

On the first day of classes and thereafter you will need to contact the **Discontinuance** Office in B-150 ASB or call (801) 422-7705. Tuition will be charged starting the first day of classes to the date of discontinuance at the percentage rate listed in the Tuition and Fees section of this class schedule.

Warning: Discontinuance from fall or winter semester or from the term to which you are newly admitted will forfeit your eligibility to attend future semesters without reapplying through the Admissions Office. Continuing BYU students who interrupt their studies for one semester (fall or winter) only or who serve an LDS mission may request an admission deferment during their absence from the university. Call the Admissions Office, (801) 422-4104, for more information. Other students who interrupt their studies should contact the Admissions Office for the appropriate reapplication materials (see pages 6 and 23).

Summer Term: How to Drop Classes

Summer term classes can be dropped from your schedule until July 2. (Drop cards will also be accepted beginning June 22 at One Stop, WSC. They can be obtained from the Registration Office, One Stop, academic department, or CAC offices.) **Note:** A student can be registered for more than one section of an R-suffix course and therefore must drop each unwanted section.

A “W” will be given for any class withdrawal July 3–July 12. You must fill out a drop card, pay a \$10 fee per class at the Cashier’s Office and submit the card to the Registration Office. A “W” is an official withdrawal and means you registered for a class and did not officially withdraw before the sixth day of the term. It does not figure into your GPA.

Withdrawal for nonacademic emergencies can be done July 13–July 31. Between these dates, if you encounter a nonacademic emergency, such as a serious accident or illness, which affects your performance in a class(es), you may petition to be withdrawn. It is the student’s responsibility to obtain the necessary supporting information from the instructor, physician, employer, etc., to accompany the request. A committee will consider your request, which may or may not be approved. If you have experienced a nonacademic emergency, you may contact the Petitions Office, B-150 ASB (801) 422-6570, to discuss your options.

Discontinuance (Withdrawing from All Classes for the Term)

What to do before classes begin (Until midnight June 24)

Once you register for classes, you are officially enrolled and committed to attend. If you are not coming to school this term, you must discontinue or drop your classes prior to the first day of school or they will remain on your record and **you will be charged tuition.** Classes may be dropped using the Web registration system until midnight of the day before classes begin.

What to do after classes begin (June 25–July 31)

On the first day of classes and thereafter you will need to contact the **Discontinuance** Office in B-150 ASB or call (801) 422-7705. Tuition will be charged starting the first day of classes to the date of discontinuance at the percentage rate listed in the Tuition and Fees section of this class schedule.

Warning: Discontinuance from fall or winter semester or from the term to which you are newly admitted will forfeit your eligibility to attend future semesters without reapplying through the Admissions Office. Continuing BYU students who interrupt their studies for one semester (fall or winter) only or who serve an LDS mission may request an admission deferment during their absence from the university. Call the Admissions Office, (801) 422-2507, for more information. Other students who interrupt their studies should contact the Admissions Office for the appropriate reapplication materials (see pages 6 and 23).

How to Obtain Enrollment Verification

Contact the Records Office, B-150 ASB, (801) 422-2631 for enrollment verification. An undergraduate student's enrollment status is determined by the number of credit hours taken, as follows:

Hours Enrolled		Enrollment Status
Semester	Term	
12+	6+	Full-time
9–11.5	4.5–5.5	Three-fourths
6–8.5	3–4	Half-time
.5–5.5	.5–2.5	Less than half-time

Audited courses do not count in total enrollment hours, but are charged tuition and fees. Graduate students should refer to the Graduate Education section of this class schedule.

Remember! Update Your Address Information

It is important that your mailing address be updated. This will help you receive university mailings in a timely manner. You can accomplish this by going to the BYU homepage (<http://www.byu.edu>), clicking on Route Y, then logging in and selecting Personal Information. The Registration Office, B-130 ASB, (801) 422-2824, will also be happy to help you with an address change.

Registration for Faculty, Staff, Administrative Personnel, and Their Spouses

(See University Personnel Tuition Policy in the University Electronic Handbook.)

Eligibility

Regular full-time faculty, staff, and administrative personnel may register for classes, up to a maximum of 6 credit hours per semester, and will not be required to pay tuition. During spring and summer terms, full-time personnel may take 3 credit hours per term or 4 in one and 2 in the other. This benefit is applicable to undergraduate and graduate tuition. To be eligible for tuition benefits during a given semester/term, individuals must be regular full-time personnel at the close of late registration for that semester/term. For their dependents to be eligible for tuition benefits, personnel must (a) be at least age thirty with one year of full-time service or (b) have completed five years of full-time service with the university. Eligible individuals must meet university admissions and registration requirements. **Personnel or dependents enrolled through day school (registration eligibility: DC—day-continuing) who withdraw from all classes in a semester/term are required to do so through the Discontinuance Office, B-150 ASB. Part-time, adjunct, on-call, or temporary personnel and their dependents (spouse and children) are not eligible for tuition benefits.**

Daytime Classes

Written approval is required for personnel taking classes during daytime hours (7:00 a.m.–5:00 p.m. and/or *TBA*). This includes thesis hours and audited classes. The Request for Daytime Class Attendance form can be obtained at the Benefits Office, D-240 ASB, or the Benefits Office Web site (<http://www.byu.edu/hr/benefits/forms.htm>). Please register for classes before submitting your completed form to the Benefits Office. You are required to submit a separate form for each semester/term in which you take daytime classes. The tuition benefit will not be paid until the completed form is received and processed by the Benefits Office.

Evening Classes

Eligible personnel and spouses who wish to register for evening classes only, and whose registration eligibility is *not* DC—day-continuing, should contact the Evening Classes Office, 122 HCEB, (801) 422-2872. To receive the tuition benefit for evening classes, a completed Clearance to Register Form and current BYU ID must be presented to the Evening Classes Office. Personnel registering for evening classes (section type: evening) beginning before 5:00 p.m. must also complete a Request for Daytime Class Attendance form (see Daytime Classes above) and submit it to the Benefits Office, D-240 ASB, for the tuition benefit to be paid. Personnel and spouses withdrawing (discontinuing) from all courses in Evening Classes are required to do so through the Evening Classes Office. A \$10 fee is charged to the individual for discontinuing after registration has been finalized.

Audit

Eligible personnel and spouses who *only* audit daytime and/or evening classes, and whose registration eligibility is *not* DC—day-continuing, should contact the Evening Classes Office, 122 HCEB, (801) 422-2872, for auditing procedures. Audited classes will not appear on official records; however, the credit hours listed with classes that are audited, as well as Conferences and Workshops courses, will count toward the semester/term credit-hour limits (see Eligibility above). Employees who audit classes during daytime hours (7:00 a.m.–5:00 p.m. and/or *TBA*) must also complete a Request for Daytime Class Attendance form (see Daytime Classes above) and submit it to the Benefits Office, D-240 ASB, for the tuition benefit to be paid. Audited classes do not count toward the minimum required credits for financial aid and scholarships.

Spouses

There are no credit-hour limitations for eligible spouses. However, in the event a spouse is taking classes and is then hired full-time by the university, the individual's "personnel" status supersedes the "spouse" status, and the tuition benefits/limitations (see Eligibility above) are then administered accordingly.

Tuition Taxation

In some cases the IRS considers graduate tuition for spouses to be noncash taxable income. Each semester/term in which an eligible spouse is enrolled in a graduate degree-seeking program and is taking graduate classes, the employee is required to complete a Tuition Taxation Form for Spouses Taking Graduate Classes. The form can be obtained from the Benefits Office, D-240 ASB, or the Benefits Office Web site (<http://www.byu.edu/hr/benefits/forms.htm>). The tuition benefit will not be paid until the completed form is received and processed by the Benefits Office.

Tuition and Fees

One of the nation's largest private universities, BYU is owned and operated by The Church of Jesus Christ of Latter-day Saints. A significant portion of the cost of operating the university is paid from the tithes of the Church members. Because of this, members already have made a monetary contribution to the operation of the university. To equalize this cost, nonmembers are assessed higher tuition, a practice similar in principle to that of state universities charging higher tuition to nonresidents. This higher tuition still does not cover the total educational cost.

Once students register for classes, they are officially enrolled and committed to attend. Registered students who decide not to attend must withdraw from classes prior to the first day of classes to avoid a tuition charge. Classes may be dropped using the Web registration system (i.e., by dropping each class) until midnight mountain time of the day before the first day of classes. Beginning the first day of classes and thereafter, students will need to contact the Discontinuance Office (B-150 ASB, 801 422-7705). If classes are not dropped, they will remain on the student's records and the student **will be charged tuition**. Tuition will be charged from the first day of classes to the date of discontinuance at the percentage rate listed under Tuition Refunds/Charges—Discontinuance.

Tuition and class fees are due and payable beginning the second day of class and are considered late if not paid by the registration add deadline (tenth day of class for a semester, sixth day of class for a term). If you fail to meet the tuition (registration add) deadline, you will be assessed a late fee (\$90 per semester, \$45 per term). You will be assessed a late tuition fee if you pay less than full-time tuition by the deadline and are then enrolled or later become enrolled for more than 11.5 credit hours per semester or 5.5 credit hours per term. Students whose tuition check is dishonored by the bank will be charged the late fee in effect at the time the check is redeemed.

Past financial delinquencies must be cleared before a new registration may be commenced. Students who anticipate receiving financial aid will be held responsible to pay tuition charges before the registration add deadline whether or not financial aid is available or forfeited. Also, students receiving financial aid that is less than the tuition due must pay the difference by the registration add deadline to avoid a late fee.

A tuition billing statement will not be mailed; however, one can be obtained by logging into Route Y and clicking My Financial Account and then Tuition Billing Statement. A reminder will be e-mailed to all students who are registered for at least one class. **Whether or**

not the student receives a reminder, it is the student's responsibility to pay tuition by the registration add deadline to avoid a late tuition fee.

For an explanation of tuition payment options, go to <http://saas.byu.edu/tuition/payment.aspx>.

The charge for noncredit courses or for audited courses is the same as for credit courses. Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, 3 hours of lecture a week are considered 3 semester hours and are charged for accordingly. Therefore, students taking 10 credit hours during a semester (or 4 credit hours during a term) plus a noncredit class involving 2 or more lecture hours per week, would be considered full-time students for tuition assessment. However, noncredit courses do not count for federal Pell Grant, federal Stafford Loan, or scholarship eligibility. For courses in which no lecture hours are involved—for example, dissertations and theses—tuition and fees are charged based on hours being carried during the semester, as determined by the supervising professor.

Graduate students (for tuition assessment) are those who have received their first bachelor's degree, or will have received it by the beginning of the semester for which they are registering, and are not students of the Law School or the Graduate School of Management. Please be aware that tuition bills may be processed before graduate status is updated. Graduate students are responsible to pay graduate tuition regardless of the status declared on their tuition bill.

Full-time status (for tuition assessment) for all undergraduate students is registration for 12 or more credit hours per semester or 6 or more credit hours per term. For graduate students, full-time status is registration for 8.5 or more credit hours per semester or 4.5 or more credit hours per term.

Three-quarter-time status (for tuition assessment) for undergraduate students is registration for 9 to 11.5 credit hours per semester or 4.5 to 5.5 credit hours per term. Enrollment as a three-quarter-time student does not entitle the student to physical education suit and facility privileges.

Part-time status (for tuition assessment) for all undergraduate students is registration for 0.5 to 8.5 credit hours per semester or 0.5 to 4 credit hours per term. Enrollment as a part-time undergraduate student does not entitle the student to health insurance, student activity privileges, or physical education suit and facility privileges.

The university reserves the right to change these figures without notice. Questions regarding fee assessment should be referred to Student Financial Services.

Tuition and General Fees Per Term

Undergraduate Students	LDS	Non-LDS
Full-time (6 or more credit hours)	\$ 905	\$1,810
Three-fourths time (4.5–5.5 credit hours)	\$ 870	\$1,748
Half-time (3–4 credit hours or less) per credit hour	\$ 185	\$ 371
Graduate Students	LDS	Non-LDS
Full-time (4.5 or more credit hours)	\$1,145	\$2,290
Part-time per credit hour	\$ 255	\$ 509
Graduate School of Management Students and Law School Students	LDS	Non-LDS
Full-time (4.5 or more credit hours)	\$2,050	\$4,100
Part-time per credit hour	\$ 455	\$ 910

Tuition will be assessed per half-credit hour. Minimum tuition charged will be \$93. The charge for noncredit courses or for auditing courses is the same as when taking them for credit.

Late Tuition Fee

Beginning May 9 for spring term	\$45
Beginning July 3 for summer term	\$45

Tuition and class fees are due and payable beginning the second day of class. A late tuition fee will be assessed to all students who fail to pay tuition by the registration add/drop deadline. The late fee will also be assessed to students who pay less than full-time tuition by the deadline and are then or later become registered full time.

Any student whose tuition check is not honored by the bank will be charged the late tuition fee.

Tuition Adjustments— Change in Credit Hours

After the semester or term begins, a part-time student who increases the number of credit hours must pay for these additional hours **by the last day to add classes**. If this is not done, a late fee will be assessed.

A full-time student dropping to part time or a part-time student who decreases credit hours may be entitled to a tuition refund. A refund request must be initiated by the student through the Financial Services Office, D-155 ASB. A full refund of the difference between full-time assessment and part-time assessment will be allowed through the last scheduled day to add classes. Refunds for courses dropped after that date will be subject to the refund schedule listed under Tuition Refunds/Charges—Discontinuance.

Tuition Refunds/Charges— Discontinuance

Both full-time and part-time students who discontinue school will be charged tuition from the first day of classes until the date of discontinuance. A refund is based on the date they report their discontinuance to the Discontinuance Office, B-150 ASB, telephone (801) 422-7705. The following rates apply:

	Tuition Charged	Refund of Tuition Paid
Spring Term		
Before May 1	None	100%
May 1–May 4	10%	90%
May 7–May 11	15%	85%
May 14–May 18	20%	80%
May 21–May 25	25%	75%
May 29–Jun 1	30%	70%
After Jun 1	100%	None

	Tuition Charged	Refund of Tuition Paid
Summer Term		
Before Jun 25	None	100%
Jun 25–Jun 29	10%	90%
Jul 2–Jul 6	15%	85%
Jul 9–Jul 13	20%	80%
Jul 16–Jul 20	25%	75%
Jul 23–Jul 27	30%	70%
After Jul 27	100%	None

A refund due because of discontinuance from school will be processed approximately two weeks from the date of **discontinuance**. Refunds due to students who have a Federal Pell Grant and/or Federal Stafford/PLUS Loan will be returned to the lending agency and/or the Pell Grant Program. Contact Student Financial Services, D-155 ASB, (801) 422-4104, for specific information.

A petition for exception to the refund schedule will be considered for students forced to discontinue because of circumstances that are beyond their control. These circumstances include death in the immediate family, life-threatening situations, medical incapacitation, a university error, military leave, etc. Students should not submit petitions based on ignorance of university policies and procedures. These will be denied. Petition forms are in D-155 ASB.

Parking Fees and Information

<http://www.parking.byu.edu> or <http://www.police.byu.edu>
2120 JKB

Motor Vehicles

Parking permits are required to park on campus. To obtain a permit, log in to Route Y and proceed under Parking Registration; or bring the following to the Parking and Traffic Office:

1. Current vehicle registration.
2. BYU identification card.

G, Y, C, and motorcycle/moped parking permits expire September 15th of each year.

At the beginning of each term, during OneStop, all student permits will be issued from the OneStop location rather than from the Parking Services Office. Those wishing to obtain a student permit during that time will need to go to the parking counter located at OneStop in the WSC.

Bicycles

Bicycles must be licensed within Utah County. Provo City licenses cost \$1 at the Parking Services Office or at the Provo Police Department. Bicyclists must:

1. Always park bicycles in racks.
2. Never ride on sidewalks during class breaks.
3. Yield to pedestrians.
4. Obey all traffic rules.

Bicycles not parked in racks will be impounded. BYU will not be responsible for cut locks, chains, or cables. Cutting locks, chains, or cables is authorized only when uniformed police or traffic personnel are present.

Other Regulations and Information

Replacement permits will only be issued when the current valid permit is returned, regardless of car accident, windshield replacement, or selling of vehicle.

Neighborhoods adjoining campus are sometimes inundated with parked vehicles. Students are encouraged to obtain BYU parking permits and to park in university parking lots authorized by the permit.

Traffic regulation information may be obtained from the Parking Services Office. It is the responsibility of all students, faculty, and staff members to obey all traffic rules and regulations.

Questions may be directed to Parking Services personnel at (801) 422-3906, <http://www.parking.byu.edu> or <http://www.police.byu.edu>

Parking and Traffic Violation Fines

Appeals must be made within fourteen calendar days of the citation issue date. Otherwise the opportunity to appeal is forfeited. Individuals receiving seven or more citations in a twelve-month period (whether paid or unpaid) will have their driving and parking privileges revoked.

Records Fees

Search fee (duplicate receipt)	\$1
Transcript fee (per copy—pay at Records Office)	\$2

Health Insurance Requirement

BYU requires all three-quarter- and full-time students (9 credit hours or more for a semester; 4.5 credit hours for a term, including Salt Lake Center hours) to carry adequate medical insurance. This applies through the academic year, including students taking a semester or term off. All participants in groups on tour, Study Abroad, or internships are also required to carry adequate medical insurance.

Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by an employer or a spouse's or parent's employer. We recommend that any private medical insurance plan should:

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than \$500; and
- have an annual plan limit of no less than \$25,000.

Three-quarter- or full-time students must enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage when first enrolling at BYU and prior to the beginning of fall semester each year thereafter. Students who do not provide proof of private insurance via the Web to the BYU Health Plan Office will be automatically enrolled in and assessed the appropriate premium (single or married student rate) for the BYU Student Health Plan. The health plan premium will be charged to the student's account; payment is due by the tuition payment deadline each semester and term.

As an accommodation for disability, and with approval from the Office of Services for Students with Disabilities, a student may be eligible for the Student Health Plan with fewer than 9 semester hours or 4.5 term hours.

Debt Collection Fees

Students' past-due debts are referred to Student Financial Services for collection, and a reasonable collection fee is added to the student's account. If BYU is unable to collect the debt within a reasonable time, the debt may be referred to an outside collection agency and/or attorney for collection. All collection costs, including BYU's collection fee and any collection agency fees and/or attorney fees and court costs, will be added to the student's debt and must be paid in full before the university will release the financial hold on the student's transcript, allow the student to register, or consider the student for readmission. Also, the student's eligibility for graduating and participating in graduation ceremonies and/or having their diploma released may be delayed or denied.

Introduction to the Undergraduate Degree

There are three formal components to the baccalaureate at Brigham Young University: religious education, general education, and education in a major. Of these, the first two constitute the university core. In accordance with *The Aims of a BYU Education*, each of the three components complements the others. They are not partitioned off from one another; none claims preeminence; together they comprise a whole, a harmony.

The relationship between the university core and the major will vary in any given year according to the competing demands upon the student's attention. However, students should strive to develop their programs in such a way that a lively interrelationship between the university core and the major, in which each nourishes and informs the other, is pursued over the entire undergraduate experience. For a fuller description of each of these components—their underlying philosophy, objectives, and details—please see the University Core and Major sections of the current BYU Undergraduate Catalog (http://ar.byu.edu/catalog/ugrad_catalog.html).

University Core: Religious Education

Religious Education administers and offers courses in ancient and modern scripture, Church history and doctrine, and related subjects. Religion courses—both Doctrinal Foundation and Religion Electives—are provided so that students may progress in their religious understanding and convictions simultaneously with their educational progress in secular fields. As such, religion courses are not meant to be a mere devotional supplement, but an integral part of the university curriculum that parallels university standards and expectations. As a result, **no more than 4 hours of religion credit per semester may be counted toward the religion hours at BYU requirement.** For this purpose, spring and summer terms combined equal a single semester.

BYU students are expected to complete 14 hours of religion courses **at the BYU campus.** All students must complete the Doctrinal Foundation requirement of the university core as follows: Book of Mormon (RelA 121/H and 122/H), New Testament (RelA 211/H or 212/H, or a Jerusalem Center course: RelA 111, 200, 310, or 311), and Doctrine and Covenants (RelC 324/H or 325/H). In addition to the Doctrinal Foundation requirement, students must complete 6 elective hours of religion courses **at the BYU campus.**

Religion courses taken from LDS institutes of religion (including stake institute) or Church Educational System schools (BYU–Idaho or BYU–Hawaii) **will not**

fulfill the “religion courses taken at BYU” requirement. **Only religion hours taken at the BYU campus (including the BYU–Salt Lake Center and approved BYU Independent Study courses) will fulfill this requirement.**

All returned missionaries taking the Book of Mormon (RelA 121 or 122) must enroll in sections designated for returned missionaries.

Students who are **not LDS** are strongly encouraged to enroll in RelC 100, Introduction to Mormonism, during their first semester in residence. RelC 100 may be used to fill either the New Testament or Doctrine and Covenants requirement.

Transfer Credit

Students with transfer credit must fulfill the religion requirements according to the table below.

Total Hours Transferred to BYU	Minimum Religion Hours to Take at BYU	Doctrinal Foundation Courses Required for Graduation
0–14.9	14	Book of Mormon (RelA 121 and 122), Doctrine and Covenants (RelC 324 or 325) New Testament (RelA 111 or 200 or 211 or 212 or 310 or 311),
15–29.9	12	
30–44.9	10	
45–59.9	8	
60–74.9	6	Book of Mormon (RelA 121 and 122), Doctrine and Covenants (RelC 324 or 325)
75–89.9	4*	
90 or more	2*	Book of Mormon (RelA 121 and 122)
*More credits may be needed if the Doctrinal Foundation requirement has not been completed.

University Core: General Education

General education joins with religious education to make *university* education different from specialized vocational training. It builds a foundation for intellectual development; it increases our understanding of civilization—of humankind's most valuable knowledge and achievements in the arts, letters, and sciences. General education teaches us the importance of critical thinking, an awareness of the past, aesthetic sensibility, and moral judgment. These, together with the training provided in verbal and quantitative skills, in manipulating symbolic systems, help prepare us for a lifetime of learning, effective communication, responsible action, forming and judging arguments, and appreciating and creating the good and the beautiful.

Modifications in general education, effective fall 2004, have been made in an effort to achieve closer alignment with the *Aims of a BYU Education* and to assure that each student develops valuable skills and breadth in fundamental areas of human knowledge. All students who receive undergraduate degrees from BYU are required to complete the new GE requirements as outlined below, except those students who have taken classes at BYU before fall semester 2004. These latter students may complete either the new university core program or the previous GE program and religion requirements. Information on the previous GE program can be obtained in the college advisement centers. Students completing requirements under the previous GE program must do so before fall semester 2008. For details on completing the previous GE program, see the GE Summary table in the winter 2004 class schedule or http://saas.byu.edu/depts/registration/univ_core.aspx.

Selection and Timing of GE Classes

Each GE requirement is completed by taking one course or a combination of courses chosen from the approved list in the table below. Single-course options are most often designed for students whose major is topically distant from the requirement. On the other hand, combination-of-course options are often designed for majors related to the requirement and may include courses a student might take to satisfy a major or minor requirement. Students should carefully consider which option best meets their educational needs. Students are urged to consult their college advisement center when planning their classes.

Occasionally it is possible to complete more than one GE requirement with a single course. For example, Civilization 202 courses are typically labeled either “ARTS” for arts-focused, “LTRS” for letters-focused, or “GCA” for global and cultural awareness-focused. A Civilization 202 (ARTS) course can be used to complete both the Civilization 2 requirement and the Arts requirement; a Civilization 202 (LTRS)

course can be used to complete both the Civilization 2 requirement and the Letters requirement; and a Civilization 202 (GCA) course can be used to complete both the Civilization 2 requirement and the Global and Cultural Awareness requirement. Students are encouraged to use such “double-counting” sparingly—the more GE courses a student takes, the greater the breadth and value of the overall educational experience.

Not all courses listed in the table are appropriate for all students. For instance, some have prerequisites, some are upper-division courses, and some are designed primarily for certain majors. These courses are labeled in the university core table as either “has prerequisite” or “not for all students.” Students should avoid registering for courses for which they are not academically prepared and should consult with the class instructor if they are unsure.

To gain approval to meet a GE requirement, a course is subjected to a rigorous evaluation. Such approval is not granted lightly, and students should ensure that the courses they select are, in fact, *approved* for GE credit. This information is updated each semester/term and published in the current class schedule.

All new students should complete First-Year Writing and the two Book of Mormon classes during their freshman year. First-Year Writing may be taken in either semester of the first year. Students with an ACT math subscore below 22 also need to fill the Quantitative Reasoning requirement in their first year. It is likewise recommended that *all* new students begin work in the Mathematics or Foreign Language options under Languages of Learning.

Students planning to satisfy the Scientific Principles and Reasoning requirements in Biological or Physical Science with the one-course options (e.g., Biol 100, Phys 100) should also complete these, along with American Heritage, during their first two years, making some progress on them during their first year. Civilization courses are designed as sophomore-level courses, although some programs include them during the freshman year. Advice as to when to complete the other GE requirements can be obtained at college advisement centers or department offices.

University Core and the Honors Program

The Honors Program offers a number of courses that satisfy both university core and Honors requirements. These courses provide a deeper, more intense exposure to the subject matter for the student who is interested in a challenging experience. Departmental courses taught in both non-Honors and Honors sections are designated “/H” in the table of courses below. Courses offered by the Honors program are designated Honrs. Additional information concerning

honors courses may be obtained from the Honors Advisement Center, 102-A MSRB, (801) 422-5497, or by consulting the "University Honors Program Course Guide."

Ways to Complete GE Requirements Other Than by Course Work

In addition to taking approved courses, students may satisfy individual GE requirements within the university core by: (1) transferring acceptable credit from other academic institutions; (2) receiving credit from Advanced Placement (AP) and International Baccalaureate (IB) examinations; or (3) passing exemption or challenge examinations offered for some classes at the university.

Transfer Credit

The application of transfer credit to GE requirements is handled by the Admissions Office, A-183 ASB, (801) 422-2500. Articulation agreements have been reached with several junior and community colleges to facilitate the transfer process for students who have completed certain associate degrees. Contact the Admissions Office for up-to-date information regarding the status of those agreements with other institutions.

Advanced Placement and International Baccalaureate Credit

The results of some Advanced Placement (AP) and International Baccalaureate (IB) exams may be used to satisfy certain GE requirements and to obtain general university credit. AP or IB credit posted to a transfer institution will be evaluated based on BYU's standards rather than those of the transfer institution. Contact the School Relations Office, A-209 ASB, (801) 422-5000, for details regarding credit hours and exemption from GE requirements for both AP and IB exams.

Note: College Level Examination Program—BYU stopped giving credit for general exams in 2000. At this time, BYU does not give credit for subject exams either. CLEP credit posted to another institution's transcript is reevaluated based on BYU's standards.

Exemption and Challenge Examinations

Some requirements can be accomplished by successfully completing an examination. Two types of examinations are available: the exemption exam and the challenge exam. The primary difference between an exemption exam and a challenge exam is that an exemption exam is used exclusively to fulfill a general education requirement. No academic credit or letter grade is posted to the transcript. The challenge exam, however, is not restricted to GE courses, and academic credit and a letter grade may be posted to the transcript if the student so chooses. A student may take an exemption or challenge exam for a single course

only once during each semester or term. Students do not have to be enrolled in a course to take an exemption or challenge exam. However, some of the exams are given early enough each semester/term so that students who are enrolled and pass the exam may drop the course. Students not enrolled in a course have an opportunity to take the challenge or exemption exams offered at the Testing Center. Please consult the table on page 11 for specific exam dates.

Exemption Exams: No Credit or Grade

Exemption exams are offered for select general education courses only. Although passing an exam completes the GE requirement, it does not earn academic credit or a letter grade and does not appear on the transcript. Exemption exams are given in the Testing Center on the dates shown on the table that follows. A fee payable at the Testing Center is required for the exams. A passing score on an exemption exam is reflected on the progress report as fulfilling the requirement. However, no academic credit will be posted on the transcript of grades. The procedure to take an exam and request exemption from a course follows.

Challenge Exams: Graded Credit

Only students who have completed at least one course at BYU through day or evening school or the Salt Lake Center are eligible for the challenge examination option. Students currently enrolled are eligible to take the exam, but the credit will not be posted to the transcript until the other BYU credit and grades are posted. Students who are suspended or dismissed from the university are not eligible to challenge courses. Students who are suspended or dismissed may not have challenge examination credit posted to their record even if the examination was taken prior to the suspension or dismissal.

Once students have graduated, they are not eligible for challenging any additional credit at BYU unless it is specific to the graduate program to which the students have been admitted. (See current BYU Graduate Catalog for information on how to challenge graduate courses.)

A challenge exam may or may not be offered for a course at the discretion of the department. Passing a challenge exam earns credit and a letter grade for the course, which appears on the transcript if the student elects to accept the grade. Challenge exams are not restricted to general education courses. Some challenge exams are offered in the Testing Center, and others are arranged through the department offering the course. Departments reserve the right to decide which courses may be challenged by examination. A fee payable at the Testing Center is charged for exams offered in the Testing Center. A fee payable at Student Financial Services, D-155 ASB, is required for exams that are offered through individual departments. **Check with the department to see if the exam is offered in**

the department or in the Testing Center. To earn academic credit and a letter grade for the course, the student must submit a Challenge Examination Form, provided by the Testing Center or the department, to the Records Office, B-150 ASB. No additional fees are charged to post credits to the transcript. The student's transcript and grade-point average reflect the grade earned on the exam. The procedure to take exams and request academic credit follows.

Procedure for Exemption and Challenge Exams Given at the Testing Center

A. Procedure for Exemption Exams

1. Contact the appropriate academic department for exam procedure and content before going to the Testing Center.
2. Go to the Testing Center (265 HGB) on one of the examination dates listed on page 11.
3. Pay the required fee at the Testing Center.
4. If you are enrolled in the course when you pass its exemption exam, you **must** also complete an Add/Drop Card and drop the course. Students who drop the class after the *add deadline* (ten class days after a semester starts or six class days after a term starts) will receive a W on their transcript for dropping the course, and their progress report will reflect fulfillment of the GE requirement. If the exempted course is not *officially* dropped before the drop deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

Note: If you pass an exemption exam at the Testing Center, your progress report will be updated automatically at the end of the semester. Please retain your score report for your records.

B. Procedure for Challenge Exams Given at the Testing Center

1. Contact the appropriate academic department for exam procedure and content before going to the Testing Center.
2. Go to the Testing Center (265 HGB) on one of the examination dates listed on page 11.
3. Pay the required fee at the Testing Center.
4. After the exam is graded, if you choose to receive graded credit, obtain a Challenge Examination Form at the Testing Center and have it validated there. To accept the grade and receive credit for the course, you must sign the Challenge Examination Form and obtain the signature of the examiner (at the Testing Center). The Testing Center sends the form to the Records Office, B-150 ASB, within one month from the date the exam is taken.

Graded credit will be added to your official university transcript, and the progress report will show any GE requirement as fulfilled. (Students taking the Physical Science exam may take the grade or an exemption if their score is 75 percent or above. If their score is between 60 and 74 percent, then they may receive graded credit.)

5. If you are enrolled in the course when you pass its challenge exam, you **must** also complete an Add/Drop Card and drop the course. Students who drop the class after the *add deadline* (ten class days after a semester starts or six class days after a term starts) will receive a W on their transcript for dropping the course, and their progress report will reflect fulfillment of any GE requirement. If the course is not *officially* dropped before the drop deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

Procedure for Challenge Examinations Not Given at the Testing Center

- A. Whether or not you are enrolled in the course you are challenging:
 1. Complete the Challenge Examination Form available from the department.
 2. Arrange with the department to take the exam.
 3. Pay the required testing fee at Student Financial Services, D-155 ASB, and have the form validated there (\$20 fee per course except for the language exams).
 4. Present the validated form to the department examiner.
 5. Have the grade and credit recorded on the form by the examiner and obtain the necessary departmental signatures.
 6. The department will submit the completed form to the Records Office, B-150 ASB, within one month from the date the exam is taken.
- B. If you are enrolled in the course when you pass its challenge exam, you **must** also complete an Add/Drop Card and drop the course. Students who drop the class after the *drop deadline* (ten class days after a semester starts or six class days after a term starts) will receive a W on their transcript for dropping the course, and their progress report will reflect fulfillment of the GE requirement. If the course is not *officially* dropped, the grade given by the instructor based on class performance will appear on the transcript of grades.

Schedule of Exemption and Challenge Examinations Given in the Testing Center

The Testing Center, 265 HGB, offers special examinations for some GE classes on the dates noted below. Please contact the appropriate academic department for specific exam information before going to the Testing Center.

How Do You Get Help with Specific Questions Concerning General Education?

The essential information concerning general education is found in the current BYU Undergraduate Catalog. Additional, late-breaking information, plus advice about general education requirements can be obtained from your college advisement center. The eleven college advisement centers, together with the University Advisement Center, 2500 WSC, provide assistance with registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of academic life.

Computer terminals are available in the advisement centers and at other locations on campus to provide you with an up-to-date report of your academic status. To assess your Advisement by Computer (ABC) Report, log into Route Y, select the AIM icon, then select the ABC Report link. This will generate a personalized report that includes a list of GE requirements you have completed.

Major Education

Brigham Young University students are expected to develop competence in at least one area of concentration. Such competence is acquired through in-depth study in an area referred to as the major. Through the major requirements students encounter a rigorous, coherent, and progressively more sophisticated program of study. Such study is intrinsically valuable, and it prepares students to enter the world of work or to pursue further study. By the time they graduate, students should have a grasp of their discipline's essential knowledge and skills and thus be able to compete in and contribute to the larger world outside the university.

BYU offers approximately 150 undergraduate major programs. Most of these programs are centered in the more than 50 academic departments, but several interdisciplinary programs are also available. The complete list of these degrees is given in the BYU Undergraduate Catalog under the heading Alphabetical List of Undergraduate Majors at BYU. Of the 120 credit hours required as a minimum for the baccalaureate degree, the major program typically comprises between 40 and 60 credit hours, although some exceed 60 credit hours. Requirements for major programs are detailed under specific departments in the catalog.

Students need not feel undue pressure to declare a major immediately upon entering the university, and they may wish to enroll in general education courses that can introduce them to possible areas for major study. However, some majors, including those in the natural sciences, engineering, music, and visual arts, are tightly structured. Efficient graduation from these programs requires students to undertake degree requirements during the first semester of their freshman year. Students who are considering these programs are encouraged to begin them as soon as possible. The academic departments and college advisement centers can provide advice about particular degree requirements and selecting a major.

The University Core (GE + Religion) Detailed Options—Sp/Su 2007

Please read the Components of the Undergraduate Degree section of this class schedule *before* considering the list of courses to complete these requirements.

Note 1: The courses listed on the following table are subject to change each semester. Some general education (GE) courses listed have approval on a trial basis and may be removed from the list at a later date. Please consult a current class schedule each semester/term to ensure that the class you take is still approved for GE. Some requirements can also be satisfied with AP or IB exam credit. Check with the School Relations Office, A-209 ASB, (801) 422-5000, for current mapping of AP/IB exams.

Note 2: Courses that include honors sections are followed by /H.

Note 3: For details on completing the previous GE program, see the previous GE Program Summary table in the winter 2004 class schedule.

The University Core: Summary

To complete the University Core, you must satisfy each of the 18 requirements listed below. Each can be completed by taking one course or a combination of courses. In some cases, you may satisfy the requirement in other ways: AP; competency exams; or, in the case of Quantitative Reasoning, ACT or SAT score. Furthermore, in some cases a single course may complete two requirements (double count). Courses marked in bold are especially recommended for freshman students. See the University Core Detailed Options Table (beginning at right) for details.

1. **Book of Mormon** (take 2-course sequence)
2. *New Testament* (take 1 course)
3. *Doctrine and Covenants* (take 1 course)
4. *Wellness* (take 1 course **or** 3-course combination)
5. **American Heritage** (take 1 course **or** 2-course combination)
6. *Global and Cultural Awareness* (take 1 course **or** 2-course combination; tagged courses in detailed table below may double-count to also complete the *Languages of Learning* **or** *Arts* **or** *Letters* **or** *Civilization 2* requirement)
7. **First-Year Writing** (take 1 course **or** AP—see detailed table below)
8. *Advanced Writing and Oral Communication* (take 1 course **or** 2-course combination)
9. **Quantitative Reasoning** (take 1 course **or** ACT/SAT option—see detailed table below)
10. *Languages of Learning* (Math option: take 1 course; Foreign Language option: take courses up to the culminating course)
11. *Civilization 1* (take 1 course)
12. *Civilization 2* (take 1 course; tagged courses may double-count to complete *Arts* **or** *Letters* **or** *Global and Cultural Awareness*)
13. *Arts* (take 1 course or combination of courses; tagged courses may double-count to complete *Civilization 2* **or** *Global and Cultural Awareness*)
14. *Letters* (take 1 course; tagged courses may double-count to complete *Civilization 2* **or** *Global and Cultural Awareness*)
15. *Biological Science* (take 1 course **or** 2-course combination)
16. *Physical Science* (take 1 course **or** 2-course combination)
17. *Social Science* (take 1 course)
18. *Religion Electives* (take 3–4 courses)

Open Electives (take other courses to round out your education—required only if students need classes to complete the 120 hours for graduation)

Although the time to complete GE requirements varies according to the major, all new students should complete the First-Year Writing and the two Book of Mormon classes during their freshman year. First-Year Writing may be taken in either semester of the first-year. It is also recommended that students who, because of an ACT math subscore below 22, need to fill the Quantitative Reasoning requirement, do so in their first year, and that all new students begin work in the mathematics or foreign language options under Languages of Learning.

Students planning to satisfy the Scientific Principles and Reasoning/Biological Science, /Physical Science requirements with the one-course options (e.g., Biol 100, Phys 100) should also complete these, along with American Heritage, during their first two years, making some progress on them in their first year. Civilization courses are designed as sophomore-level courses, although some programs include them during the freshman year. Advice as to when to complete the other GE requirements can be obtained at college advisement centers or department offices.

International students for whom English is a second language (i.e., those who took the TOEFL exam as part of the application process) may fulfill this requirement through any of the American Heritage options. The student is responsible to see that this is posted to the progress report through the college advisement center.

Students may also complete the Global and Cultural Awareness requirement through a designated Study Abroad, International Internship, or service learning experience of at least one semester's duration that involves working with people outside one's own culture. This option requires a reflection paper, which should be of the same high quality as a class term paper, reflecting the student's best writing. The paper should be at least seven pages of typed double-spaced text, plus title page, references, and any relevant tables or figures. Substandard papers will not be accepted. The paper should be submitted first to the faculty member in charge of the program. Once the faculty member is satisfied with the paper as being of sufficiently high quality to merit GE credit, the paper and cover memo from the faculty member should then be submitted to the Office of General Education, 350 MSRB, for GE clearance.

Nonnative speakers of English (i.e., those who took the TOEFL exam as part of the application process) may fulfill the Foreign Language option through one of the following courses. The student is responsible to see that this is posted to the progress report through the college advisement center.

Engl 230	Introduction to Literature: Fiction, Drama, Poetry

Hum 261/H	Introduction to American Humanities 1: Colonial Era–1876
Hum 262/H	Introduction to American Humanities 2: 1877–Present

Note: For less commonly taught languages, look for a FLang 330R course taught in that language. For information on the availability of additional language courses, please contact the Center for Language Studies, (801) 422-1201. Occasionally insufficient enrollment may preclude the offering of a culminating course in a less commonly taught language. In such cases the center will offer FLang 330R as an Independent Study course. To receive **graded credit** for the lower-division courses covered by the foreign language challenge exam, students must take the challenge exam while they are enrolled in FLang 330R. This is a requirement regardless of whether the student is enrolled in a regular FLang 330R course or is taking the course through Independent Study. In all FLang 330 courses, the challenge exams will be scheduled by the Center for Language Studies and will be administered during the course.

*Students completing the BM degree or BFA in music dance theatre meet this requirement through a music theory sequence culminating in, for the BM, Music 301, Survey of Music Literature; and, for the BFA, Music 300 + Dance 300 + TMA 300, History of Music Dance Theatre.

CORE ENRICHMENT: ELECTIVES**RELIGION ELECTIVES****

From three to four courses (6 elective religion hours required).

OPEN ELECTIVES

Courses chosen from various disciplines to round out the student's education. Required only if students need classes to complete the 120 hours for graduation.

Total hours: Total required religion hours 14; the total required hours in general education may vary from 31.5 to 72 depending upon tracks chosen by students or as a result of departmental requirements.

/H indicates that there are also honors sections of the departmental course; Honrs refers to courses taught only in the Honors Program.

*A course designated "not for all students" is not targeted for all students; it may have limited enrollment or be designed only or primarily for certain majors. If you have questions about registering for this course, please consult the instructor or college advisement center.

**Because regular gospel study should be a continuous part of a student's university experience, it would be ideal to take one religion class each semester of enrollment. No more than 4 hours of religion credit per semester (spring/summer terms count as one semester) may be counted toward the required minimum hours to be taken at BYU.

Note: For details on completing the previous GE program, see the previous GE Program Summary table in the winter 2004 class schedule.

Brigham Young University Honors Program

Participation in Honors

The Honors Program provides an unusually rich and challenging experience for capable and motivated undergraduate students. Its purpose is to assist students as they establish lifelong patterns of learning and appreciation of the world's great treasures of knowledge. An honors education is not merely a more intensive general education or a more strenuous program in a major. Rather, it provides students with the advantages of an enriched education in a small-class setting with excellent professors, while utilizing all of the advantages of a large university. Students who pursue an honors education at Brigham Young University take honors courses that meet university core requirements and participate in an intensive honors thesis experience in their major.

To graduate from BYU, students must meet not only the requirements of a major department but also the university core requirements in general education and religion. Most students complete the nonmajor requirements through courses in the general university curriculum. Because all students must complete core requirements, some required classes have high enrollments, and there is little opportunity for students to interact with the professors. The Honors Program invites capable and motivated students to satisfy university core requirements through honors as alternatives to the standard general and religious education programs. Honors courses have small enrollments (usually fewer than 30 students per class) and emphasize class discussion and writing.

University Honors is a distinction awarded to all graduates of BYU who have met the honors requirements as described below. This prestigious designation is recorded on the university diploma, on the official transcript of grades, and in the graduation program. It is widely recognized as an indication of exceptional academic achievement.

Although it is hoped that students will choose to complete all of the requirements for the University Honors designation, those who do not intend to do so are welcome to participate in the Honors Program to whatever extent they choose. All students are invited to consider honors as a way to achieve the quality academic experiences they seek. Students may register for honors courses at any time during their undergraduate years without necessarily intending to complete all the honors graduation requirements.

Honors education is open to all students who choose to participate; there is no formal membership in the Honors Program. Students who intend to graduate with University Honors should complete an

enrollment form that may be obtained from the Honors Advisement Center in 102A Maeser Building (MSRB).

Facilities and Opportunities Available to Honors Students

The Honors Program is housed in the historic Maeser Building on the southwest part of campus. This quiet corner of campus is surrounded by beautiful grounds and wooded areas. The building is named after Karl G. Maeser, the first principal of Brigham Young Academy (the school that later became Brigham Young University). A bronze statue of Karl G. Maeser stands at the building's east entrance. The Maeser Building was constructed in 1911 and is the oldest building on the current campus. Its marble halls are richly decorated with oak and brass trim. The building was restored in 1985 with modern electrical and ventilation systems but retains its historic architecture and decoration.

Facilities for honors students in the Maeser Building include the Honors Reading Room in 150 MSRB, with study tables and a small library of reference works and classics; the Honors Student Lounge in 102 MSRB, where students can meet for informal discussions; an art gallery in the lower-floor hall; the Honors Advisement Center in 102A MSRB, where students receive counseling about their honors education; and the Martha Jane Knowlton Coray Lecture Hall in 321 MSRB, where classes, lectures, and musical concerts are held.

Students who have committed to graduate with University Honors and are active participants in the Honors Program are eligible for reduced-rate or free admission to selected musical and theatrical performances, some of which may include visiting performers of international renown. They also have priority registration privileges for honors courses. The Honors Program sponsors lectures, concerts, symposia, and socials. The students can also participate in inter-campus events with honors students from other universities and colleges. Each week, on Thursdays at 11:00 a.m. during fall and winter semesters, the Honors Program sponsors honors lectures featuring a religious or academic presentation by a professor or member of the community. Students are also invited to participate in the Honors Student Advisory Council, a group of student representatives who assist in policy development, social activities, and academic functions of the Honors Program.

Who Should Participate in Honors

The characteristics that best define honors students are motivation and a strong desire to obtain the most from the educational experience that BYU has to offer. Honors students seek breadth in their education

by taking honors courses outside their majors. They excel within their majors by learning how to conduct research and scholarly work within their chosen fields. They usually tend to work harder and spend more time on their course work than other students, not because their courses are more difficult but because they take courses that interest them. They attend concerts, plays, films, lectures, and art exhibitions, and they participate in informal discussions with their professors and fellow students. Because many of their classes are small and discussion-oriented, they are personally acquainted with their professors. They become well-rounded, literate, and humane scholars whose faith in the restored gospel is strong. Their thirst for knowledge lasts a lifetime. They are not necessarily those with the highest grade point averages or the highest standardized test scores, nor do all honors students have scholarships.

Approximately 30 percent of the BYU student body participates to some extent in honors, and students benefit thereby from an enriched education. The Honors Program invites all BYU students who seek an enhanced educational experience to take advantage of the many opportunities offered by the Honors Program.

Overview of Requirements for Graduation with University Honors

This section provides a brief overview of the requirements to graduate with University Honors. The staff in the Honors Advisement Center, 102A MSRB, (801) 422-5497, is available to answer questions about honors requirements. To graduate with University Honors, a student must:

1. Commit to graduate with University Honors.
2. Complete the honors curriculum requirement.
3. Complete the honors Great Works requirement.
4. Complete the honors Advanced Languages requirement.
5. Complete the honors service requirement.
6. Complete the honors thesis requirement.
7. Graduate with a cumulative grade point average of at least 3.5.
8. Submit a graduation portfolio that summarizes the student's honors experiences.

The requirements for graduation with University Honors complements both major and core education. The honors curriculum, Great Works, and Advanced Languages requirements enhance the university core components; the honors thesis requirement enhances the major education component.

Honors Courses

Dates and times for honors courses are listed in the class list of this schedule under Honors (Honrs) or by any class with the suffix *H*.

The "University Honors Program Course Guide" also contains a complete list of honors courses and detailed course descriptions. It is an essential supplement to the current undergraduate catalog and this class schedule. To obtain the course guide or further information about the Honors Program, contact the Honors Advisement Center, 102A MSRB, telephone (801) 422-5497, or refer electronically to <http://honors.byu.edu>.

Brigham Young University Academic Standards

Academic Support Office, 2500 WSC, (801) 422-2723

A student's academic standing at BYU is determined according to the grades that the student earns at BYU. **Academic standing is based on a minimum of 6 credit hours. Students enrolled for fewer than 6 credit hours in a semester or term have their credits combined with their next enrollment(s) until 6 credits of graded hours are accumulated, at which point the academic standing is calculated.** The following outline shows the conditions and expectations according to the student's academic standing.

Note: College advisement centers (CACs) may also set registration blocks on students not progressing toward timely graduation. In such cases, students must also meet with their CAC to have this block removed.

<i>ACADEMIC STANDING</i>	<i>UNDER THESE CONDITIONS</i>	<i>EXPECTATIONS</i>
GOOD	When the most recent semester/term GPA and BYU cumulative GPA are 2.0 or above and the student has NOT been on academic Probation or Suspension	Student continues to maintain a BYU cumulative GPA of 2.0 or higher until graduation.
PREVIOUS	The same as Good academic standing but indicates a student has previously been on academic Probation or Suspension.	The student continues to maintain a 2.0 or higher semester/term and BYU cumulative GPA. However, the student goes directly to academic Probation if the student has a semester/term GPA below 2.0.
WARNING <i>Includes</i> a registration block.	When the most recent semester/term GPA is below 2.0 and the student was in Good academic standing OR When the most recent semester/term GPA is 2.0 or higher but the BYU cumulative GPA is below 2.0 and the student was on academic Warning.	The student is blocked from registrations beyond the subsequent semester/term until the student EITHER submits a complete Academic Improvement Plan to the Academic Support Office by the appropriate deadline OR the student earns at least a 2.0 GPA for the subsequent enrollment and has at least a 2.0 cumulative GPA. Students with less than a 2.0 cumulative GPA must submit the Academic Improvement Plan.
PROBATION <i>Includes</i> a registration block.	When the most recent semester/term GPA is below 2.0 and the student was on academic Warning OR When the most recent semester/term GPA is below 2.0 and the student was on Previous academic standing OR When the most recent semester/term GPA is 2.0 or higher but the BYU cumulative GPA is below 2.0 and the student was on academic Probation.	The student is blocked from registrations beyond the subsequent semester/term until the student EITHER submits a complete Academic Improvement Plan to the Academic Support Office by the appropriate deadline OR the student earns at least a 2.0 GPA for the subsequent enrollment and has at least a 2.0 cumulative GPA. Students with less than a 2.0 cumulative GPA must submit the Academic Improvement Plan. Students on Probation who earn less than a 2.0 GPA for a semester or term are academically suspended. Note: If a student is receiving university or federal financial aid, the student must also contact the Financial Aid Office, A-41 ASB, (801) 422-4104. Students on Probation may not be eligible for financial aid.
SUSPENSION	When the most recent semester/term GPA is below 2.0 and the student was on academic Probation OR When a student fails to comply with the conditions prescribed by the Academic Standards Committee.	1. The student is immediately dropped from all enrollments in day, evening, or extension classes (except Independent Study). 2. The student may not enroll in BYU day, evening, or extension classes (except Independent Study) for a minimum of twelve months. During this time the student is expected to resolve all problems leading to the student's academic suspension. After twelve or more months, the student may apply for readmission. If the student completes any college-level work while on Suspension, the student must receive an overall GPA of 3.0 or higher in that course work to be allowed readmission. The student should contact the Admissions Office, A-153 ASB, (801) 422-2507, for details and pertinent information about deadlines and expectations for readmission. 3. A student with extenuating circumstances—who has appropriate support and justification—may appeal the twelve-month period out of BYU through the Academic Standards Committee. The student should contact the Academic Support Office, 2500 WSC, (801) 422-2723, for assistance. No other appeals will be considered.
DISMISSAL	When the student is academically Suspended a second time.	An academically dismissed student may not enroll in day, evening, or extension classes (except Independent Study). After three years a student is eligible to enroll in evening or extension classes. A student may seek an exception to be readmitted as a degree-seeking student after two years by petitioning the Academic Standards Committee.

Graduate Studies

Brigham Young University offers doctoral and master's degrees in a broad range of fields, as well as professional degrees in law and management. The doctoral degree requires you to demonstrate an impressive scholarly competence, which includes the ability to conduct and report significant research in a highly effective way. Advanced systematic study in a discipline is also essential, and it is followed by comprehensive examinations that require you to integrate and understand the collective knowledge of your discipline. An impeccably written dissertation resulting from independent research is scrutinized and tested in a concluding oral examination. The master's degree also requires advanced course work, demonstrated mastery in vital aspects of a discipline, skill in research methodology and theory, and preparation for future creative work. Nearly all nonprofessional master's programs at Brigham Young University require integrating examinations and a major culminating piece of written work—usually a thesis, sometimes a project—and an oral examination on that work. Professional programs also demand high-level performance of students, blending scholarly insight with technical knowledge and skill.

Admission to Graduate Study

Application to graduate study is made through Graduate Studies, B-356 ASB, PO Box 21339. Applications can be submitted online at <http://www.byu.edu/gradstudies/admissions/applications/onlineapp.html>. Applying online is strongly encouraged because it requires a shorter and more efficient processing time. Except in a small number of integrated programs, the bachelor's degree is required before you may register in a graduate program. Admission to graduate study is determined by individual departments, once standard university requirements have been met. Applicants are admitted to study in specific programs, many of which are highly selective and admit only a limited number of students each year. If you are a prospective applicant, you should communicate your interest to the specific department(s) to which you wish to apply, and they will forward program and admission information to you.

Advisement of Graduate Students

Once admitted to a department graduate program, you are advised by particular faculty members and the department graduate coordinator rather than through college advisement centers. Direct general questions about university admissions, procedures, and graduation to Graduate Studies, where program administrators work individually with students and departments in

admitting students and seeing them through their programs to graduation. Graduate students should read and regularly consult the current BYU Graduate Catalog for information about university policies and procedures as well as department programs.

Degree Requirements

University minimums require 54 credit hours for the doctoral degree and 30 credit hours for the master's degree. A number of programs, particularly professional programs, require more than those minimums. The highly individual nature of graduate work is reflected in the specialized programs offered by departments and the selection of courses appearing on each student's program of study. Except in professional programs, programs of study are tailored for individual students, and their progress through those courses is tracked by Graduate Studies. Students may access their progress report any time on the Web.

Graduate Curriculum

Graduate courses in the university are numbered in the five, six, and seven hundreds. Seniors with exceptional ability may, on occasion, register for courses numbered in the 500 series but should be aware that such courses are taught at a graduate level, and expectations may exceed the undergraduate's preparation. Graduate courses generally require significant research and individual initiative.

Registration Requirements

Given the more intensive nature of graduate study, a normal semester registration is from 9 to 12 credit hours. Some programs limit students to a 6-hour registration. It is the responsibility of each graduate student to understand and follow both the general university requirements for graduate work and the specific department requirements for individual programs.

U.S. graduate students must register for a minimum 6 semester hours per academic year and must be registered for a minimum 2 semester hours in the semester or term in which they are (a) admitted into a graduate program or (b) plan to graduate. No D, E, W, NS, or I grades; audits; or correspondence courses may count toward these totals or toward a graduate degree.

Immigration regulations require international students to register for at least 9 semester hours each fall and winter semester until they have fewer than 9 credit hours remaining to finish their programs. Then they must register for at least 2 semester hours and receive clearance from International Services, 1351 WSC, PO Box 25520.

Academic Standards

Grade Point Average (GPA) Requirements

Graduate students whose graduate program of study GPA falls below 3.0 (prerequisite and skill courses are exempted) will not be allowed to graduate and may be dismissed from their graduate programs. No D credit may apply toward a graduate degree.

Annual Reviews of Graduate Students

Departments are asked to make a formal evaluation of the performance of graduate students at least twice a year; some evaluate more frequently. Each department establishes its own evaluation criteria and the standards it requires graduate students to meet, but generally evaluations are based on students' total academic performance, their fulfillment of program requirements (program of study submitted, courses completed on schedule, prospectus approved by department, student advanced to candidacy), and their professional performance (including quality of teaching and research).

Enrollment Verification

Graduate students may request verification of their enrollment status as full-time or part-time students, for loans or for other purposes, from the Records Office, B-150 ASB, PO Box 21114, telephone (801) 422-2631. Registration for a minimum 8.5 credit hours constitutes full-time enrollment in a semester, and 4.5 credit hours does so in a term. Registration for fewer hours constitutes part-time enrollment.

Graduate students (master's and doctoral students) who are enrolled for at least 2 hours per semester or 1 hour per term, and who can be certified by their department as being engaged full-time in pursuit of their degrees, can petition for graduate full-time status. Requests for such an exception should be directed to Graduate Studies.

Campus Privileges for Graduate Students

Graduate students who are registered for at least 2 hours per semester or 1 hour per term receive a university (ID) activity card and are eligible for all on-campus privileges afforded students who are registered full-time, i.e., on-campus employment, student housing, student insurance, intramurals, use of physical education facilities, graduate parking permits, and discount admission to sporting and cultural events.

Changing Degree Levels

With department approval, students may change from one degree level to another within a department and without interruption of enrollment. Request the change by submitting to Graduate Studies a Request to Change Degree Level (Form 1c), paying the application fee if applicable, and following the instructions on the back of the form. After receiving a department's recommendation to approve or deny the request, Graduate Studies will officially notify you.

Changing Departments

To change departments, a student must submit another complete application, including another application fee, by the required deadline for the new program.

Discontinuance from BYU

Graduate students who wish to withdraw from a current registration altogether must discontinue through the university's Discontinuance Office, B-150 ASB, (801) 422-7705.

Termination of Graduate Status

Termination of graduate status may result if a student:

1. Fails to fulfill the university's minimum registration requirement.
2. Fails to meet the degree time limit.
3. Makes a request to withdraw (with the intent to pursue a degree at another university, for personal reasons, or in response to department recommendation).
4. Receives a Marginal or Unsatisfactory rating in a review by the academic department and is unable or unwilling to comply with conditions for continuance outlined by the department.
5. Fails to make what the department or the university deems to be satisfactory progress toward a graduate degree.
6. Fails the departmental comprehensive examination.
7. Fails the final oral examination (defense of dissertation, thesis, or project).
8. Violates the university's Honor Code.

Church Educational System Honor Code

Brigham Young University, Brigham Young University—Hawaii, Brigham Young University—Idaho, and LDS Business College exist to provide an education in an atmosphere consistent with the ideals and principles of The Church of Jesus Christ of Latter-day Saints. That atmosphere is created and preserved through commitment to conduct that reflects those ideals and principles. Members of the faculty, administration, staff, and student body at BYU, BYU—H, BYU—I, and LDSBC are selected and retained from among those who voluntarily live the principles of the gospel of Jesus Christ. Observance of such is a specific condition of employment and admission. Those individuals who are not members of The Church of Jesus Christ of Latter-day Saints are also expected to maintain the same standards of conduct, except church attendance. All who represent BYU, BYU—H, BYU—I, and LDSBC are to maintain the highest standards of honor, integrity, morality, and consideration of others in personal behavior. By accepting appointment on the faculty, continuing in employment, or continuing class enrollment, individuals evidence their commitment to observe the Honor Code standards approved by the Board of Trustees “at all times and . . . in all places” (Mosiah 18:9).

Honor Code Statement

We believe in being honest, true, chaste, benevolent, virtuous, and in doing good to all men. . . . If there is anything virtuous, lovely, or of good report or praiseworthy, we seek after these things.
—THIRTEENTH ARTICLE OF FAITH

As a matter of personal commitment, students, faculty, and staff of Brigham Young University, Brigham Young University—Hawaii, Brigham Young University—Idaho, and LDS Business College seek to demonstrate in daily living on and off campus those moral virtues encompassed in the gospel of Jesus Christ, and will

Be honest
Live a chaste and virtuous life
Obey the law and all campus policies
Use clean language
Respect others
Abstain from alcoholic beverages, tobacco, tea, coffee, and substance abuse
Participate regularly in church services
Observe the Dress and Grooming Standards
Encourage others in their commitment to comply with the BYU Honor Code.

Specific policies embodied in the Honor Code include (1) the Academic Honesty Policy, (2) the Dress and Grooming Standards, (3) the Residential Living

Standards, and (4) the Continuing Student Ecclesiastical Endorsement. (Refer to institutional policies for more detailed information.)

Academic Honesty Policy

The first injunction of the BYU Honor Code is the call to “be honest.” Students come to the university not only to improve their minds, gain knowledge, and develop skills that will assist them in their life’s work, but also to build character. “President David O. McKay taught that character is the highest aim of education” (The Aims of a BYU Education, p. 6). It is the purpose of the BYU Academic Honesty Policy to assist in fulfilling that aim.

BYU students should seek to be totally honest in their dealings with others. They should complete their own work and be evaluated based upon that work. They should avoid academic dishonesty and misconduct in all its forms, including but not limited to the following: plagiarism, fabrication or falsification, cheating, and other academic misconduct.

Plagiarism

Intentional plagiarism is a form of intellectual theft that violates widely recognized principles of academic integrity as well as the Honor Code. Such plagiarism may subject the student to appropriate disciplinary action administered through the university Honor Code Office, in addition to academic sanctions that may be applied by an instructor. Inadvertent plagiarism, although not in violation of the Honor Code, is nevertheless a form of intellectual carelessness that is unacceptable in the academic community. Plagiarism of any kind is completely contrary to the established practices of higher education, where all members of the university are expected to acknowledge the original intellectual work of others that is included in one’s own work. In some cases, plagiarism may also involve violations of copyright law.

Intentional Plagiarism

Intentional plagiarism is the deliberate act of representing the words, ideas, or data of another as one’s own without providing proper attribution to the author through quotation, reference, or footnote.

Inadvertent Plagiarism

Inadvertent plagiarism involves the inappropriate, but nondeliberate, use of another’s words, ideas, or data without proper attribution. Inadvertent plagiarism usually results from an ignorant failure to follow established rules for documenting sources or from simply being insufficiently careful in research and writing. Although not a violation of the Honor Code, inadvertent plagiarism is a form of academic misconduct for which an instructor can impose appropriate academic sanctions. Students who are in doubt as to whether

they are providing proper attribution have the responsibility to consult with their instructor and obtain guidance.

Examples of Plagiarism

Direct Plagiarism—The verbatim copying of an original source without acknowledging the source.

Paraphrased Plagiarism—The paraphrasing, without acknowledgment, of ideas from another that the reader might mistake for your own.

Plagiarism Mosaic—The borrowing of words, ideas, or data from an original source and blending this original material with one’s own without acknowledging the source.

Insufficient Acknowledgment—The partial or incomplete attribution of words, ideas, or data from an original source.

Plagiarism may occur with respect to unpublished as well as published material. Acts of copying another student’s work and submitting it as one’s own individual work without proper attribution is a serious form of plagiarism.

Fabrication or Falsification

Fabrication or falsification is a form of dishonesty where a student invents or distorts the origin or content of information used as authority. Examples include

1. Citing a source that does not exist.
2. Citing information from a source that is not included in the source.
3. Citing a source for a proposition that it does not support.
4. Citing a source in a bibliography when the source was neither consulted nor cited in the body of the paper.
5. Intentionally distorting the meaning or applicability of data.
6. Inventing data or statistical results to support conclusions.

Cheating

Cheating is a form of dishonesty where a student attempts to give the appearance of a level of knowledge or skill that the student has not obtained. Examples include

1. Copying from another person’s work during an examination or while completing an assignment.
2. Allowing someone to copy from you during an examination or while completing an assignment.
3. Using unauthorized materials during an examination or while completing an assignment.
4. Collaborating on an examination or assignment without authorization.
5. Taking an examination or completing an assignment for another, or permitting another to take

an examination or to complete an assignment for you.

Other Academic Misconduct

Academic misconduct includes other academically dishonest, deceitful, or other inappropriate acts that are intentionally committed. Examples of such acts include but are not limited to

1. Inappropriately providing or receiving information or academic works so as to gain unfair advantage over others.
2. Planning with another to commit any act of academic dishonesty.
3. Attempting to gain an unfair academic advantage for oneself or another by bribery or by any act of offering, giving, receiving, or soliciting anything of value to another for such purpose.
4. Changing or altering grades or other official educational records.
5. Obtaining or providing to another an unadministered test or answers to an unadministered test.
6. Breaking and entering into a building or office for the purpose of obtaining an unauthorized test.
7. Continuing work on an examination or assignment after the allocated time has elapsed.
8. Submitting the same work for more than one class without disclosure and approval.

Procedures for Handling Incidents of Academic Dishonesty or Other Academic Misconduct

Faculty are responsible to establish and communicate to students their expectations of behavior with respect to academic honesty and the student’s conduct in the course. Responsible instructors will investigate these incidents, determine the facts, and take appropriate action. Finally, the instructor should notify the Honor Code Office of the final disposition of the incident as a means of encouraging appropriate behavior change and discouraging repeat violations. If the incident of academic dishonesty involves the violation of a public law, e.g., breaking and entering into an office or stealing an examination, the act should also be reported to University Police. If an affected student disagrees with the determination or action and is unable to resolve the matter to the mutual satisfaction of the student and the instructor, the student may have the matter reviewed through the university’s grievance process (Student Academic Grievance Procedure).

Applicable Actions for Academic Dishonesty

A wide range of possible actions exists for cases of academic dishonesty. Instructors should take actions that are fair and equitable under the circumstances

and should attempt to reach an understanding with the affected student on the imposition of an appropriate action. In some cases, the department, the college, or the university may also take actions independent of the instructor. Examples of possible actions include but are not limited to the following:

For instructors, programs, departments, and colleges:

- Reprimanding the student orally or in writing.
- Requiring work affected by the academic dishonesty to be redone.
- Administering a lower or failing grade on the affected assignment, test, or course.
- Removing the student from the course.
- Recommending probation, suspension, or dismissal.

For the university:

The university may elect to place an affected student on probation or to suspend or dismiss the student, and to place a temporary or permanent notation on the student's permanent academic transcript that he or she was suspended or dismissed due to academic misconduct.

The university may report an incident of academic misconduct to appropriate law enforcement officials and may prosecute an affected student if the act in question involves the commission of a crime (e.g., breaking into an office or building, stealing an examination, etc.).

Honor Code Office Involvement

The Honor Code Office will maintain a record of all violations of the Academic Honesty Policy reported to it by the faculty. If the occurrence is sufficiently egregious or if a pattern of dishonesty or misconduct is discovered, the Honor Code Office may take additional action on behalf of the university based upon the nature of the infraction(s). The Honor Code Office, in consultation with the involved academic personnel, including the associate academic vice president over undergraduate studies, may determine to place a student on probation or to recommend that a student be suspended or dismissed for academic dishonesty and other forms of academic misconduct.

Shared Responsibility Policy Statement

Students are responsible not only to adhere to the Honor Code requirement to be honest but also to assist other students in fulfilling their commitment to be honest.

Faculty Academic Integrity

The substantive standards of academic honesty stated in this policy apply *a fortiori* to faculty. Indeed, all members of the BYU community are expected to act according to the highest principles of academic integrity.

Sources

A large number of publications and policies of colleges and universities were reviewed in creating BYU's Academic Honesty Policy. Some of the content and structure of this policy were adapted from the following sources:

Dress and Grooming Standards

The dress and grooming of both men and women should always be modest, neat, and clean, consistent with the dignity adherent to representing The Church of Jesus Christ of Latter-day Saints and any of its institutions of higher education.

Modesty and cleanliness are important values that reflect personal dignity and integrity, through which students, staff, and faculty represent the principles and standards of the Church. Members of the BYU community commit themselves to observe the following standards, which reflect the direction of the BYU Board of Trustees and the Church publication *For the Strength of Youth*. (These guiding principles apply at all CES institutions of higher education. The application of these principles may vary slightly at the various institutions in accordance with local conditions and circumstances. [See separate institutional policies for more specific details on dress and grooming standards.]) The BYU Dress and Grooming Standards are as follows:

Men. A clean and well-cared-for appearance should be maintained. Clothing is inappropriate when it is sleeveless, revealing, or form fitting. Shorts must be knee-length or longer. Hairstyles should be clean and neat, avoiding extreme styles or colors, and

trimmed above the collar, leaving the ear uncovered. Sideburns should not extend below the earlobe or onto the cheek. If worn, moustaches should be neatly trimmed and may not extend beyond or below the corners of the mouth. Men are expected to be clean-shaven; beards are not acceptable. Earrings and other body piercing are not acceptable. Shoes should be worn in all public campus areas.

Women. A clean and well-cared-for appearance should be maintained. Clothing is inappropriate when it is sleeveless, strapless, backless, or revealing; has slits above the knee; or is form fitting. Dresses, skirts, and shorts must be knee-length or longer. Hairstyles should be clean and neat, avoiding extremes in styles or colors. Excessive ear piercing (more than one per ear) and all other body piercing are not acceptable. Shoes should be worn in all public campus areas.

Residential Living Standards

As stated in its Code of Honor, Brigham Young University is committed to providing a learning atmosphere consistent with the principles of the Church. The university is likewise committed to creating such an atmosphere for students residing on and off campus. To achieve this, BYU has established living standards to help students learn some of the high ideals and principles of behavior expected at Brigham Young University. The university requires all students to adhere to the following applicable standards:

On-Campus Visiting Hours

Deseret Towers and Helaman Halls

Visitors of the opposite sex are permitted in the lobbies but not in the bedroom area, except during an established open house or home evening time, at which times room doors must remain open. Lobby visiting hours begin after 8:00 a.m. and extend until 12:00 midnight, Monday through Thursday and Saturday. On Friday night, lobby visiting hours extend until 1:30 a.m. Sunday visiting hours begin after noon and extend until midnight.

Heritage Halls

Visitors of the opposite sex are permitted in the lobbies and apartment kitchens but not in bedrooms or bathrooms. Lobby visiting hours are from 8:00 a.m. to 12:00 midnight, Saturday through Thursday, and extend until 1:30 a.m. on Fridays. Apartment visiting hours are from 10:00 a.m. to 11:00 p.m. Sunday through Thursday and extend until 12:00 midnight on Friday and Saturday.

Off-Campus Visiting Hours

Visitors of the opposite sex are permitted in living rooms and kitchens but not in the bedrooms in off-campus living units. The use of the bathroom area by members of the opposite sex is not appropriate unless emergency or civility dictate otherwise—and then only

if the safety, privacy, and sensitivity of other residents are not jeopardized. Visiting hours may begin at 9:00 a.m. and may extend until 12:00 midnight. Friday night visiting hours may extend until 1:30 a.m. Landlords may establish a shorter visiting period if proper notice is given to residents. This policy applies to all housing units occupied by single students.

Conduct

All students shall be required to conduct themselves in a manner consistent with the principles of The Church of Jesus Christ of Latter-day Saints and the BYU Honor Code. Furthermore, all students are required to abstain from possessing, serving, or consuming alcoholic beverages, tobacco, tea, coffee, or harmful drugs. Involvement with gambling; pornographic, erotic, or indecent material; disorderly, obscene, or indecent conduct or expressions; or with other offensive materials, expressions, or conduct or disruption of the peace that, in the sole discretion and judgment of the university, is inconsistent with the principles of the Church and the BYU Honor Code is not permitted in student housing. All guests of students must comply with the Residential Living Standards while on the premises of university-approved housing. All students are required to know the dress and grooming standards and abide by them.

Continuing Student Ecclesiastical Endorsement

All enrolled continuing undergraduate, graduate, intern, and study abroad students are required to obtain a Continuing Student Ecclesiastical Endorsement for each new academic year. Students must have their endorsements completed, submitted, and processed by the Honor Code Office before they can register for fall semester or any semester thereafter. Priority registration for the following fall semester can begin in early April. To avoid registration delays, students should complete and submit their endorsements to the Honor Code Office by March 15. **Those applying to BYU should use the new student Admissions Application Part 3 endorsement.**

LDS students may be endorsed only by the bishop of the ward (1) in which they live and (2) that holds their current Church membership record.

Non-LDS students are to be endorsed by (1) the local ecclesiastical leader if the student is an active member of the congregation, (2) the bishop of the LDS ward in which they currently reside, or (3) the nondenominational BYU chaplain.

Honor Code Requirements

Whether on or off campus or between semesters, all students are expected to abide by the Honor Code, which includes: the Academic Honesty Policy, the Dress and Grooming Standards, and the Residential

Living Standards. Students are required to be in good Honor Code standing to graduate and receive their diploma.

LDS students must fulfill their duty in The Church of Jesus Christ of Latter-day Saints, attend Church meetings, and abide by the rules and standards of the Church on and off campus.

Students who are not members of The Church of Jesus Christ of Latter-day Saints are also expected to maintain the same standard of conduct. They are encouraged to participate in services of their preferred religion.

Withdrawn Ecclesiastical Endorsement

A student's endorsement may be withdrawn at any time if the ecclesiastical leader determines that the student is no longer eligible for the endorsement. If an endorsement is withdrawn, the ecclesiastical leader informs the Honor Code Office, which then facilitates notification to both the student and the university. No confidential information is provided to the Honor Code Office.

Students without endorsements must discontinue enrollment. Excommunication, disfellowshipment, or disaffiliation from The Church of Jesus Christ of Latter-day Saints results in the withdrawal of the student's endorsement. The decision to withdraw an endorsement may be reviewed or appealed through appropriate ecclesiastical leaders (i.e., through the bishop, the stake president, and the designated Area Authority for BYU).

A student whose endorsement has been withdrawn and who had completed the above ecclesiastical appeal process may request a university review, which is initiated through the Honor Code Office. Students may not be enrolled or attend without an ecclesiastical endorsement except in very rare and unusual circumstances as determined by the university.

How Forms Are Obtained

Students are responsible for obtaining their own Continuing Student Ecclesiastical Endorsement Forms. Forms are available at campus information desks, at college advisement centers, from bishops of BYU wards, from the Honor Code Office in 4440 WSC, or online at <http://honorcode.byu.edu>.

University Policies

Nondiscrimination Statement

Admission to Brigham Young University is nondiscriminatory. The university admits qualified persons regardless of race, color, national origin, religion, age, gender, veteran status, or disability who meet university and academic requirements and agree to abide by the university's standards of conduct and behavior. [The university does exercise the "religious" exemption in admissions as granted in Title IX of the Education Amendments, 20 U.S.C. 1681(a)(3), and in hiring employees as granted in 41 C.F.R. 60-1.5(a)(5).]

Persons who believe they have experienced unlawful discrimination or sexual harassment should contact the Equal Opportunity Office at (801) 422-5895 during office hours (8 a.m.–5 p.m. weekdays) or at (801) 367-5689 after hours.

University Accessibility Center

The purpose of this office is to assure that students with disabilities are provided access to university programs and information. A variety of services and extensive information are available. Students who have attention, emotional, learning, chronic health, or physical disabilities are encouraged to contact the center to assist in coordinating appropriate academic accommodations for classes or university-sponsored programs. For assistance contact 1520 WSC, (801) 422-2767 v/tty, or www.byu.edu/stlife/campuslife/.

Access to Education Records: FERPA

The Family Educational Rights and Privacy Act of 1974 (FERPA) controls access to student education records. Brigham Young University will make a reasonable effort to extend to eligible students and their parents the rights granted by the act. On presentation of appropriate identification and under circumstances that prevent alteration or mutilation of records, a student will be able to inspect all education records not considered by the university to be held under a pledge of confidentiality or considered to be private records of university personnel. Those with legitimate access to the records will be charged a reasonable fee for copies.

A student is entitled to an explanation of any recorded data and may initiate action pursuant to university policy through the Exception to University Policy Committee, if necessary, to correct or expunge information he or she considers inaccurate or misleading.

Faculty and administrative officers who have a legitimate need to use a student's education records will be allowed access to such records as needed without prior permission from the student. A request from an educational institution to which a student

has applied for admission or from a lending institution from which a student is seeking financial aid will be granted without a student's permission. In addition, statistical data may be furnished to university accrediting bodies and governmental officials without a student's permission.

No personally identifiable information contained in a student's educational records, other than directory information, will be given to any third party, except as authorized by the act, without the student's written consent, and then only those records that are accessible to the student. The term *third party* is construed to include parents, spouse, employers, government agencies, or any other people or organizations. Parents or guardians may have access to grade reports and other reports of a student's activity if they establish to the satisfaction of the university that the student is dependent, for income tax purposes, on the parents or guardians for their support.

Court orders and subpoenas for records will be referred to the university's legal counsel and acted on according to the counsel's directions. The university will make a reasonable attempt to notify the student when nondirectory information is released in response to subpoenas or court orders.

Any eligible student or parent who believes that BYU has violated FERPA may file a complaint with the Family Educational Rights and Privacy Act Office, Department of Education, Washington, D.C.

Directory information (i.e., information contained in the educational record of a student that would not generally be considered harmful or an invasion of privacy if disclosed) will be released to news media and to others on request. Directory information includes the following:

- Name
- Addresses and phone numbers
- E-mail address
- Place of birth
- Names of parents or spouse
- Major and minor fields of study
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Current class schedule
- Pictures
- Dates of attendance (current and past)
- Number of months/semesters enrolled
- Class standing (freshman, sophomore, etc.)
- Enrollment status (full-time, part-time, less than half-time)
- Degrees and awards received
- Previous educational institutions attended
- Anticipated future enrollments
- Course registrations prior to the beginning of a semester or term
- Expected date of graduation
- Deferred registration eligibility

Religious affiliation to a student's local church or congregation

Students have the right, however, to refuse to permit the designation or disclosure of the above directory information. In that case, this information will not be disclosed except with the consent of the student or as otherwise allowed by FERPA. Any student wishing to restrict the release of directory information must file a written notification with the Registrar's Office, B-150 ASB, PO Box 21114, on or before the tenth day of a semester or the sixth day of a term. Forms for this purpose will be made available at that office upon request.

Student Classification for Undergraduates

At the beginning of each semester, undergraduate students are classified for that semester as follows:

0–29.9	Freshman
30–59.9	Sophomore
60–89.9	Junior
90 and over	Senior

Engineering students having more than 120 semester hours are classified as fifth-year professional students.

Class Attendance Policy

You are expected to attend classes for which you are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only when you are away representing the university on official business. All officially excused absences must be approved through the dean of students.

Faculty should tell you what relationship attendance has to your final grade for the course, but you must take the responsibility for your actions. It is not necessary for the instructor to report absences to the office of the dean of students unless he or she has knowledge of an accident or illness that is causing the absence. Notification to teachers of emergency absences (death in the family, serious illness, etc.) is your responsibility.

Repeating Classes

To have a previously completed course marked *repeated*, the new course must be equal or greater in credit hours.

When a class has been repeated, the credit used in computing the grade point average is the grade and credit hours earned the last time the repeated class was taken.

You may repeat classes in the following ways:

1. Repeat Brigham Young University courses at Brigham Young University (except for R-suffix courses—see Abbreviations and Symbols in the Using This Catalog section of the current BYU Undergraduate Catalog).

2. Repeat at Brigham Young University courses initially taken at another university. (A statement of equivalency must be supplied by the appropriate BYU department chair.)
3. Repeat at another institution courses taken there and have the credit transferred to Brigham Young University.

Note: A course repeated at an institution other than the one at which it was taken originally and other than at BYU will not be counted as a repeat.

The I (Incomplete) Grade

The letter grade **I** (Incomplete) is given on a contractual basis with the instructor to students who are unable to complete the work in the prescribed period of time. An incomplete grade may be given for nonacademic extenuating circumstances (serious illness, personal injury, death in the immediate family, etc.) that may arise *after* the nonacademic emergency deadline (the twelfth week of a semester or the sixth week of a term). To be eligible for an incomplete, the student must have attended up until the nonacademic emergency deadline and be passing the class. If extenuating circumstances arise before the twelfth week of a semester or the sixth week of a term, the student should discontinue or petition through the Registration Office to be officially withdrawn from the class(es). The Incomplete Grade Contract must be completed and signed by the instructor and the \$10 fee paid before submission of the official grade roll at the end of the semester. A copy of the Incomplete Grade Contract must be submitted to the Records Office by the grade submission deadline. A grade of E will be posted until a valid Incomplete Grade Contract is submitted to the Records Office.

Class attendance in a subsequent semester or reregistration is not permitted to make up the incomplete. In some special instances, such as a lab class, attendance may be required for the portion of the class or lab section missed. Once the work has been completed, the instructor should complete the portion of the Incomplete Grade Contract, showing the grade earned, and submit the form to the Records Office (B-150 ASB).

The instructor may designate the specific length of time the student has to complete the course requirements (not to exceed one year). If the work is not completed and the new grade submitted by the instructor within the agreed upon deadline, the I grade will be changed to an IE (the IE grade is considered and calculated as a failing grade). (Petitions for an exception to this policy may be obtained from the Petitions Office, B-150 ASB.)

Changing College or Major

Undergraduate students who desire to transfer from one major to another, or from one college to another, should go to the advisement center of their new major, fill out a Change of Major Form, and have it signed. Graduate students who want to change departments or degree levels should check with Graduate Studies for information and necessary forms.

Discontinuance from BYU

A daytime student is not officially withdrawn from the university unless the student has completed the discontinuance process in the Discontinuance Office, B-150 ASB. The discontinuance deadline, June 5 for spring term and July 31 for summer term, is the last day a student can discontinue. (See the University Calendar on page 6 for additional discontinuance deadlines.)

If you find it necessary to withdraw from all your classes, you must do the following:

1. Complete discontinuance forms available from the Discontinuance Office, B-150 ASB, telephone (801) 422-7705.
2. Obtain instructor and clearance signatures if necessary. Beginning the sixth week of the semester or the third week of the term, you become responsible for class grades. Signatures must be obtained from the individual instructors, who indicate your academic status.
3. Submit completed forms and sign out with a member of the Discontinuance Office staff.
4. See the Tuition and Fees section for discontinuance refund information.

When you have discontinued, your student ID will be electronically voided.

Students enrolled through the Evening Classes Office should discontinue in that office, 122 HCEB. Law School students must initiate their discontinuance through the office of the Law School dean, 348 JRCB.

Students who leave the university under emergency conditions and do not return still have the responsibility to discontinue before the deadline. Initiate official termination by contacting the Discontinuance Office as soon as possible.

Continuing BYU students who interrupt their studies for one semester (fall or winter) only or who serve an LDS mission may request an admission deferment during their absence from the university. Telephone the Admissions Office, (801) 422-2507, for more information. Other students who interrupt their studies should contact the Admissions Office for the appropriate reapplication materials.

University Devotionals, Firesides, and Forums

University devotionals and forums, held throughout the year on Tuesdays at 11:05 a.m., form an inspirational and integrative part of the university experience. These assemblies are occasions to celebrate the shared sense of community and values in the university. Participation in these gatherings will renew spiritual commitment and extend knowledge of significant religious, intellectual, and cultural matters.

Devotional speakers, selected from the General Authorities and other leaders of the Church and university, come to teach the gospel and affirm the spiritual dimension of the university experience for students, faculty, and staff. An additional opportunity is provided by regular Church Educational System firesides, usually held on the first Sunday of the month.

Forum speakers are noted authorities in the arts, sciences, humanities, media, and government. They are chosen for their contributions to their field and their ability to communicate their insights. Participation in these assemblies (and in the discussion sessions that may accompany them) prompts inquiry into and understanding of significant intellectual, cultural, and social issues.

Most campus offices and services are closed during university assemblies so that members of the university community may participate.

Final Examination Policy and Schedule—Spring Term 2007

Please note that *all* classes, including Evening sections, are assigned an exam day and time. Final examinations will be given at the times shown in the schedule. Examinations are not given early. The examination period is preceded by reading days, which give time for conscientious review, study, and synthesis of the term's work. The reading and the examination periods are firmly scheduled parts of the term; you must not make plans that interfere with these important academic activities. If illness or other uncontrollable circumstances prevent you from taking an examination at the scheduled time, you are responsible to inform the class instructor as soon as possible. Your instructor may give the grade *Incomplete*, depending on the circumstances. The incomplete cannot be given unless you and your instructor together prepare a contractual agreement. In cases where you have conflicting examinations or more than three examinations in one day, individual arrangements for alternative test times may be made by the instructor.

Examinations will be held Wednesday and Thursday, June 20 and 21, with a reading day on Tuesday, June 19. Therefore, Monday, June 18, 2007, will be the last day of instruction.

Note to faculty: If an exam hour conflict arises for day classes, please contact the Academic Scheduling Office, B-150 ASB, telephone (801) 422-6557. For evening classes, contact the Evening Classes Office, 122 HCEB, telephone (801) 422-2872.

Evening Class students should be aware that final exams may be given at different hours throughout the day or evening. Being enrolled in a class that meets at 4:00 p.m. or later does not ensure that the final exam will be held at that time

If a class begins after the hour or is scheduled for more than fifty minutes per class period, the final exam period is determined by the beginning hour. For example, a class held from 8:35 to 9:50 *must* use the 8:00 exam period. A class held from 4:45 to 7:15 *must* use the 4:00 exam period. No exceptions to this policy will be granted unless approved *in writing* by the department chair.

Salt Lake Center classes will meet at the regular class times during reading and final exam days. Final exams for Salt Lake Center classes are conducted during the regular scheduled class time during finals. Should a conflict arise between the schedules of a day class final exam and a Salt Lake Center exam, priority rests with the day class. It is the responsibility of the student to make the conflict known to the Salt Lake Center instructor so an alternative time can be arranged.

The Math 119 Pretest is offered online (<https://math.byu.edu/moodle/login/index.php>). This exam is intended to test your knowledge and background in College Algebra principles. If you pass this test with a 70 or above, you will most likely be successful in Math 119. If you did not receive a 70 or above, go back to the Math 119 Review, study the sample questions, and retake the Math 119 Pretest. If you do not receive a 70 or above on your second attempt, but the concepts in this pretest are not new to you, you will most likely be successful in Math 119. Academic Advisement for Undergraduates

Where do you go for academic advisement?
If you have chosen a major, or if you have one in mind, go to the advisement center for the college that offers that major. If you have no major in mind, visit the University Advisement Center (2500 WSC).
All college advisement centers (CACs) are open from 8:00 a.m. to 5:00 p.m. Monday–Friday. They will be closed for devotionals on Tuesdays from 11:00 a.m. to noon. Write, visit, or call the advisement center of your choice:

Class Schedule Work Sheet

We suggest that you use the following form to plan your ideal schedule. Be careful not to select classes that meet at the same time on the same days. After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available. The computer will not schedule you in more than one section of the same class (except for R classes and labs).

Instructions for Internet Access

How to Access BYU Web Registration

You may access BYU Web registration from your own home if you have the Internet and have downloaded Netscape Communicator 7.0+ or Internet Explorer 5.5+. Both of these browsers are available for downloading on the World Wide Web. If you can't access the Web from home, you can use computers on the BYU campus. These are available at access point labs and kiosks in most buildings. You can also find computers connected to the Web at most public libraries.

1. Log in to Route Y with your Net ID and password. This can be done from <http://www.byu.edu> or <http://ry.edu.byu>. (If you do not remember your Net ID, click the Route Y tab for instructions on how to proceed.) If you continue to experience problems with your Net ID and password, please contact the Registration Office at (801) 422-2824. Office hours are Monday through Friday from 8 a.m. to 5 p.m.
2. Once you have logged in, you will be on the Interchange page. Under the School column, select the AIM icon. When that page loads, select Registration and then Register for Classes.

Registration Information and Procedures

Are You Eligible to Register?

You are eligible to register for spring term 2007 if you registered for and completed regular day school classes during winter semester 2007, or if you have been issued a valid letter of admission for spring term 2007 by the Admissions Office.

Continuing BYU students can interrupt their studies for one semester (fall/winter) by submitting a Continuing Student Enrollment and Scholarship Deferment Application. Students wanting to serve an LDS mission can defer their admission status by submitting an LDS Mission Deferment Criteria Form. Both are available from the Admissions Office, A-183 ASB (801) 422-2507. Students who interrupt their studies for more than one semester (except missionaries) should contact the Admissions Office for the appropriate application materials.

Continuing degree-seeking graduate students are eligible if they have fulfilled the minimum registration requirements (6 hours per year) in the preceding academic year.

Students who graduate from BYU lose their eligibility and will not be allowed to continue to attend classes unless they have been admitted to a graduate or non-degree-seeking graduate program.

Do You Have Holds That May Block Your Registration?

The following holds will block your registration. Please check with the appropriate office for removal of the hold:

Academic Standards

A student's academic standing is determined according to the grades the student earns at BYU.

College Advisement Center (CAC) Hold

The CAC hold targets students with special needs who will be required to seek assistance from their college advisement center before registering. Students with a CAC hold must visit their college advisement center or department advisor to complete a plan for graduation and will be prevented from registering until the hold is cleared by the college advisement center.

Continuing Ecclesiastical Endorsement

All enrolled continuing, undergraduate, graduate, intern, or Study Abroad students are required to obtain a Continuing Student Ecclesiastical Endorsement for each new academic year. (See page 21 for further details.)

Financial (prior balance)

Past financial delinquencies must be cleared before a new registration may be commenced.

Graduate School

It is the responsibility of each graduate student to understand and follow both the specific department requirements and the general university requirements for graduate work.

Loans

Students' past due debts are referred to Student Financial Services for collection.

University Standards

Violation of the Honor Code will result in a hold being placed on a student's record. (See pages 20–22 for further details.)

How to Add Classes

SpringTerm: February 1–May 8, 2007

Summer term: February 1–July 2, 2007

Registration for spring and summer terms is not managed on a priority registration basis. Any student admitted to the university may register beginning on the first registration day, February 1, 2007. You may add classes from February 1 until May 8 for spring term and from February 1 until July 2 for summer term. During this time some classes may be added using the Web registration system. Other classes require an add card with the instructor's signature.

Please be aware of the following when you are adding classes:

Maximum Hours per Term

Undergraduate students in good standing may register for as many as 9 credit hours in one term by following the regular registration process. However, the college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 11 hours per term. This approval is to be noted by the college advisement center on the add/drop card or indicated by an over-hours flag in AIM. Auditing classes, registering for a class without receiving credit, or registering for Evening Classes constitutes a part of your total registration. Exception to the rules must be presented to: University Registrar, B-150 ASB, starting on the first day of instruction.

Official Enrollment

Students whose names are on the university class roll are officially registered. If your name is not on the class roll, you should contact the Registration Office, B-130 ASB, immediately.

Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) can only do so on an add/drop card during the first six days of a term. Students must obtain the instructor's approval on a signed add/drop card. It is not possible to register for an audit class on the Web registration system. You are charged the same tuition for auditing classes as for taking classes for credit. Classes taken on an audit basis will not appear on your official records, are not considered when calculating financial aid and scholarship eligibility, will not be considered in calculating enrollment verifications, and do not fulfill the minimum registration requirement for graduate degree-seeking students. Students who are registered for credit and wish to change to audit must first drop the class. The class may then be added for audit during the add period (first ten days of a semester, six days of a term).

Evening Classes and Salt Lake Center Classes

Daytime students taking evening classes or Salt Lake Center classes may register for the courses at the same time they register for day school. Please note that the Salt Lake Center classes are taught in Salt Lake City at 3760 S. Highland Dr., Suite 200.

Freshman Academy Envelopes

Many of you will be Freshman Academy students. The academy provides new freshmen with the opportunity to take three classes with students who live in the same residence area.

If you would like more information on Freshman Academy, please call (801) 422-8176, or you can access the academy Web page at <http://www.byu.edu/academy>.

Freshman Academy students will be asked to register for three classes (an envelope). Information on registering for Freshman Academy envelopes will be sent to participating students.

Although not all Freshman Academy envelopes include the general education classes required of all freshmen (First-Year Writing, American Heritage, and Book of Mormon), academy students should still plan to fulfill these requirements by the end of their first year. They may add courses individually if their envelope does not include American Heritage or First-Year Writing.

Independent Study

Independent Study can provide scheduling flexibility and the convenience of taking university courses away from campus. You may register for courses any time during the year and take up to a year to finish each course. Tuition is \$130 per credit hour—this fee is not included in your regular BYU daytime tuition. Independent Study courses are indicated in the course list by the phrase "Offered by Independent Study." Many courses are now available by Internet, and new courses are continually being added. For further information and a free catalog, contact the Independent Study Office, 206 HCEB, Provo, UT 84602-1514, (801) 422-2868, or <http://elearn.byu.edu>.

NOTE: Unless you are a BYU student, Independent Study courses do not apply toward a BYU degree. Generally, Independent Study courses cannot be applied toward BYU graduate degrees. Contact Graduate Studies for more information (801) 422-4091.

Spring Term: How to Drop Classes

Spring term classes can be dropped from your schedule until May 8. (Drop cards will also be accepted beginning May 1 at One Stop, WSC. They can be obtained from the Registration Office, One Stop, academic department, or CAC offices.) **Note:** A student can be registered for more than one section of an R-suffix course and therefore must drop each unwanted section.

A “W” will be given for any class withdrawal May 9–May 17. To withdraw from a class, simply log into the Web registration system and select the W next to the class you’d like withdrawn. A pop-up message will inform you that a \$10 fee will be charged to your student account and a W will be placed on your transcript. Select Okay and you will be withdrawn. A W is an official withdrawal and means you registered for a class and did not officially withdraw before the tenth day of the semester/sixth day of a block. It does not figure into your GPA.

Withdrawal for nonacademic emergencies can be done May 18–June 5. Between these dates, if you encounter a nonacademic emergency, such as a serious accident or illness, which affects your performance in a class(es), you may petition to be withdrawn. It is the student’s responsibility to obtain the necessary supporting information from the instructor, physician, employer, etc., to accompany the request. A committee will consider your request, which may or may not be approved. If you have experienced a nonacademic emergency, you may contact the Petitions Office, B-150 ASB (801) 422-6570, to discuss your options.

Discontinuance (Withdrawing from All Classes for the Term)

What to do before classes begin (Until midnight April 30)

Once you register for classes, you are officially enrolled and committed to attend. If you are not coming to school this term, you must discontinue or drop your classes prior to the first day of school or they will remain on your record and **you will be charged tuition.** Classes may be dropped using the Web registration system until midnight of the day before classes begin.

What to do after classes begin (May 1–June 5)

On the first day of classes and thereafter you will need to contact the **Discontinuance** Office in B-150 ASB or call (801) 422-7705. Tuition will be charged starting the first day of classes to the date of discontinuance at the percentage rate listed in the Tuition and Fees section of this class schedule.

Warning: Discontinuance from fall or winter semester or from the term to which you are newly admitted will forfeit your eligibility to attend future semesters without reapplying through the Admissions Office. Continuing BYU students who interrupt their studies for one semester (fall or winter) only or who serve an LDS mission may request an admission deferment during their absence from the university. Call the Admissions Office, (801) 422-4104, for more information. Other students who interrupt their studies should contact the Admissions Office for the appropriate reapplication materials (see pages 6 and 23).

Summer Term: How to Drop Classes

Summer term classes can be dropped from your schedule until July 2. (Drop cards will also be accepted beginning June 22 at One Stop, WSC. They can be obtained from the Registration Office, One Stop, academic department, or CAC offices.) **Note:** A student can be registered for more than one section of an R-suffix course and therefore must drop each unwanted section.

A “W” will be given for any class withdrawal July 3–July 12. You must fill out a drop card, pay a \$10 fee per class at the Cashier’s Office and submit the card to the Registration Office. A “W” is an official withdrawal and means you registered for a class and did not officially withdraw before the sixth day of the term. It does not figure into your GPA.

Withdrawal for nonacademic emergencies can be done July 13–July 31. Between these dates, if you encounter a nonacademic emergency, such as a serious accident or illness, which affects your performance in a class(es), you may petition to be withdrawn. It is the student’s responsibility to obtain the necessary supporting information from the instructor, physician, employer, etc., to accompany the request. A committee will consider your request, which may or may not be approved. If you have experienced a nonacademic emergency, you may contact the Petitions Office, B-150 ASB (801) 422-6570, to discuss your options.

Discontinuance (Withdrawing from All Classes for the Term)

What to do before classes begin (Until midnight June 24)

Once you register for classes, you are officially enrolled and committed to attend. If you are not coming to school this term, you must discontinue or drop your classes prior to the first day of school or they will remain on your record and **you will be charged tuition.** Classes may be dropped using the Web registration system until midnight of the day before classes begin.

What to do after classes begin (June 25–July 31)

On the first day of classes and thereafter you will need to contact the **Discontinuance** Office in B-150 ASB or call (801) 422-7705. Tuition will be charged starting the first day of classes to the date of discontinuance at the percentage rate listed in the Tuition and Fees section of this class schedule.

Warning: Discontinuance from fall or winter semester or from the term to which you are newly admitted will forfeit your eligibility to attend future semesters without reapplying through the Admissions Office. Continuing BYU students who interrupt their studies for one semester (fall or winter) only or who serve an LDS mission may request an admission deferment during their absence from the university. Call the Admissions Office, (801) 422-2507, for more information. Other students who interrupt their studies should contact the Admissions Office for the appropriate reapplication materials (see pages 6 and 23).

How to Obtain Enrollment Verification

Contact the Records Office, B-150 ASB, (801) 422-2631 for enrollment verification. An undergraduate student's enrollment status is determined by the number of credit hours taken, as follows:

Hours Enrolled		Enrollment Status
Semester	Term	
12+	6+	Full-time
9–11.5	4.5–5.5	Three-fourths
6–8.5	3–4	Half-time
.5–5.5	.5–2.5	Less than half-time

Audited courses do not count in total enrollment hours, but are charged tuition and fees. Graduate students should refer to the Graduate Education section of this class schedule.

Remember! Update Your Address Information

It is important that your mailing address be updated. This will help you receive university mailings in a timely manner. You can accomplish this by going to the BYU homepage (<http://www.byu.edu>), clicking on Route Y, then logging in and selecting Personal Information. The Registration Office, B-130 ASB, (801) 422-2824, will also be happy to help you with an address change.

Registration for Faculty, Staff, Administrative Personnel, and Their Spouses

(See University Personnel Tuition Policy in the University Electronic Handbook.)

Eligibility

Regular full-time faculty, staff, and administrative personnel may register for classes, up to a maximum of 6 credit hours per semester, and will not be required to pay tuition. During spring and summer terms, full-time personnel may take 3 credit hours per term or 4 in one and 2 in the other. This benefit is applicable to undergraduate and graduate tuition. To be eligible for tuition benefits during a given semester/term, individuals must be regular full-time personnel at the close of late registration for that semester/term. For their dependents to be eligible for tuition benefits, personnel must (a) be at least age thirty with one year of full-time service or (b) have completed five years of full-time service with the university. Eligible individuals must meet university admissions and registration requirements. **Personnel or dependents enrolled through day school (registration eligibility: DC—day-continuing) who withdraw from all classes in a semester/term are required to do so through the Discontinuance Office, B-150 ASB. Part-time, adjunct, on-call, or temporary personnel and their dependents (spouse and children) are not eligible for tuition benefits.**

Daytime Classes

Written approval is required for personnel taking classes during daytime hours (7:00 a.m.–5:00 p.m. and/or *TBA*). This includes thesis hours and audited classes. The Request for Daytime Class Attendance form can be obtained at the Benefits Office, D-240 ASB, or the Benefits Office Web site (<http://www.byu.edu/hr/benefits/forms.htm>). Please register for classes before submitting your completed form to the Benefits Office. You are required to submit a separate form for each semester/term in which you take daytime classes. The tuition benefit will not be paid until the completed form is received and processed by the Benefits Office.

Evening Classes

Eligible personnel and spouses who wish to register for evening classes only, and whose registration eligibility is *not* DC—day-continuing, should contact the Evening Classes Office, 122 HCEB, (801) 422-2872. To receive the tuition benefit for evening classes, a completed Clearance to Register Form and current BYU ID must be presented to the Evening Classes Office. Personnel registering for evening classes (section type: evening) beginning before 5:00 p.m. must also complete a Request for Daytime Class Attendance form (see Daytime Classes above) and submit it to the Benefits Office, D-240 ASB, for the tuition benefit to be paid. Personnel and spouses withdrawing (discontinuing) from all courses in Evening Classes are required to do so through the Evening Classes Office. A \$10 fee is charged to the individual for discontinuing after registration has been finalized.

Audit

Eligible personnel and spouses who *only* audit daytime and/or evening classes, and whose registration eligibility is *not* DC—day-continuing, should contact the Evening Classes Office, 122 HCEB, (801) 422-2872, for auditing procedures. Audited classes will not appear on official records; however, the credit hours listed with classes that are audited, as well as Conferences and Workshops courses, will count toward the semester/term credit-hour limits (see Eligibility above). Employees who audit classes during daytime hours (7:00 a.m.–5:00 p.m. and/or *TBA*) must also complete a Request for Daytime Class Attendance form (see Daytime Classes above) and submit it to the Benefits Office, D-240 ASB, for the tuition benefit to be paid. Audited classes do not count toward the minimum required credits for financial aid and scholarships.

Spouses

There are no credit-hour limitations for eligible spouses. However, in the event a spouse is taking classes and is then hired full-time by the university, the individual's "personnel" status supersedes the "spouse" status, and the tuition benefits/limitations (see Eligibility above) are then administered accordingly.

Tuition Taxation

In some cases the IRS considers graduate tuition for spouses to be noncash taxable income. Each semester/term in which an eligible spouse is enrolled in a graduate degree-seeking program and is taking graduate classes, the employee is required to complete a Tuition Taxation Form for Spouses Taking Graduate Classes. The form can be obtained from the Benefits Office, D-240 ASB, or the Benefits Office Web site (<http://www.byu.edu/hr/benefits/forms.htm>). The tuition benefit will not be paid until the completed form is received and processed by the Benefits Office.

Tuition and Fees

One of the nation's largest private universities, BYU is owned and operated by The Church of Jesus Christ of Latter-day Saints. A significant portion of the cost of operating the university is paid from the tithes of the Church members. Because of this, members already have made a monetary contribution to the operation of the university. To equalize this cost, nonmembers are assessed higher tuition, a practice similar in principle to that of state universities charging higher tuition to nonresidents. This higher tuition still does not cover the total educational cost.

Once students register for classes, they are officially enrolled and committed to attend. Registered students who decide not to attend must withdraw from classes prior to the first day of classes to avoid a tuition charge. Classes may be dropped using the Web registration system (i.e., by dropping each class) until midnight mountain time of the day before the first day of classes. Beginning the first day of classes and thereafter, students will need to contact the Discontinuance Office (B-150 ASB, 801 422-7705). If classes are not dropped, they will remain on the student's records and the student **will be charged tuition**. Tuition will be charged from the first day of classes to the date of discontinuance at the percentage rate listed under Tuition Refunds/Charges—Discontinuance.

Tuition and class fees are due and payable beginning the second day of class and are considered late if not paid by the registration add deadline (tenth day of class for a semester, sixth day of class for a term). If you fail to meet the tuition (registration add) deadline, you will be assessed a late fee (\$90 per semester, \$45 per term). You will be assessed a late tuition fee if you pay less than full-time tuition by the deadline and are then enrolled or later become enrolled for more than 11.5 credit hours per semester or 5.5 credit hours per term. Students whose tuition check is dishonored by the bank will be charged the late fee in effect at the time the check is redeemed.

Past financial delinquencies must be cleared before a new registration may be commenced. Students who anticipate receiving financial aid will be held responsible to pay tuition charges before the registration add deadline whether or not financial aid is available or forfeited. Also, students receiving financial aid that is less than the tuition due must pay the difference by the registration add deadline to avoid a late fee.

A tuition billing statement will not be mailed; however, one can be obtained by logging into Route Y and clicking My Financial Account and then Tuition Billing Statement. A reminder will be e-mailed to all students who are registered for at least one class. **Whether or**

not the student receives a reminder, it is the student's responsibility to pay tuition by the registration add deadline to avoid a late tuition fee.

For an explanation of tuition payment options, go to <http://saas.byu.edu/tuition/payment.aspx>.

The charge for noncredit courses or for audited courses is the same as for credit courses. Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, 3 hours of lecture a week are considered 3 semester hours and are charged for accordingly. Therefore, students taking 10 credit hours during a semester (or 4 credit hours during a term) plus a noncredit class involving 2 or more lecture hours per week, would be considered full-time students for tuition assessment. However, noncredit courses do not count for federal Pell Grant, federal Stafford Loan, or scholarship eligibility. For courses in which no lecture hours are involved—for example, dissertations and theses—tuition and fees are charged based on hours being carried during the semester, as determined by the supervising professor.

Graduate students (for tuition assessment) are those who have received their first bachelor's degree, or will have received it by the beginning of the semester for which they are registering, and are not students of the Law School or the Graduate School of Management. Please be aware that tuition bills may be processed before graduate status is updated. Graduate students are responsible to pay graduate tuition regardless of the status declared on their tuition bill.

Full-time status (for tuition assessment) for all undergraduate students is registration for 12 or more credit hours per semester or 6 or more credit hours per term. For graduate students, full-time status is registration for 8.5 or more credit hours per semester or 4.5 or more credit hours per term.

Three-quarter-time status (for tuition assessment) for undergraduate students is registration for 9 to 11.5 credit hours per semester or 4.5 to 5.5 credit hours per term. Enrollment as a three-quarter-time student does not entitle the student to physical education suit and facility privileges.

Part-time status (for tuition assessment) for all undergraduate students is registration for 0.5 to 8.5 credit hours per semester or 0.5 to 4 credit hours per term. Enrollment as a part-time undergraduate student does not entitle the student to health insurance, student activity privileges, or physical education suit and facility privileges.

The university reserves the right to change these figures without notice. Questions regarding fee assessment should be referred to Student Financial Services.

Tuition and General Fees Per Term

Undergraduate Students	LDS	Non-LDS
Full-time (6 or more credit hours)	\$ 905	\$1,810
Three-fourths time (4.5–5.5 credit hours)	\$ 870	\$1,748
Half-time (3–4 credit hours or less) per credit hour	\$ 185	\$ 371
Graduate Students	LDS	Non-LDS
Full-time (4.5 or more credit hours)	\$1,145	\$2,290
Part-time per credit hour	\$ 255	\$ 509
Graduate School of Management Students and Law School Students	LDS	Non-LDS
Full-time (4.5 or more credit hours)	\$2,050	\$4,100
Part-time per credit hour	\$ 455	\$ 910

Tuition will be assessed per half-credit hour. Minimum tuition charged will be \$93. The charge for noncredit courses or for auditing courses is the same as when taking them for credit.

Late Tuition Fee

Beginning May 9 for spring term	\$45
Beginning July 3 for summer term	\$45

Tuition and class fees are due and payable beginning the second day of class. A late tuition fee will be assessed to all students who fail to pay tuition by the registration add/drop deadline. The late fee will also be assessed to students who pay less than full-time tuition by the deadline and are then or later become registered full time.

Any student whose tuition check is not honored by the bank will be charged the late tuition fee.

Tuition Adjustments— Change in Credit Hours

After the semester or term begins, a part-time student who increases the number of credit hours must pay for these additional hours **by the last day to add classes**. If this is not done, a late fee will be assessed.

A full-time student dropping to part time or a part-time student who decreases credit hours may be entitled to a tuition refund. A refund request must be initiated by the student through the Financial Services Office, D-155 ASB. A full refund of the difference between full-time assessment and part-time assessment will be allowed through the last scheduled day to add classes. Refunds for courses dropped after that date will be subject to the refund schedule listed under Tuition Refunds/Charges—Discontinuance.

Tuition Refunds/Charges— Discontinuance

Both full-time and part-time students who discontinue school will be charged tuition from the first day of classes until the date of discontinuance. A refund is based on the date they report their discontinuance to the Discontinuance Office, B-150 ASB, telephone (801) 422-7705. The following rates apply:

Spring Term	Tuition Charged	Refund of Tuition Paid
Before May 1	None	100%
May 1–May 4	10%	90%
May 7–May 11	15%	85%
May 14–May 18	20%	80%
May 21–May 25	25%	75%
May 29–Jun 1	30%	70%
After Jun 1	100%	None

Summer Term	Tuition Charged	Refund of Tuition Paid
Before Jun 25	None	100%
Jun 25–Jun 29	10%	90%
Jul 2–Jul 6	15%	85%
Jul 9–Jul 13	20%	80%
Jul 16–Jul 20	25%	75%
Jul 23–Jul 27	30%	70%
After Jul 27	100%	None

A refund due because of discontinuance from school will be processed approximately two weeks from the date of **discontinuance**. Refunds due to students who have a Federal Pell Grant and/or Federal Stafford/PLUS Loan will be returned to the lending agency and/or the Pell Grant Program. Contact Student Financial Services, D-155 ASB, (801) 422-4104, for specific information.

A petition for exception to the refund schedule will be considered for students forced to discontinue because of circumstances that are beyond their control. These circumstances include death in the immediate family, life-threatening situations, medical incapacitation, a university error, military leave, etc. Students should not submit petitions based on ignorance of university policies and procedures. These will be denied. Petition forms are in D-155 ASB.

Parking Fees and Information

<http://www.parking.byu.edu> or <http://www.police.byu.edu>
2120 JKB

Motor Vehicles

Parking permits are required to park on campus. To obtain a permit, log in to Route Y and proceed under Parking Registration; or bring the following to the Parking and Traffic Office:

1. Current vehicle registration.
2. BYU identification card.

G, Y, C, and motorcycle/moped parking permits expire September 15th of each year.

At the beginning of each term, during OneStop, all student permits will be issued from the OneStop location rather than from the Parking Services Office. Those wishing to obtain a student permit during that time will need to go to the parking counter located at OneStop in the WSC.

Bicycles

Bicycles must be licensed within Utah County. Provo City licenses cost \$1 at the Parking Services Office or at the Provo Police Department. Bicyclists must:

1. Always park bicycles in racks.
2. Never ride on sidewalks during class breaks.
3. Yield to pedestrians.
4. Obey all traffic rules.

Bicycles not parked in racks will be impounded. BYU will not be responsible for cut locks, chains, or cables. Cutting locks, chains, or cables is authorized only when uniformed police or traffic personnel are present.

Other Regulations and Information

Replacement permits will only be issued when the current valid permit is returned, regardless of car accident, windshield replacement, or selling of vehicle.

Neighborhoods adjoining campus are sometimes inundated with parked vehicles. Students are encouraged to obtain BYU parking permits and to park in university parking lots authorized by the permit.

Traffic regulation information may be obtained from the Parking Services Office. It is the responsibility of all students, faculty, and staff members to obey all traffic rules and regulations.

Questions may be directed to Parking Services personnel at (801) 422-3906, <http://www.parking.byu.edu> or <http://www.police.byu.edu>

Parking and Traffic Violation Fines

Appeals must be made within fourteen calendar days of the citation issue date. Otherwise the opportunity to appeal is forfeited. Individuals receiving seven or more citations in a twelve-month period (whether paid or unpaid) will have their driving and parking privileges revoked.

Records Fees

Search fee (duplicate receipt)	\$1
Transcript fee (per copy—pay at Records Office)	\$2

Health Insurance Requirement

BYU requires all three-quarter- and full-time students (9 credit hours or more for a semester; 4.5 credit hours for a term, including Salt Lake Center hours) to carry adequate medical insurance. This applies through the academic year, including students taking a semester or term off. All participants in groups on tour, Study Abroad, or internships are also required to carry adequate medical insurance.

Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by an employer or a spouse's or parent's employer. We recommend that any private medical insurance plan should:

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than \$500; and
- have an annual plan limit of no less than \$25,000.

Three-quarter- or full-time students must enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage when first enrolling at BYU and prior to the beginning of fall semester each year thereafter. Students who do not provide proof of private insurance via the Web to the BYU Health Plan Office will be automatically enrolled in and assessed the appropriate premium (single or married student rate) for the BYU Student Health Plan. The health plan premium will be charged to the student's account; payment is due by the tuition payment deadline each semester and term.

As an accommodation for disability, and with approval from the Office of Services for Students with Disabilities, a student may be eligible for the Student Health Plan with fewer than 9 semester hours or 4.5 term hours.

Debt Collection Fees

Students' past-due debts are referred to Student Financial Services for collection, and a reasonable collection fee is added to the student's account. If BYU is unable to collect the debt within a reasonable time, the debt may be referred to an outside collection agency and/or attorney for collection. All collection costs, including BYU's collection fee and any collection agency fees and/or attorney fees and court costs, will be added to the student's debt and must be paid in full before the university will release the financial hold on the student's transcript, allow the student to register, or consider the student for readmission. Also, the student's eligibility for graduating and participating in graduation ceremonies and/or having their diploma released may be delayed or denied.

Introduction to the Undergraduate Degree

There are three formal components to the baccalaureate at Brigham Young University: religious education, general education, and education in a major. Of these, the first two constitute the university core. In accordance with *The Aims of a BYU Education*, each of the three components complements the others. They are not partitioned off from one another; none claims preeminence; together they comprise a whole, a harmony.

The relationship between the university core and the major will vary in any given year according to the competing demands upon the student's attention. However, students should strive to develop their programs in such a way that a lively interrelationship between the university core and the major, in which each nourishes and informs the other, is pursued over the entire undergraduate experience. For a fuller description of each of these components—their underlying philosophy, objectives, and details—please see the University Core and Major sections of the current BYU Undergraduate Catalog (http://ar.byu.edu/catalog/ugrad_catalog.html).

University Core: Religious Education

Religious Education administers and offers courses in ancient and modern scripture, Church history and doctrine, and related subjects. Religion courses—both Doctrinal Foundation and Religion Electives—are provided so that students may progress in their religious understanding and convictions simultaneously with their educational progress in secular fields. As such, religion courses are not meant to be a mere devotional supplement, but an integral part of the university curriculum that parallels university standards and expectations. As a result, **no more than 4 hours of religion credit per semester may be counted toward the religion hours at BYU requirement.** For this purpose, spring and summer terms combined equal a single semester.

BYU students are expected to complete 14 hours of religion courses **at the BYU campus.** All students must complete the Doctrinal Foundation requirement of the university core as follows: Book of Mormon (RelA 121/H and 122/H), New Testament (RelA 211/H or 212/H, or a Jerusalem Center course: RelA 111, 200, 310, or 311), and Doctrine and Covenants (RelC 324/H or 325/H). In addition to the Doctrinal Foundation requirement, students must complete 6 elective hours of religion courses **at the BYU campus.**

Religion courses taken from LDS institutes of religion (including stake institute) or Church Educational System schools (BYU–Idaho or BYU–Hawaii) **will not**

fulfill the “religion courses taken at BYU” requirement. **Only religion hours taken at the BYU campus (including the BYU–Salt Lake Center and approved BYU Independent Study courses) will fulfill this requirement.**

All returned missionaries taking the Book of Mormon (RelA 121 or 122) must enroll in sections designated for returned missionaries.

Students who are **not LDS** are strongly encouraged to enroll in RelC 100, Introduction to Mormonism, during their first semester in residence. RelC 100 may be used to fill either the New Testament or Doctrine and Covenants requirement.

Transfer Credit

Students with transfer credit must fulfill the religion requirements according to the table below.

Total Hours Transferred to BYU	Minimum Religion Hours to Take at BYU	Doctrinal Foundation Courses Required for Graduation
0–14.9	14	Book of Mormon (RelA 121 and 122), Doctrine and Covenants (RelC 324 or 325) New Testament (RelA 111 or 200 or 211 or 212 or 310 or 311),
15–29.9	12	
30–44.9	10	
45–59.9	8	
60–74.9	6	Book of Mormon (RelA 121 and 122), Doctrine and Covenants (RelC 324 or 325)
75–89.9	4*	
90 or more	2*	Book of Mormon (RelA 121 and 122)
*More credits may be needed if the Doctrinal Foundation requirement has not been completed.		

For more detailed information concerning religion requirements and to view the most accurate listing of religion courses, please refer to the current undergraduate catalog or class schedule. You may also wish to visit <http://religion.byu.edu> at your convenience.

University Core: General Education

General education joins with religious education to make *university* education different from specialized vocational training. It builds a foundation for intellectual development; it increases our understanding of civilization—of humankind's most valuable knowledge and achievements in the arts, letters, and sciences. General education teaches us the importance of critical thinking, an awareness of the past, aesthetic sensibility, and moral judgment. These, together with the training provided in verbal and quantitative skills, in manipulating symbolic systems, help prepare us for a lifetime of learning, effective communication, responsible action, forming and judging arguments, and appreciating and creating the good and the beautiful.

Modifications in general education, effective fall 2004, have been made in an effort to achieve closer alignment with the *Aims of a BYU Education* and to assure that each student develops valuable skills and breadth in fundamental areas of human knowledge. All students who receive undergraduate degrees from BYU are required to complete the new GE requirements as outlined below, except those students who have taken classes at BYU before fall semester 2004. These latter students may complete either the new university core program or the previous GE program and religion requirements. Information on the previous GE program can be obtained in the college advisement centers. Students completing requirements under the previous GE program must do so before fall semester 2008. For details on completing the previous GE program, see the GE Summary table in the winter 2004 class schedule or http://saas.byu.edu/depts/registration/univ_core.aspx.

Selection and Timing of GE Classes

Each GE requirement is completed by taking one course or a combination of courses chosen from the approved list in the table below. Single-course options are most often designed for students whose major is topically distant from the requirement. On the other hand, combination-of-course options are often designed for majors related to the requirement and may include courses a student might take to satisfy a major or minor requirement. Students should carefully consider which option best meets their educational needs. Students are urged to consult their college advisement center when planning their classes.

Occasionally it is possible to complete more than one GE requirement with a single course. For example, Civilization 202 courses are typically labeled either “ARTS” for arts-focused, “LTRS” for letters-focused, or “GCA” for global and cultural awareness-focused. A Civilization 202 (ARTS) course can be used to complete both the Civilization 2 requirement and the Arts requirement; a Civilization 202 (LTRS)

course can be used to complete both the Civilization 2 requirement and the Letters requirement; and a Civilization 202 (GCA) course can be used to complete both the Civilization 2 requirement and the Global and Cultural Awareness requirement. Students are encouraged to use such “double-counting” sparingly—the more GE courses a student takes, the greater the breadth and value of the overall educational experience.

Not all courses listed in the table are appropriate for all students. For instance, some have prerequisites, some are upper-division courses, and some are designed primarily for certain majors. These courses are labeled in the university core table as either “has prerequisite” or “not for all students.” Students should avoid registering for courses for which they are not academically prepared and should consult with the class instructor if they are unsure.

To gain approval to meet a GE requirement, a course is subjected to a rigorous evaluation. Such approval is not granted lightly, and students should ensure that the courses they select are, in fact, *approved* for GE credit. This information is updated each semester/term and published in the current class schedule.

All new students should complete First-Year Writing and the two Book of Mormon classes during their freshman year. First-Year Writing may be taken in either semester of the first year. Students with an ACT math subscore below 22 also need to fill the Quantitative Reasoning requirement in their first year. It is likewise recommended that *all* new students begin work in the Mathematics or Foreign Language options under Languages of Learning.

Students planning to satisfy the Scientific Principles and Reasoning requirements in Biological or Physical Science with the one-course options (e.g., Biol 100, Phys 100) should also complete these, along with American Heritage, during their first two years, making some progress on them during their first year. Civilization courses are designed as sophomore-level courses, although some programs include them during the freshman year. Advice as to when to complete the other GE requirements can be obtained at college advisement centers or department offices.

University Core and the Honors Program

The Honors Program offers a number of courses that satisfy both university core and Honors requirements. These courses provide a deeper, more intense exposure to the subject matter for the student who is interested in a challenging experience. Departmental courses taught in both non-Honors and Honors sections are designated “/H” in the table of courses below. Courses offered by the Honors program are designated Honrs. Additional information concerning

honors courses may be obtained from the Honors Advisement Center, 102-A MSRB, (801) 422-5497, or by consulting the "University Honors Program Course Guide."

Ways to Complete GE Requirements Other Than by Course Work

In addition to taking approved courses, students may satisfy individual GE requirements within the university core by: (1) transferring acceptable credit from other academic institutions; (2) receiving credit from Advanced Placement (AP) and International Baccalaureate (IB) examinations; or (3) passing exemption or challenge examinations offered for some classes at the university.

Transfer Credit

The application of transfer credit to GE requirements is handled by the Admissions Office, A-183 ASB, (801) 422-2500. Articulation agreements have been reached with several junior and community colleges to facilitate the transfer process for students who have completed certain associate degrees. Contact the Admissions Office for up-to-date information regarding the status of those agreements with other institutions.

Advanced Placement and International Baccalaureate Credit

The results of some Advanced Placement (AP) and International Baccalaureate (IB) exams may be used to satisfy certain GE requirements and to obtain general university credit. AP or IB credit posted to a transfer institution will be evaluated based on BYU's standards rather than those of the transfer institution. Contact the School Relations Office, A-209 ASB, (801) 422-5000, for details regarding credit hours and exemption from GE requirements for both AP and IB exams.

Note: College Level Examination Program—BYU stopped giving credit for general exams in 2000. At this time, BYU does not give credit for subject exams either. CLEP credit posted to another institution's transcript is reevaluated based on BYU's standards.

Exemption and Challenge Examinations

Some requirements can be accomplished by successfully completing an examination. Two types of examinations are available: the exemption exam and the challenge exam. The primary difference between an exemption exam and a challenge exam is that an exemption exam is used exclusively to fulfill a general education requirement. No academic credit or letter grade is posted to the transcript. The challenge exam, however, is not restricted to GE courses, and academic credit and a letter grade may be posted to the transcript if the student so chooses. A student may take an exemption or challenge exam for a single course

only once during each semester or term. Students do not have to be enrolled in a course to take an exemption or challenge exam. However, some of the exams are given early enough each semester/term so that students who are enrolled and pass the exam may drop the course. Students not enrolled in a course have an opportunity to take the challenge or exemption exams offered at the Testing Center. Please consult the table on page 11 for specific exam dates.

Exemption Exams: No Credit or Grade

Exemption exams are offered for select general education courses only. Although passing an exam completes the GE requirement, it does not earn academic credit or a letter grade and does not appear on the transcript. Exemption exams are given in the Testing Center on the dates shown on the table that follows. A fee payable at the Testing Center is required for the exams. A passing score on an exemption exam is reflected on the progress report as fulfilling the requirement. However, no academic credit will be posted on the transcript of grades. The procedure to take an exam and request exemption from a course follows.

Challenge Exams: Graded Credit

Only students who have completed at least one course at BYU through day or evening school or the Salt Lake Center are eligible for the challenge examination option. Students currently enrolled are eligible to take the exam, but the credit will not be posted to the transcript until the other BYU credit and grades are posted. Students who are suspended or dismissed from the university are not eligible to challenge courses. Students who are suspended or dismissed may not have challenge examination credit posted to their record even if the examination was taken prior to the suspension or dismissal.

Once students have graduated, they are not eligible for challenging any additional credit at BYU unless it is specific to the graduate program to which the students have been admitted. (See current BYU Graduate Catalog for information on how to challenge graduate courses.)

A challenge exam may or may not be offered for a course at the discretion of the department. Passing a challenge exam earns credit and a letter grade for the course, which appears on the transcript if the student elects to accept the grade. Challenge exams are not restricted to general education courses. Some challenge exams are offered in the Testing Center, and others are arranged through the department offering the course. Departments reserve the right to decide which courses may be challenged by examination. A fee payable at the Testing Center is charged for exams offered in the Testing Center. A fee payable at Student Financial Services, D-155 ASB, is required for exams that are offered through individual departments. **Check with the department to see if the exam is offered in**

the department or in the Testing Center. To earn academic credit and a letter grade for the course, the student must submit a Challenge Examination Form, provided by the Testing Center or the department, to the Records Office, B-150 ASB. No additional fees are charged to post credits to the transcript. The student's transcript and grade-point average reflect the grade earned on the exam. The procedure to take exams and request academic credit follows.

Procedure for Exemption and Challenge Exams Given at the Testing Center

A. Procedure for Exemption Exams

1. Contact the appropriate academic department for exam procedure and content before going to the Testing Center.
2. Go to the Testing Center (265 HGB) on one of the examination dates listed on page 11.
3. Pay the required fee at the Testing Center.
4. If you are enrolled in the course when you pass its exemption exam, you **must** also complete an Add/Drop Card and drop the course. Students who drop the class after the *add deadline* (ten class days after a semester starts or six class days after a term starts) will receive a W on their transcript for dropping the course, and their progress report will reflect fulfillment of the GE requirement. If the exempted course is not *officially* dropped before the drop deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

Note: If you pass an exemption exam at the Testing Center, your progress report will be updated automatically at the end of the semester. Please retain your score report for your records.

B. Procedure for Challenge Exams Given at the Testing Center

1. Contact the appropriate academic department for exam procedure and content before going to the Testing Center.
2. Go to the Testing Center (265 HGB) on one of the examination dates listed on page 11.
3. Pay the required fee at the Testing Center.
4. After the exam is graded, if you choose to receive graded credit, obtain a Challenge Examination Form at the Testing Center and have it validated there. To accept the grade and receive credit for the course, you must sign the Challenge Examination Form and obtain the signature of the examiner (at the Testing Center). The Testing Center sends the form to the Records Office, B-150 ASB, within one month from the date the exam is taken.

Graded credit will be added to your official university transcript, and the progress report will show any GE requirement as fulfilled. (Students taking the Physical Science exam may take the grade or an exemption if their score is 75 percent or above. If their score is between 60 and 74 percent, then they may receive graded credit.)

5. If you are enrolled in the course when you pass its challenge exam, you **must** also complete an Add/Drop Card and drop the course. Students who drop the class after the *add deadline* (ten class days after a semester starts or six class days after a term starts) will receive a W on their transcript for dropping the course, and their progress report will reflect fulfillment of any GE requirement. If the course is not *officially* dropped before the drop deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

Procedure for Challenge Examinations Not Given at the Testing Center

- A. Whether or not you are enrolled in the course you are challenging:
 1. Complete the Challenge Examination Form available from the department.
 2. Arrange with the department to take the exam.
 3. Pay the required testing fee at Student Financial Services, D-155 ASB, and have the form validated there (\$20 fee per course except for the language exams).
 4. Present the validated form to the department examiner.
 5. Have the grade and credit recorded on the form by the examiner and obtain the necessary departmental signatures.
 6. The department will submit the completed form to the Records Office, B-150 ASB, within one month from the date the exam is taken.
- B. If you are enrolled in the course when you pass its challenge exam, you **must** also complete an Add/Drop Card and drop the course. Students who drop the class after the *drop deadline* (ten class days after a semester starts or six class days after a term starts) will receive a W on their transcript for dropping the course, and their progress report will reflect fulfillment of the GE requirement. If the course is not *officially* dropped, the grade given by the instructor based on class performance will appear on the transcript of grades.

Schedule of Exemption and Challenge Examinations Given in the Testing Center

The Testing Center, 265 HGB, offers special examinations for some GE classes on the dates noted below. Please contact the appropriate academic department for specific exam information before going to the Testing Center.

How Do You Get Help with Specific Questions Concerning General Education?

The essential information concerning general education is found in the current BYU Undergraduate Catalog. Additional, late-breaking information, plus advice about general education requirements can be obtained from your college advisement center. The eleven college advisement centers, together with the University Advisement Center, 2500 WSC, provide assistance with registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of academic life.

Computer terminals are available in the advisement centers and at other locations on campus to provide you with an up-to-date report of your academic status. To assess your Advisement by Computer (ABC) Report, log into Route Y, select the AIM icon, then select the ABC Report link. This will generate a personalized report that includes a list of GE requirements you have completed.

Major Education

Brigham Young University students are expected to develop competence in at least one area of concentration. Such competence is acquired through in-depth study in an area referred to as the major. Through the major requirements students encounter a rigorous, coherent, and progressively more sophisticated program of study. Such study is intrinsically valuable, and it prepares students to enter the world of work or to pursue further study. By the time they graduate, students should have a grasp of their discipline's essential knowledge and skills and thus be able to compete in and contribute to the larger world outside the university.

BYU offers approximately 150 undergraduate major programs. Most of these programs are centered in the more than 50 academic departments, but several interdisciplinary programs are also available. The complete list of these degrees is given in the BYU Undergraduate Catalog under the heading Alphabetical List of Undergraduate Majors at BYU. Of the 120 credit hours required as a minimum for the baccalaureate degree, the major program typically comprises between 40 and 60 credit hours, although some exceed 60 credit hours. Requirements for major programs are detailed under specific departments in the catalog.

Students need not feel undue pressure to declare a major immediately upon entering the university, and they may wish to enroll in general education courses that can introduce them to possible areas for major study. However, some majors, including those in the natural sciences, engineering, music, and visual arts, are tightly structured. Efficient graduation from these programs requires students to undertake degree requirements during the first semester of their freshman year. Students who are considering these programs are encouraged to begin them as soon as possible. The academic departments and college advisement centers can provide advice about particular degree requirements and selecting a major.

The University Core (GE + Religion) Detailed Options—Sp/Su 2007

Please read the Components of the Undergraduate Degree section of this class schedule *before* considering the list of courses to complete these requirements.

Note 1: The courses listed on the following table are subject to change each semester. Some general education (GE) courses listed have approval on a trial basis and may be removed from the list at a later date. Please consult a current class schedule each semester/term to ensure that the class you take is still approved for GE. Some requirements can also be satisfied with AP or IB exam credit. Check with the School Relations Office, A-209 ASB, (801) 422-5000, for current mapping of AP/IB exams.

Note 2: Courses that include honors sections are followed by /H.

Note 3: For details on completing the previous GE program, see the previous GE Program Summary table in the winter 2004 class schedule.

The University Core: Summary

To complete the University Core, you must satisfy each of the 18 requirements listed below. Each can be completed by taking one course or a combination of courses. In some cases, you may satisfy the requirement in other ways: AP; competency exams; or, in the case of Quantitative Reasoning, ACT or SAT score. Furthermore, in some cases a single course may complete two requirements (double count). Courses marked in bold are especially recommended for freshman students. See the University Core Detailed Options Table (beginning at right) for details.

1. **Book of Mormon** (take 2-course sequence)
2. *New Testament* (take 1 course)
3. *Doctrine and Covenants* (take 1 course)
4. *Wellness* (take 1 course **or** 3-course combination)
5. **American Heritage** (take 1 course **or** 2-course combination)
6. *Global and Cultural Awareness* (take 1 course **or** 2-course combination; tagged courses in detailed table below may double-count to also complete the *Languages of Learning or Arts or Letters or Civilization 2* requirement)
7. **First-Year Writing** (take 1 course **or** AP—see detailed table below)
8. *Advanced Writing and Oral Communication* (take 1 course **or** 2-course combination)
9. **Quantitative Reasoning** (take 1 course **or** ACT/SAT option—see detailed table below)
10. *Languages of Learning* (Math option: take 1 course; Foreign Language option: take courses up to the culminating course)
11. *Civilization 1* (take 1 course)
12. *Civilization 2* (take 1 course; tagged courses may double-count to complete *Arts or Letters or Global and Cultural Awareness*)
13. *Arts* (take 1 course or combination of courses; tagged courses may double-count to complete *Civilization 2 or Global and Cultural Awareness*)
14. *Letters* (take 1 course; tagged courses may double-count to complete *Civilization 2 or Global and Cultural Awareness*)
15. *Biological Science* (take 1 course **or** 2-course combination)
16. *Physical Science* (take 1 course **or** 2-course combination)
17. *Social Science* (take 1 course)
18. *Religion Electives* (take 3–4 courses)

Open Electives (take other courses to round out your education—required only if students need classes to complete the 120 hours for graduation)

Although the time to complete GE requirements varies according to the major, all new students should complete the First-Year Writing and the two Book of Mormon classes during their freshman year. First-Year Writing may be taken in either semester of the first-year. It is also recommended that students who, because of an ACT math subscore below 22, need to fill the Quantitative Reasoning requirement, do so in their first year, and that all new students begin work in the mathematics or foreign language options under Languages of Learning.

Students planning to satisfy the Scientific Principles and Reasoning/Biological Science, /Physical Science requirements with the one-course options (e.g., Biol 100, Phys 100) should also complete these, along with American Heritage, during their first two years, making some progress on them in their first year. Civilization courses are designed as sophomore-level courses, although some programs include them during the freshman year. Advice as to when to complete the other GE requirements can be obtained at college advisement centers or department offices.

International students for whom English is a second language (i.e., those who took the TOEFL exam as part of the application process) may fulfill this requirement through any of the American Heritage options. The student is responsible to see that this is posted to the progress report through the college advisement center.

Students may also complete the Global and Cultural Awareness requirement through a designated Study Abroad, International Internship, or service learning experience of at least one semester's duration that involves working with people outside one's own culture. This option requires a reflection paper, which should be of the same high quality as a class term paper, reflecting the student's best writing. The paper should be at least seven pages of typed double-spaced text, plus title page, references, and any relevant tables or figures. Substandard papers will not be accepted. The paper should be submitted first to the faculty member in charge of the program. Once the faculty member is satisfied with the paper as being of sufficiently high quality to merit GE credit, the paper and cover memo from the faculty member should then be submitted to the Office of General Education, 350 MSRB, for GE clearance.

Note: For less commonly taught languages, look for a FLang 330R course taught in that language. For information on the availability of additional language courses, please contact the Center for Language Studies, (801) 422-1201. Occasionally insufficient enrollment may preclude the offering of a culminating course in a less commonly taught language. In such cases the center will offer FLang 330R as an Independent Study course. To receive **graded credit** for the lower-division courses covered by the foreign language challenge exam, students must take the challenge exam while they are enrolled in FLang 330R. This is a requirement regardless of whether the student is enrolled in a regular FLang 330R course or is taking the course through Independent Study. In all FLang 330 courses, the challenge exams will be scheduled by the Center for Language Studies and will be administered during the course.

*Students completing the BM degree or BFA in music dance theatre meet this requirement through a music theory sequence culminating in, for the BM, Music 301, Survey of Music Literature; and, for the BFA, Music 300 + Dance 300 + TMA 300, History of Music Dance Theatre.

CORE ENRICHMENT: ELECTIVES**RELIGION ELECTIVES****

From three to four courses (6 elective religion hours required).

OPEN ELECTIVES

Courses chosen from various disciplines to round out the student's education. Required only if students need classes to complete the 120 hours for graduation.

Total hours: Total required religion hours 14; the total required hours in general education may vary from 31.5 to 72 depending upon tracks chosen by students or as a result of departmental requirements.

/H indicates that there are also honors sections of the departmental course; Honrs refers to courses taught only in the Honors Program.

*A course designated "not for all students" is not targeted for all students; it may have limited enrollment or be designed only or primarily for certain majors. If you have questions about registering for this course, please consult the instructor or college advisement center.

**Because regular gospel study should be a continuous part of a student's university experience, it would be ideal to take one religion class each semester of enrollment. No more than 4 hours of religion credit per semester (spring/summer terms count as one semester) may be counted toward the required minimum hours to be taken at BYU.

Note: For details on completing the previous GE program, see the previous GE Program Summary table in the winter 2004 class schedule.

Brigham Young University Honors Program

Participation in Honors

The Honors Program provides an unusually rich and challenging experience for capable and motivated undergraduate students. Its purpose is to assist students as they establish lifelong patterns of learning and appreciation of the world's great treasures of knowledge. An honors education is not merely a more intensive general education or a more strenuous program in a major. Rather, it provides students with the advantages of an enriched education in a small-class setting with excellent professors, while utilizing all of the advantages of a large university. Students who pursue an honors education at Brigham Young University take honors courses that meet university core requirements and participate in an intensive honors thesis experience in their major.

To graduate from BYU, students must meet not only the requirements of a major department but also the university core requirements in general education and religion. Most students complete the nonmajor requirements through courses in the general university curriculum. Because all students must complete core requirements, some required classes have high enrollments, and there is little opportunity for students to interact with the professors. The Honors Program invites capable and motivated students to satisfy university core requirements through honors as alternatives to the standard general and religious education programs. Honors courses have small enrollments (usually fewer than 30 students per class) and emphasize class discussion and writing.

University Honors is a distinction awarded to all graduates of BYU who have met the honors requirements as described below. This prestigious designation is recorded on the university diploma, on the official transcript of grades, and in the graduation program. It is widely recognized as an indication of exceptional academic achievement.

Although it is hoped that students will choose to complete all of the requirements for the University Honors designation, those who do not intend to do so are welcome to participate in the Honors Program to whatever extent they choose. All students are invited to consider honors as a way to achieve the quality academic experiences they seek. Students may register for honors courses at any time during their undergraduate years without necessarily intending to complete all the honors graduation requirements.

Honors education is open to all students who choose to participate; there is no formal membership in the Honors Program. Students who intend to graduate with University Honors should complete an

enrollment form that may be obtained from the Honors Advisement Center in 102A Maeser Building (MSRB).

Facilities and Opportunities Available to Honors Students

The Honors Program is housed in the historic Maeser Building on the southwest part of campus. This quiet corner of campus is surrounded by beautiful grounds and wooded areas. The building is named after Karl G. Maeser, the first principal of Brigham Young Academy (the school that later became Brigham Young University). A bronze statue of Karl G. Maeser stands at the building's east entrance. The Maeser Building was constructed in 1911 and is the oldest building on the current campus. Its marble halls are richly decorated with oak and brass trim. The building was restored in 1985 with modern electrical and ventilation systems but retains its historic architecture and decoration.

Facilities for honors students in the Maeser Building include the Honors Reading Room in 150 MSRB, with study tables and a small library of reference works and classics; the Honors Student Lounge in 102 MSRB, where students can meet for informal discussions; an art gallery in the lower-floor hall; the Honors Advisement Center in 102A MSRB, where students receive counseling about their honors education; and the Martha Jane Knowlton Coray Lecture Hall in 321 MSRB, where classes, lectures, and musical concerts are held.

Students who have committed to graduate with University Honors and are active participants in the Honors Program are eligible for reduced-rate or free admission to selected musical and theatrical performances, some of which may include visiting performers of international renown. They also have priority registration privileges for honors courses. The Honors Program sponsors lectures, concerts, symposia, and socials. The students can also participate in inter-campus events with honors students from other universities and colleges. Each week, on Thursdays at 11:00 a.m. during fall and winter semesters, the Honors Program sponsors honors lectures featuring a religious or academic presentation by a professor or member of the community. Students are also invited to participate in the Honors Student Advisory Council, a group of student representatives who assist in policy development, social activities, and academic functions of the Honors Program.

Who Should Participate in Honors

The characteristics that best define honors students are motivation and a strong desire to obtain the most from the educational experience that BYU has to offer. Honors students seek breadth in their education

by taking honors courses outside their majors. They excel within their majors by learning how to conduct research and scholarly work within their chosen fields. They usually tend to work harder and spend more time on their course work than other students, not because their courses are more difficult but because they take courses that interest them. They attend concerts, plays, films, lectures, and art exhibitions, and they participate in informal discussions with their professors and fellow students. Because many of their classes are small and discussion-oriented, they are personally acquainted with their professors. They become well-rounded, literate, and humane scholars whose faith in the restored gospel is strong. Their thirst for knowledge lasts a lifetime. They are not necessarily those with the highest grade point averages or the highest standardized test scores, nor do all honors students have scholarships.

Approximately 30 percent of the BYU student body participates to some extent in honors, and students benefit thereby from an enriched education. The Honors Program invites all BYU students who seek an enhanced educational experience to take advantage of the many opportunities offered by the Honors Program.

Overview of Requirements for Graduation with University Honors

This section provides a brief overview of the requirements to graduate with University Honors. The staff in the Honors Advisement Center, 102A MSRB, (801) 422-5497, is available to answer questions about honors requirements. To graduate with University Honors, a student must:

1. Commit to graduate with University Honors.
2. Complete the honors curriculum requirement.
3. Complete the honors Great Works requirement.
4. Complete the honors Advanced Languages requirement.
5. Complete the honors service requirement.
6. Complete the honors thesis requirement.
7. Graduate with a cumulative grade point average of at least 3.5.
8. Submit a graduation portfolio that summarizes the student's honors experiences.

The requirements for graduation with University Honors complements both major and core education. The honors curriculum, Great Works, and Advanced Languages requirements enhance the university core components; the honors thesis requirement enhances the major education component.

Honors Courses

Dates and times for honors courses are listed in the class list of this schedule under Honors (Honrs) or by any class with the suffix *H*.

The "University Honors Program Course Guide" also contains a complete list of honors courses and detailed course descriptions. It is an essential supplement to the current undergraduate catalog and this class schedule. To obtain the course guide or further information about the Honors Program, contact the Honors Advisement Center, 102A MSRB, telephone (801) 422-5497, or refer electronically to <http://honors.byu.edu>.

Brigham Young University Academic Standards

Academic Support Office, 2500 WSC, (801) 422-2723

A student's academic standing at BYU is determined according to the grades that the student earns at BYU. **Academic standing is based on a minimum of 6 credit hours. Students enrolled for fewer than 6 credit hours in a semester or term have their credits combined with their next enrollment(s) until 6 credits of graded hours are accumulated, at which point the academic standing is calculated.** The following outline shows the conditions and expectations according to the student's academic standing.

Note: College advisement centers (CACs) may also set registration blocks on students not progressing toward timely graduation. In such cases, students must also meet with their CAC to have this block removed.

ACADEMIC STANDING	UNDER THESE CONDITIONS	EXPECTATIONS
GOOD	When the most recent semester/term GPA and BYU cumulative GPA are 2.0 or above and the student has NOT been on academic Probation or Suspension	Student continues to maintain a BYU cumulative GPA of 2.0 or higher until graduation.
PREVIOUS	The same as Good academic standing but indicates a student has previously been on academic Probation or Suspension.	The student continues to maintain a 2.0 or higher semester/term and BYU cumulative GPA. However, the student goes directly to academic Probation if the student has a semester/term GPA below 2.0.
WARNING <i>Includes</i> a registration block.	When the most recent semester/term GPA is below 2.0 and the student was in Good academic standing OR When the most recent semester/term GPA is 2.0 or higher but the BYU cumulative GPA is below 2.0 and the student was on academic Warning.	The student is blocked from registrations beyond the subsequent semester/term until the student EITHER submits a complete Academic Improvement Plan to the Academic Support Office by the appropriate deadline OR the student earns at least a 2.0 GPA for the subsequent enrollment and has at least a 2.0 cumulative GPA. Students with less than a 2.0 cumulative GPA must submit the Academic Improvement Plan.
PROBATION <i>Includes</i> a registration block.	When the most recent semester/term GPA is below 2.0 and the student was on academic Warning OR When the most recent semester/term GPA is below 2.0 and the student was on Previous academic standing OR When the most recent semester/term GPA is 2.0 or higher but the BYU cumulative GPA is below 2.0 and the student was on academic Probation.	The student is blocked from registrations beyond the subsequent semester/term until the student EITHER submits a complete Academic Improvement Plan to the Academic Support Office by the appropriate deadline OR the student earns at least a 2.0 GPA for the subsequent enrollment and has at least a 2.0 cumulative GPA. Students with less than a 2.0 cumulative GPA must submit the Academic Improvement Plan. Students on Probation who earn less than a 2.0 GPA for a semester or term are academically suspended. Note: If a student is receiving university or federal financial aid, the student must also contact the Financial Aid Office, A-41 ASB, (801) 422-4104. Students on Probation may not be eligible for financial aid.
SUSPENSION	When the most recent semester/term GPA is below 2.0 and the student was on academic Probation OR When a student fails to comply with the conditions prescribed by the Academic Standards Committee.	1. The student is immediately dropped from all enrollments in day, evening, or extension classes (except Independent Study). 2. The student may not enroll in BYU day, evening, or extension classes (except Independent Study) for a minimum of twelve months. During this time the student is expected to resolve all problems leading to the student's academic suspension. After twelve or more months, the student may apply for readmission. If the student completes any college-level work while on Suspension, the student must receive an overall GPA of 3.0 or higher in that course work to be allowed readmission. The student should contact the Admissions Office, A-153 ASB, (801) 422-2507, for details and pertinent information about deadlines and expectations for readmission. 3. A student with extenuating circumstances—who has appropriate support and justification—may appeal the twelve-month period out of BYU through the Academic Standards Committee. The student should contact the Academic Support Office, 2500 WSC, (801) 422-2723, for assistance. No other appeals will be considered.
DISMISSAL	When the student is academically Suspended a second time.	An academically dismissed student may not enroll in day, evening, or extension classes (except Independent Study). After three years a student is eligible to enroll in evening or extension classes. A student may seek an exception to be readmitted as a degree-seeking student after two years by petitioning the Academic Standards Committee.

Graduate Studies

Brigham Young University offers doctoral and master's degrees in a broad range of fields, as well as professional degrees in law and management. The doctoral degree requires you to demonstrate an impressive scholarly competence, which includes the ability to conduct and report significant research in a highly effective way. Advanced systematic study in a discipline is also essential, and it is followed by comprehensive examinations that require you to integrate and understand the collective knowledge of your discipline. An impeccably written dissertation resulting from independent research is scrutinized and tested in a concluding oral examination. The master's degree also requires advanced course work, demonstrated mastery in vital aspects of a discipline, skill in research methodology and theory, and preparation for future creative work. Nearly all nonprofessional master's programs at Brigham Young University require integrating examinations and a major culminating piece of written work—usually a thesis, sometimes a project—and an oral examination on that work. Professional programs also demand high-level performance of students, blending scholarly insight with technical knowledge and skill.

Admission to Graduate Study

Application to graduate study is made through Graduate Studies, B-356 ASB, PO Box 21339. Applications can be submitted online at <http://www.byu.edu/gradstudies/admissions/applications/onlineapp.html>. Applying online is strongly encouraged because it requires a shorter and more efficient processing time. Except in a small number of integrated programs, the bachelor's degree is required before you may register in a graduate program. Admission to graduate study is determined by individual departments, once standard university requirements have been met. Applicants are admitted to study in specific programs, many of which are highly selective and admit only a limited number of students each year. If you are a prospective applicant, you should communicate your interest to the specific department(s) to which you wish to apply, and they will forward program and admission information to you.

Advisement of Graduate Students

Once admitted to a department graduate program, you are advised by particular faculty members and the department graduate coordinator rather than through college advisement centers. Direct general questions about university admissions, procedures, and graduation to Graduate Studies, where program administrators work individually with students and departments in

admitting students and seeing them through their programs to graduation. Graduate students should read and regularly consult the current BYU Graduate Catalog for information about university policies and procedures as well as department programs.

Degree Requirements

University minimums require 54 credit hours for the doctoral degree and 30 credit hours for the master's degree. A number of programs, particularly professional programs, require more than those minimums. The highly individual nature of graduate work is reflected in the specialized programs offered by departments and the selection of courses appearing on each student's program of study. Except in professional programs, programs of study are tailored for individual students, and their progress through those courses is tracked by Graduate Studies. Students may access their progress report any time on the Web.

Graduate Curriculum

Graduate courses in the university are numbered in the five, six, and seven hundreds. Seniors with exceptional ability may, on occasion, register for courses numbered in the 500 series but should be aware that such courses are taught at a graduate level, and expectations may exceed the undergraduate's preparation. Graduate courses generally require significant research and individual initiative.

Registration Requirements

Given the more intensive nature of graduate study, a normal semester registration is from 9 to 12 credit hours. Some programs limit students to a 6-hour registration. It is the responsibility of each graduate student to understand and follow both the general university requirements for graduate work and the specific department requirements for individual programs.

U.S. graduate students must register for a minimum 6 semester hours per academic year and must be registered for a minimum 2 semester hours in the semester or term in which they are (a) admitted into a graduate program or (b) plan to graduate. No D, E, W, NS, or I grades; audits; or correspondence courses may count toward these totals or toward a graduate degree.

Immigration regulations require international students to register for at least 9 semester hours each fall and winter semester until they have fewer than 9 credit hours remaining to finish their programs. Then they must register for at least 2 semester hours and receive clearance from International Services, 1351 WSC, PO Box 25520.

Academic Standards

Grade Point Average (GPA) Requirements

Graduate students whose graduate program of study GPA falls below 3.0 (prerequisite and skill courses are exempted) will not be allowed to graduate and may be dismissed from their graduate programs. No D credit may apply toward a graduate degree.

Annual Reviews of Graduate Students

Departments are asked to make a formal evaluation of the performance of graduate students at least twice a year; some evaluate more frequently. Each department establishes its own evaluation criteria and the standards it requires graduate students to meet, but generally evaluations are based on students' total academic performance, their fulfillment of program requirements (program of study submitted, courses completed on schedule, prospectus approved by department, student advanced to candidacy), and their professional performance (including quality of teaching and research).

Enrollment Verification

Graduate students may request verification of their enrollment status as full-time or part-time students, for loans or for other purposes, from the Records Office, B-150 ASB, PO Box 21114, telephone (801) 422-2631. Registration for a minimum 8.5 credit hours constitutes full-time enrollment in a semester, and 4.5 credit hours does so in a term. Registration for fewer hours constitutes part-time enrollment.

Graduate students (master's and doctoral students) who are enrolled for at least 2 hours per semester or 1 hour per term, and who can be certified by their department as being engaged full-time in pursuit of their degrees, can petition for graduate full-time status. Requests for such an exception should be directed to Graduate Studies.

Campus Privileges for Graduate Students

Graduate students who are registered for at least 2 hours per semester or 1 hour per term receive a university (ID) activity card and are eligible for all on-campus privileges afforded students who are registered full-time, i.e., on-campus employment, student housing, student insurance, intramurals, use of physical education facilities, graduate parking permits, and discount admission to sporting and cultural events.

Changing Degree Levels

With department approval, students may change from one degree level to another within a department and without interruption of enrollment. Request the change by submitting to Graduate Studies a Request to Change Degree Level (Form 1c), paying the application fee if applicable, and following the instructions on the back of the form. After receiving a department's recommendation to approve or deny the request, Graduate Studies will officially notify you.

Changing Departments

To change departments, a student must submit another complete application, including another application fee, by the required deadline for the new program.

Discontinuance from BYU

Graduate students who wish to withdraw from a current registration altogether must discontinue through the university's Discontinuance Office, B-150 ASB, (801) 422-7705.

Termination of Graduate Status

Termination of graduate status may result if a student:

1. Fails to fulfill the university's minimum registration requirement.
2. Fails to meet the degree time limit.
3. Makes a request to withdraw (with the intent to pursue a degree at another university, for personal reasons, or in response to department recommendation).
4. Receives a Marginal or Unsatisfactory rating in a review by the academic department and is unable or unwilling to comply with conditions for continuance outlined by the department.
5. Fails to make what the department or the university deems to be satisfactory progress toward a graduate degree.
6. Fails the departmental comprehensive examination.
7. Fails the final oral examination (defense of dissertation, thesis, or project).
8. Violates the university's Honor Code.

Church Educational System Honor Code

Brigham Young University, Brigham Young University—Hawaii, Brigham Young University—Idaho, and LDS Business College exist to provide an education in an atmosphere consistent with the ideals and principles of The Church of Jesus Christ of Latter-day Saints. That atmosphere is created and preserved through commitment to conduct that reflects those ideals and principles. Members of the faculty, administration, staff, and student body at BYU, BYU—H, BYU—I, and LDSBC are selected and retained from among those who voluntarily live the principles of the gospel of Jesus Christ. Observance of such is a specific condition of employment and admission. Those individuals who are not members of The Church of Jesus Christ of Latter-day Saints are also expected to maintain the same standards of conduct, except church attendance. All who represent BYU, BYU—H, BYU—I, and LDSBC are to maintain the highest standards of honor, integrity, morality, and consideration of others in personal behavior. By accepting appointment on the faculty, continuing in employment, or continuing class enrollment, individuals evidence their commitment to observe the Honor Code standards approved by the Board of Trustees “at all times and . . . in all places” (Mosiah 18:9).

Honor Code Statement

We believe in being honest, true, chaste, benevolent, virtuous, and in doing good to all men. . . . If there is anything virtuous, lovely, or of good report or praiseworthy, we seek after these things.
—THIRTEENTH ARTICLE OF FAITH

As a matter of personal commitment, students, faculty, and staff of Brigham Young University, Brigham Young University—Hawaii, Brigham Young University—Idaho, and LDS Business College seek to demonstrate in daily living on and off campus those moral virtues encompassed in the gospel of Jesus Christ, and will

Be honest
Live a chaste and virtuous life
Obey the law and all campus policies
Use clean language
Respect others
Abstain from alcoholic beverages, tobacco, tea, coffee, and substance abuse
Participate regularly in church services
Observe the Dress and Grooming Standards
Encourage others in their commitment to comply with the BYU Honor Code.

Specific policies embodied in the Honor Code include (1) the Academic Honesty Policy, (2) the Dress and Grooming Standards, (3) the Residential Living

Standards, and (4) the Continuing Student Ecclesiastical Endorsement. (Refer to institutional policies for more detailed information.)

Academic Honesty Policy

The first injunction of the BYU Honor Code is the call to “be honest.” Students come to the university not only to improve their minds, gain knowledge, and develop skills that will assist them in their life’s work, but also to build character. “President David O. McKay taught that character is the highest aim of education” (The Aims of a BYU Education, p. 6). It is the purpose of the BYU Academic Honesty Policy to assist in fulfilling that aim.

BYU students should seek to be totally honest in their dealings with others. They should complete their own work and be evaluated based upon that work. They should avoid academic dishonesty and misconduct in all its forms, including but not limited to the following: plagiarism, fabrication or falsification, cheating, and other academic misconduct.

Plagiarism

Intentional plagiarism is a form of intellectual theft that violates widely recognized principles of academic integrity as well as the Honor Code. Such plagiarism may subject the student to appropriate disciplinary action administered through the university Honor Code Office, in addition to academic sanctions that may be applied by an instructor. Inadvertent plagiarism, although not in violation of the Honor Code, is nevertheless a form of intellectual carelessness that is unacceptable in the academic community. Plagiarism of any kind is completely contrary to the established practices of higher education, where all members of the university are expected to acknowledge the original intellectual work of others that is included in one’s own work. In some cases, plagiarism may also involve violations of copyright law.

Intentional Plagiarism

Intentional plagiarism is the deliberate act of representing the words, ideas, or data of another as one’s own without providing proper attribution to the author through quotation, reference, or footnote.

Inadvertent Plagiarism

Inadvertent plagiarism involves the inappropriate, but nondeliberate, use of another’s words, ideas, or data without proper attribution. Inadvertent plagiarism usually results from an ignorant failure to follow established rules for documenting sources or from simply being insufficiently careful in research and writing. Although not a violation of the Honor Code, inadvertent plagiarism is a form of academic misconduct for which an instructor can impose appropriate academic sanctions. Students who are in doubt as to whether

they are providing proper attribution have the responsibility to consult with their instructor and obtain guidance.

Examples of Plagiarism

Direct Plagiarism—The verbatim copying of an original source without acknowledging the source.

Paraphrased Plagiarism—The paraphrasing, without acknowledgment, of ideas from another that the reader might mistake for your own.

Plagiarism Mosaic—The borrowing of words, ideas, or data from an original source and blending this original material with one’s own without acknowledging the source.

Insufficient Acknowledgment—The partial or incomplete attribution of words, ideas, or data from an original source.

Plagiarism may occur with respect to unpublished as well as published material. Acts of copying another student’s work and submitting it as one’s own individual work without proper attribution is a serious form of plagiarism.

Fabrication or Falsification

Fabrication or falsification is a form of dishonesty where a student invents or distorts the origin or content of information used as authority. Examples include

1. Citing a source that does not exist.
2. Citing information from a source that is not included in the source.
3. Citing a source for a proposition that it does not support.
4. Citing a source in a bibliography when the source was neither consulted nor cited in the body of the paper.
5. Intentionally distorting the meaning or applicability of data.
6. Inventing data or statistical results to support conclusions.

Cheating

Cheating is a form of dishonesty where a student attempts to give the appearance of a level of knowledge or skill that the student has not obtained. Examples include

1. Copying from another person’s work during an examination or while completing an assignment.
2. Allowing someone to copy from you during an examination or while completing an assignment.
3. Using unauthorized materials during an examination or while completing an assignment.
4. Collaborating on an examination or assignment without authorization.
5. Taking an examination or completing an assignment for another, or permitting another to take

an examination or to complete an assignment for you.

Other Academic Misconduct

Academic misconduct includes other academically dishonest, deceitful, or other inappropriate acts that are intentionally committed. Examples of such acts include but are not limited to

1. Inappropriately providing or receiving information or academic works so as to gain unfair advantage over others.
2. Planning with another to commit any act of academic dishonesty.
3. Attempting to gain an unfair academic advantage for oneself or another by bribery or by any act of offering, giving, receiving, or soliciting anything of value to another for such purpose.
4. Changing or altering grades or other official educational records.
5. Obtaining or providing to another an unadministered test or answers to an unadministered test.
6. Breaking and entering into a building or office for the purpose of obtaining an unauthorized test.
7. Continuing work on an examination or assignment after the allocated time has elapsed.
8. Submitting the same work for more than one class without disclosure and approval.

Procedures for Handling Incidents of Academic Dishonesty or Other Academic Misconduct

Faculty are responsible to establish and communicate to students their expectations of behavior with respect to academic honesty and the student’s conduct in the course. Responsible instructors will investigate these incidents, determine the facts, and take appropriate action. Finally, the instructor should notify the Honor Code Office of the final disposition of the incident as a means of encouraging appropriate behavior change and discouraging repeat violations. If the incident of academic dishonesty involves the violation of a public law, e.g., breaking and entering into an office or stealing an examination, the act should also be reported to University Police. If an affected student disagrees with the determination or action and is unable to resolve the matter to the mutual satisfaction of the student and the instructor, the student may have the matter reviewed through the university’s grievance process (Student Academic Grievance Procedure).

Applicable Actions for Academic Dishonesty

A wide range of possible actions exists for cases of academic dishonesty. Instructors should take actions that are fair and equitable under the circumstances

and should attempt to reach an understanding with the affected student on the imposition of an appropriate action. In some cases, the department, the college, or the university may also take actions independent of the instructor. Examples of possible actions include but are not limited to the following:

For instructors, programs, departments, and colleges:

- Reprimanding the student orally or in writing.
- Requiring work affected by the academic dishonesty to be redone.
- Administering a lower or failing grade on the affected assignment, test, or course.
- Removing the student from the course.
- Recommending probation, suspension, or dismissal.

For the university:

The university may elect to place an affected student on probation or to suspend or dismiss the student, and to place a temporary or permanent notation on the student's permanent academic transcript that he or she was suspended or dismissed due to academic misconduct.

The university may report an incident of academic misconduct to appropriate law enforcement officials and may prosecute an affected student if the act in question involves the commission of a crime (e.g., breaking into an office or building, stealing an examination, etc.).

Honor Code Office Involvement

The Honor Code Office will maintain a record of all violations of the Academic Honesty Policy reported to it by the faculty. If the occurrence is sufficiently egregious or if a pattern of dishonesty or misconduct is discovered, the Honor Code Office may take additional action on behalf of the university based upon the nature of the infraction(s). The Honor Code Office, in consultation with the involved academic personnel, including the associate academic vice president over undergraduate studies, may determine to place a student on probation or to recommend that a student be suspended or dismissed for academic dishonesty and other forms of academic misconduct.

Shared Responsibility Policy Statement

Students are responsible not only to adhere to the Honor Code requirement to be honest but also to assist other students in fulfilling their commitment to be honest.

Faculty Academic Integrity

The substantive standards of academic honesty stated in this policy apply *a fortiori* to faculty. Indeed, all members of the BYU community are expected to act according to the highest principles of academic integrity.

Sources

A large number of publications and policies of colleges and universities were reviewed in creating BYU's Academic Honesty Policy. Some of the content and structure of this policy were adapted from the following sources:

Dress and Grooming Standards

The dress and grooming of both men and women should always be modest, neat, and clean, consistent with the dignity adherent to representing The Church of Jesus Christ of Latter-day Saints and any of its institutions of higher education.

Modesty and cleanliness are important values that reflect personal dignity and integrity, through which students, staff, and faculty represent the principles and standards of the Church. Members of the BYU community commit themselves to observe the following standards, which reflect the direction of the BYU Board of Trustees and the Church publication *For the Strength of Youth*. (These guiding principles apply at all CES institutions of higher education. The application of these principles may vary slightly at the various institutions in accordance with local conditions and circumstances. [See separate institutional policies for more specific details on dress and grooming standards.]) The BYU Dress and Grooming Standards are as follows:

Men. A clean and well-cared-for appearance should be maintained. Clothing is inappropriate when it is sleeveless, revealing, or form fitting. Shorts must be knee-length or longer. Hairstyles should be clean and neat, avoiding extreme styles or colors, and

trimmed above the collar, leaving the ear uncovered. Sideburns should not extend below the earlobe or onto the cheek. If worn, moustaches should be neatly trimmed and may not extend beyond or below the corners of the mouth. Men are expected to be clean-shaven; beards are not acceptable. Earrings and other body piercing are not acceptable. Shoes should be worn in all public campus areas.

Women. A clean and well-cared-for appearance should be maintained. Clothing is inappropriate when it is sleeveless, strapless, backless, or revealing; has slits above the knee; or is form fitting. Dresses, skirts, and shorts must be knee-length or longer. Hairstyles should be clean and neat, avoiding extremes in styles or colors. Excessive ear piercing (more than one per ear) and all other body piercing are not acceptable. Shoes should be worn in all public campus areas.

Residential Living Standards

As stated in its Code of Honor, Brigham Young University is committed to providing a learning atmosphere consistent with the principles of the Church. The university is likewise committed to creating such an atmosphere for students residing on and off campus. To achieve this, BYU has established living standards to help students learn some of the high ideals and principles of behavior expected at Brigham Young University. The university requires all students to adhere to the following applicable standards:

On-Campus Visiting Hours

Deseret Towers and Helaman Halls

Visitors of the opposite sex are permitted in the lobbies but not in the bedroom area, except during an established open house or home evening time, at which times room doors must remain open. Lobby visiting hours begin after 8:00 a.m. and extend until 12:00 midnight, Monday through Thursday and Saturday. On Friday night, lobby visiting hours extend until 1:30 a.m. Sunday visiting hours begin after noon and extend until midnight.

Heritage Halls

Visitors of the opposite sex are permitted in the lobbies and apartment kitchens but not in bedrooms or bathrooms. Lobby visiting hours are from 8:00 a.m. to 12:00 midnight, Saturday through Thursday, and extend until 1:30 a.m. on Fridays. Apartment visiting hours are from 10:00 a.m. to 11:00 p.m. Sunday through Thursday and extend until 12:00 midnight on Friday and Saturday.

Off-Campus Visiting Hours

Visitors of the opposite sex are permitted in living rooms and kitchens but not in the bedrooms in off-campus living units. The use of the bathroom area by members of the opposite sex is not appropriate unless emergency or civility dictate otherwise—and then only

if the safety, privacy, and sensitivity of other residents are not jeopardized. Visiting hours may begin at 9:00 a.m. and may extend until 12:00 midnight. Friday night visiting hours may extend until 1:30 a.m. Landlords may establish a shorter visiting period if proper notice is given to residents. This policy applies to all housing units occupied by single students.

Conduct

All students shall be required to conduct themselves in a manner consistent with the principles of The Church of Jesus Christ of Latter-day Saints and the BYU Honor Code. Furthermore, all students are required to abstain from possessing, serving, or consuming alcoholic beverages, tobacco, tea, coffee, or harmful drugs. Involvement with gambling; pornographic, erotic, or indecent material; disorderly, obscene, or indecent conduct or expressions; or with other offensive materials, expressions, or conduct or disruption of the peace that, in the sole discretion and judgment of the university, is inconsistent with the principles of the Church and the BYU Honor Code is not permitted in student housing. All guests of students must comply with the Residential Living Standards while on the premises of university-approved housing. All students are required to know the dress and grooming standards and abide by them.

Continuing Student Ecclesiastical Endorsement

All enrolled continuing undergraduate, graduate, intern, and study abroad students are required to obtain a Continuing Student Ecclesiastical Endorsement for each new academic year. Students must have their endorsements completed, submitted, and processed by the Honor Code Office before they can register for fall semester or any semester thereafter. Priority registration for the following fall semester can begin in early April. To avoid registration delays, students should complete and submit their endorsements to the Honor Code Office by March 15. **Those applying to BYU should use the new student Admissions Application Part 3 endorsement.**

LDS students may be endorsed only by the bishop of the ward (1) in which they live and (2) that holds their current Church membership record.

Non-LDS students are to be endorsed by (1) the local ecclesiastical leader if the student is an active member of the congregation, (2) the bishop of the LDS ward in which they currently reside, or (3) the nondenominational BYU chaplain.

Honor Code Requirements

Whether on or off campus or between semesters, all students are expected to abide by the Honor Code, which includes: the Academic Honesty Policy, the Dress and Grooming Standards, and the Residential

Living Standards. Students are required to be in good Honor Code standing to graduate and receive their diploma.

LDS students must fulfill their duty in The Church of Jesus Christ of Latter-day Saints, attend Church meetings, and abide by the rules and standards of the Church on and off campus.

Students who are not members of The Church of Jesus Christ of Latter-day Saints are also expected to maintain the same standard of conduct. They are encouraged to participate in services of their preferred religion.

Withdrawn Ecclesiastical Endorsement

A student's endorsement may be withdrawn at any time if the ecclesiastical leader determines that the student is no longer eligible for the endorsement. If an endorsement is withdrawn, the ecclesiastical leader informs the Honor Code Office, which then facilitates notification to both the student and the university. No confidential information is provided to the Honor Code Office.

Students without endorsements must discontinue enrollment. Excommunication, disfellowshipment, or disaffiliation from The Church of Jesus Christ of Latter-day Saints results in the withdrawal of the student's endorsement. The decision to withdraw an endorsement may be reviewed or appealed through appropriate ecclesiastical leaders (i.e., through the bishop, the stake president, and the designated Area Authority for BYU).

A student whose endorsement has been withdrawn and who had completed the above ecclesiastical appeal process may request a university review, which is initiated through the Honor Code Office. Students may not be enrolled or attend without an ecclesiastical endorsement except in very rare and unusual circumstances as determined by the university.

How Forms Are Obtained

Students are responsible for obtaining their own Continuing Student Ecclesiastical Endorsement Forms. Forms are available at campus information desks, at college advisement centers, from bishops of BYU wards, from the Honor Code Office in 4440 WSC, or online at <http://honorcode.byu.edu>.

University Policies

Nondiscrimination Statement

Admission to Brigham Young University is nondiscriminatory. The university admits qualified persons regardless of race, color, national origin, religion, age, gender, veteran status, or disability who meet university and academic requirements and agree to abide by the university's standards of conduct and behavior. [The university does exercise the "religious" exemption in admissions as granted in Title IX of the Education Amendments, 20 U.S.C. 1681(a)(3), and in hiring employees as granted in 41 C.F.R. 60-1.5(a)(5).]

Persons who believe they have experienced unlawful discrimination or sexual harassment should contact the Equal Opportunity Office at (801) 422-5895 during office hours (8 a.m.–5 p.m. weekdays) or at (801) 367-5689 after hours.

University Accessibility Center

The purpose of this office is to assure that students with disabilities are provided access to university programs and information. A variety of services and extensive information are available. Students who have attention, emotional, learning, chronic health, or physical disabilities are encouraged to contact the center to assist in coordinating appropriate academic accommodations for classes or university-sponsored programs. For assistance contact 1520 WSC, (801) 422-2767 v/tty, or www.byu.edu/stlife/campuslife/.

Access to Education Records: FERPA

The Family Educational Rights and Privacy Act of 1974 (FERPA) controls access to student education records. Brigham Young University will make a reasonable effort to extend to eligible students and their parents the rights granted by the act. On presentation of appropriate identification and under circumstances that prevent alteration or mutilation of records, a student will be able to inspect all education records not considered by the university to be held under a pledge of confidentiality or considered to be private records of university personnel. Those with legitimate access to the records will be charged a reasonable fee for copies.

A student is entitled to an explanation of any recorded data and may initiate action pursuant to university policy through the Exception to University Policy Committee, if necessary, to correct or expunge information he or she considers inaccurate or misleading.

Faculty and administrative officers who have a legitimate need to use a student's education records will be allowed access to such records as needed without prior permission from the student. A request from an educational institution to which a student

has applied for admission or from a lending institution from which a student is seeking financial aid will be granted without a student's permission. In addition, statistical data may be furnished to university accrediting bodies and governmental officials without a student's permission.

No personally identifiable information contained in a student's educational records, other than directory information, will be given to any third party, except as authorized by the act, without the student's written consent, and then only those records that are accessible to the student. The term *third party* is construed to include parents, spouse, employers, government agencies, or any other people or organizations. Parents or guardians may have access to grade reports and other reports of a student's activity if they establish to the satisfaction of the university that the student is dependent, for income tax purposes, on the parents or guardians for their support.

Court orders and subpoenas for records will be referred to the university's legal counsel and acted on according to the counsel's directions. The university will make a reasonable attempt to notify the student when nondirectory information is released in response to subpoenas or court orders.

Any eligible student or parent who believes that BYU has violated FERPA may file a complaint with the Family Educational Rights and Privacy Act Office, Department of Education, Washington, D.C.

Directory information (i.e., information contained in the educational record of a student that would not generally be considered harmful or an invasion of privacy if disclosed) will be released to news media and to others on request. Directory information includes the following:

- Name
- Addresses and phone numbers
- E-mail address
- Place of birth
- Names of parents or spouse
- Major and minor fields of study
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Current class schedule
- Pictures
- Dates of attendance (current and past)
- Number of months/semesters enrolled
- Class standing (freshman, sophomore, etc.)
- Enrollment status (full-time, part-time, less than half-time)
- Degrees and awards received
- Previous educational institutions attended
- Anticipated future enrollments
- Course registrations prior to the beginning of a semester or term
- Expected date of graduation
- Deferred registration eligibility

Religious affiliation to a student's local church or congregation

Students have the right, however, to refuse to permit the designation or disclosure of the above directory information. In that case, this information will not be disclosed except with the consent of the student or as otherwise allowed by FERPA. Any student wishing to restrict the release of directory information must file a written notification with the Registrar's Office, B-150 ASB, PO Box 21114, on or before the tenth day of a semester or the sixth day of a term. Forms for this purpose will be made available at that office upon request.

Student Classification for Undergraduates

At the beginning of each semester, undergraduate students are classified for that semester as follows:

0–29.9	Freshman
30–59.9	Sophomore
60–89.9	Junior
90 and over	Senior

Engineering students having more than 120 semester hours are classified as fifth-year professional students.

Class Attendance Policy

You are expected to attend classes for which you are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only when you are away representing the university on official business. All officially excused absences must be approved through the dean of students.

Faculty should tell you what relationship attendance has to your final grade for the course, but you must take the responsibility for your actions. It is not necessary for the instructor to report absences to the office of the dean of students unless he or she has knowledge of an accident or illness that is causing the absence. Notification to teachers of emergency absences (death in the family, serious illness, etc.) is your responsibility.

Repeating Classes

To have a previously completed course marked *repeated*, the new course must be equal or greater in credit hours.

When a class has been repeated, the credit used in computing the grade point average is the grade and credit hours earned the last time the repeated class was taken.

You may repeat classes in the following ways:

1. Repeat Brigham Young University courses at Brigham Young University (except for R-suffix courses—see Abbreviations and Symbols in the Using This Catalog section of the current BYU Undergraduate Catalog).

2. Repeat at Brigham Young University courses initially taken at another university. (A statement of equivalency must be supplied by the appropriate BYU department chair.)
3. Repeat at another institution courses taken there and have the credit transferred to Brigham Young University.

Note: A course repeated at an institution other than the one at which it was taken originally and other than at BYU will not be counted as a repeat.

The I (Incomplete) Grade

The letter grade **I** (Incomplete) is given on a contractual basis with the instructor to students who are unable to complete the work in the prescribed period of time. An incomplete grade may be given for nonacademic extenuating circumstances (serious illness, personal injury, death in the immediate family, etc.) that may arise *after* the nonacademic emergency deadline (the twelfth week of a semester or the sixth week of a term). To be eligible for an incomplete, the student must have attended up until the nonacademic emergency deadline and be passing the class. If extenuating circumstances arise before the twelfth week of a semester or the sixth week of a term, the student should discontinue or petition through the Registration Office to be officially withdrawn from the class(es). The Incomplete Grade Contract must be completed and signed by the instructor and the \$10 fee paid before submission of the official grade roll at the end of the semester. A copy of the Incomplete Grade Contract must be submitted to the Records Office by the grade submission deadline. A grade of E will be posted until a valid Incomplete Grade Contract is submitted to the Records Office.

Class attendance in a subsequent semester or reregistration is not permitted to make up the incomplete. In some special instances, such as a lab class, attendance may be required for the portion of the class or lab section missed. Once the work has been completed, the instructor should complete the portion of the Incomplete Grade Contract, showing the grade earned, and submit the form to the Records Office (B-150 ASB).

The instructor may designate the specific length of time the student has to complete the course requirements (not to exceed one year). If the work is not completed and the new grade submitted by the instructor within the agreed upon deadline, the I grade will be changed to an IE (the IE grade is considered and calculated as a failing grade). (Petitions for an exception to this policy may be obtained from the Petitions Office, B-150 ASB.)

Changing College or Major

Undergraduate students who desire to transfer from one major to another, or from one college to another, should go to the advisement center of their new major, fill out a Change of Major Form, and have it signed. Graduate students who want to change departments or degree levels should check with Graduate Studies for information and necessary forms.

Discontinuance from BYU

A daytime student is not officially withdrawn from the university unless the student has completed the discontinuance process in the Discontinuance Office, B-150 ASB. The discontinuance deadline, June 5 for spring term and July 31 for summer term, is the last day a student can discontinue. (See the University Calendar on page 6 for additional discontinuance deadlines.)

If you find it necessary to withdraw from all your classes, you must do the following:

1. Complete discontinuance forms available from the Discontinuance Office, B-150 ASB, telephone (801) 422-7705.
2. Obtain instructor and clearance signatures if necessary. Beginning the sixth week of the semester or the third week of the term, you become responsible for class grades. Signatures must be obtained from the individual instructors, who indicate your academic status.
3. Submit completed forms and sign out with a member of the Discontinuance Office staff.
4. See the Tuition and Fees section for discontinuance refund information.

When you have discontinued, your student ID will be electronically voided.

Students enrolled through the Evening Classes Office should discontinue in that office, 122 HCEB. Law School students must initiate their discontinuance through the office of the Law School dean, 348 JRCB.

Students who leave the university under emergency conditions and do not return still have the responsibility to discontinue before the deadline. Initiate official termination by contacting the Discontinuance Office as soon as possible.

Continuing BYU students who interrupt their studies for one semester (fall or winter) only or who serve an LDS mission may request an admission deferment during their absence from the university. Telephone the Admissions Office, (801) 422-2507, for more information. Other students who interrupt their studies should contact the Admissions Office for the appropriate reapplication materials.

University Devotionals, Firesides, and Forums

University devotionals and forums, held throughout the year on Tuesdays at 11:05 a.m., form an inspirational and integrative part of the university experience. These assemblies are occasions to celebrate the shared sense of community and values in the university. Participation in these gatherings will renew spiritual commitment and extend knowledge of significant religious, intellectual, and cultural matters.

Devotional speakers, selected from the General Authorities and other leaders of the Church and university, come to teach the gospel and affirm the spiritual dimension of the university experience for students, faculty, and staff. An additional opportunity is provided by regular Church Educational System firesides, usually held on the first Sunday of the month.

Forum speakers are noted authorities in the arts, sciences, humanities, media, and government. They are chosen for their contributions to their field and their ability to communicate their insights. Participation in these assemblies (and in the discussion sessions that may accompany them) prompts inquiry into and understanding of significant intellectual, cultural, and social issues.

Most campus offices and services are closed during university assemblies so that members of the university community may participate.

Final Examination Policy and Schedule—Spring Term 2007

Please note that *all* classes, including Evening sections, are assigned an exam day and time. Final examinations will be given at the times shown in the schedule. Examinations are not given early. The examination period is preceded by reading days, which give time for conscientious review, study, and synthesis of the term's work. The reading and the examination periods are firmly scheduled parts of the term; you must not make plans that interfere with these important academic activities. If illness or other uncontrollable circumstances prevent you from taking an examination at the scheduled time, you are responsible to inform the class instructor as soon as possible. Your instructor may give the grade *Incomplete*, depending on the circumstances. The incomplete cannot be given unless you and your instructor together prepare a contractual agreement. In cases where you have conflicting examinations or more than three examinations in one day, individual arrangements for alternative test times may be made by the instructor.

Examinations will be held Wednesday and Thursday, June 20 and 21, with a reading day on Tuesday, June 19. Therefore, Monday, June 18, 2007, will be the last day of instruction.

Note to faculty: If an exam hour conflict arises for day classes, please contact the Academic Scheduling Office, B-150 ASB, telephone (801) 422-6557. For evening classes, contact the Evening Classes Office, 122 HCEB, telephone (801) 422-2872.

Evening Class students should be aware that final exams may be given at different hours throughout the day or evening. Being enrolled in a class that meets at 4:00 p.m. or later does not ensure that the final exam will be held at that time

If a class begins after the hour or is scheduled for more than fifty minutes per class period, the final exam period is determined by the beginning hour. For example, a class held from 8:35 to 9:50 *must* use the 8:00 exam period. A class held from 4:45 to 7:15 *must* use the 4:00 exam period. No exceptions to this policy will be granted unless approved *in writing* by the department chair.

Salt Lake Center classes will meet at the regular class times during reading and final exam days. Final exams for Salt Lake Center classes are conducted during the regular scheduled class time during finals. Should a conflict arise between the schedules of a day class final exam and a Salt Lake Center exam, priority rests with the day class. It is the responsibility of the student to make the conflict known to the Salt Lake Center instructor so an alternative time can be arranged.

Final Examination Policy and Schedule—Summer Term 2007

Please note that *all* classes, including Evening sections, are assigned an exam day and time. Final examinations will be given at the times shown in the schedule. Examinations are not given early. The examination period is preceded by reading days, which give time for conscientious review, study, and synthesis of the term's work. The reading and the examination periods are firmly scheduled parts of the term; you must not make plans that interfere with these important academic activities. If illness or other uncontrollable circumstances prevent you from taking an examination at the scheduled time, you are responsible to inform the class instructor as soon as possible. Your instructor may give the grade *Incomplete*, depending on the circumstances. The incomplete cannot be given unless you and your instructor together prepare a contractual agreement. In cases where you have conflicting examinations or more than three examinations in one day, individual arrangements for alternative test times may be made by the instructor.

Examinations will be held Wednesday and Thursday, August 15 and 16, with a reading day on Tuesday, August 14. Therefore, Monday, August 13, 2007, will be the last day of instruction.

Note to faculty: If an exam hour conflict arises for day classes, please contact the Academic Scheduling Office, B-150 ASB, telephone (801) 422-6557. For evening classes, contact the Evening Classes Office, 122 HCEB, telephone (801) 422-2872.

The Math 119 Pretest is offered online (<https://math.byu.edu/moodle/login/index.php>). This exam is intended to test your knowledge and background in College Algebra principles. If you pass this test with a 70 or above, you will most likely be successful in Math 119. If you did not receive a 70 or above, go back to the Math 119 Review, study the sample questions, and retake the Math 119 Pretest. If you do not receive a 70 or above on your second attempt, but the concepts in this pretest are not new to you, you will most likely be successful in Math 119. Academic Advisement for Undergraduates

Where do you go for academic advisement?

If you have chosen a major, or if you have one in mind, go to the advisement center for the college that offers that major. If you have no major in mind, visit the University Advisement Center (2500 WSC).

All college advisement centers (CACs) are open from 8:00 a.m. to 5:00 p.m. Monday–Friday. They will be closed for devotionals on Tuesdays from 11:00 a.m. to noon. Write, visit, or call the advisement center of your choice:

Class Schedule Work Sheet

We suggest that you use the following form to plan your ideal schedule. Be careful not to select classes that meet at the same time on the same days. After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available. The computer will not schedule you in more than one section of the same class (except for R classes and labs).

Instructions for Internet Access

How to Access BYU Web Registration

You may access BYU Web registration from your own home if you have the Internet and have downloaded Netscape Communicator 7.0+ or Internet Explorer 5.5+. Both of these browsers are available for downloading on the World Wide Web. If you can't access the Web from home, you can use computers on the BYU campus. These are available at access point labs and kiosks in most buildings. You can also find computers connected to the Web at most public libraries.

1. Log in to Route Y with your Net ID and password. This can be done from <http://www.byu.edu> or <http://ry.edu.byu>. (If you do not remember your Net ID, click the Route Y tab for instructions on how to proceed.) If you continue to experience problems with your Net ID and password, please contact the Registration Office at (801) 422-2824. Office hours are Monday through Friday from 8 a.m. to 5 p.m.
2. Once you have logged in, you will be on the Interchange page. Under the School column, select the AIM icon. When that page loads, select Registration and then Register for Classes.

Registration Information and Procedures

Are You Eligible to Register?

You are eligible to register for fall semester 2007 if you registered for and completed regular day school classes during winter semester 2007, spring term 2007, or summer term 2007, or if you have been issued a valid letter of admission for fall semester 2007 by the Admissions Office.

Continuing BYU students can interrupt their studies for one semester (fall/winter) by submitting a Continuing Student Enrollment and Scholarship Deferment Application. Students wanting to serve an LDS mission can defer their admission status by submitting an LDS Mission Deferment Criteria Form. Both are available from the Admissions Office, A-155 ASB (801) 422-2507. Students who interrupt their studies for more than one semester (except missionaries) should contact the Admissions Office for the appropriate application materials.

Continuing degree-seeking graduate students are eligible if they have fulfilled the minimum registration requirements (6 hours per year) in the preceding academic year.

Students who graduate from BYU lose their eligibility and will not be allowed to continue to attend classes unless they have been admitted to a graduate or non-degree-seeking graduate program.

Do You Have Holds That May Block Your Registration?

The following holds will block your registration. Please check with the appropriate office for removal of the hold:

Academic Standards	Academic Support	(801) 422-2723
CAC and GE	Your college advisement center	(see inside front cover)
Collections		(801) 422-4104
Continuing Ecclesiastical Endorsement.	Honor Code Office	(801) 422-2847
Financial (prior balance).	Student Financial Services Office	(801) 422-4104

Loans.	Student Financial Services	(801) 422-4104
	or Financial Aid Office	(801) 422-4104
University Standards	Honor Code Office	(801) 422-2847
Tuberculosis Test.	Health Center	(801) 422-5134

Academic Standards

A student's academic standing is determined according to the grades the student earns at BYU.

College Advisement Center (CAC) Hold

The CAC hold targets students with special needs who will be required to seek assistance from their college advisement center before registering. Students with a CAC hold must visit their college advisement center and will be prevented from registering until the hold is cleared by the college advisement center.

Continuing Ecclesiastical Endorsement

All enrolled continuing, undergraduate, graduate, intern, or Study Abroad students are required to obtain a Continuing Student Ecclesiastical Endorsement for each new academic year. (See page 21 for further details.)

Financial (prior balance)

Past financial delinquencies must be cleared before a new registration may be commenced.

Graduate School

It is the responsibility of each graduate student to understand and follow both the specific department requirements and the general university requirements for graduate work.

Loans

Students' past due debts are referred to Student Financial Services for collection.

University Standards

Violation of the Honor Code will result in a hold being placed on a student's record. (See pages 20–21 for further details.)

How to Add Classes

Use the Web registration system to add classes. For fall semester your beginning registration time is determined according to your class standing or number of credit hours completed through fall semester 2006. This "Priority Registration" begins with graduate students, then seniors, juniors, sophomores, continuing freshmen, newly admitted freshmen, and non-degree-seeking graduate students.

The registration system will be open to you from your beginning time, as indicated on the Registration Notice until midnight September 17. The registration system will not allow you to register before your assigned time.

Priority Registration Schedule

<i>Credit Hours/Class Standing</i>	<i>Begin Registering</i>	<i>Credit Hours/Class Standing</i>	<i>Begin Registering</i>
Grad. students and 145+	Monday, April 2	55+	Thursday, April 12
125+	Tuesday, April 3	45+	Friday, April 13
115+	Wednesday, April 4	35+	Monday, April 16
105+	Thursday, April 5	25+	Tuesday, April 17
95+	Friday, April 6	15+	Wednesday, April 18
85+	Monday, April 9	5+	Thursday, April 19
75+	Tuesday, April 10	<5 and non-degree grads	Friday, April 20
65+	Wednesday, April 11	Freshman Registration	June 4–13
		(randomly assigned)	

During priority registration, if all sections of the course you want are full, and you must have this course this semester, use the raincheck option to be placed on the department list of students unable to enroll. Continue to monitor the course with the Web registration system in case students drop. A raincheck will not guarantee that you will be able to register for the class.

You may add classes from your beginning priority registration day until September 17. During this time some classes may be added using the Web registration system. Other classes require an add card with the instructor's signature.

Please be aware of the following when you are adding classes:

Maximum Hours per Semester or Term

Undergraduate students in good standing may register for as many as 18 credit hours in one semester (9 per term) by following the regular registration process. The college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 21 hours (11 per term). This approval is to be noted by the college advisement center on the add/drop card or indicated by an over-hours flag in AIM.

Auditing classes (registering for a class without receiving credit) or registering for Evening Classes constitutes a part of your total registration. Exception to these rules must be presented to: University Registrar, B-150 ASB, starting on the first day of instruction.

Official Enrollment

Students whose names are on the university class roll are officially registered. If your name is not on the class roll, you should contact the Registration Office, B-130 ASB, immediately.

Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) can only do so on an add/drop card during the first ten class days (six days of a block). Students must obtain the instructor's approval on a signed add/drop card. It is not possible to register for an audit class on the Web registration system. You are charged the same tuition for auditing classes as for taking classes for credit. Classes taken on an audit basis will not appear on your official records, are not considered when calculating financial aid and scholarship eligibility, will not be considered in calculating enrollment verifications, and do not fulfill the minimum registration requirement for graduate degree-seeking students. Students who are registered for credit and wish to change to audit must first drop the class. The class may then be added for audit during the add period only (first ten days of a semester, six days of a term).

Evening Classes and Salt Lake Center Classes

Daytime students taking courses through Evening Classes or the Salt Lake Center may register for the courses at the same time they register for day school. Please note that the Salt Lake Center sections are taught in Salt Lake City at 3760 S. Highland Dr., Suite 200.

Independent Study

Independent Study can provide scheduling flexibility and the convenience of taking university courses away from campus. You may register for courses any time during the year and take up to a year to finish each course. Tuition is \$135 per credit hour—this fee is not included in your regular BYU daytime tuition. Independent Study courses are indicated in the course list by the phrase "Offered by Independent Study." Many courses are now available by Internet, and new courses are continually being added. For further information and a free catalog, contact the Independent Study Office, 206 HCEB, Provo, UT 84602-1514, (801) 422-2868, or <http://elearn.byu.edu>. **NOTE:** Unless you are a BYU student, Independent Study courses do not apply toward a BYU degree. Generally, Independent Study courses cannot be applied toward BYU graduate degrees. Contact Graduate Studies for more information (801) 422-4091.

How to Drop Classes

Fall classes can be dropped from your schedule using the Web registration system until midnight September 17. (Drop cards will also be accepted beginning September 4 at OneStop, WSC. They can be obtained from the Registration Office, OneStop, academic department, or CAC offices.) **Note:** A student can be registered for more than one section of an R-suffix course and therefore must drop each unwanted section.

A W will be given for any class withdrawal September 18–October 8. To withdraw from a class, simply log into the Web registration system and select the W next to the class you'd like withdrawn. A pop-up message will inform you that a \$10 fee will be charged to your student account and a W will be placed on your transcript. Select Okay and you will be withdrawn. A W is an official withdrawal and means you registered for a class and did not officially withdraw before the tenth day of the semester/sixth day of a block. It does not figure into your GPA.

Withdrawal for nonacademic emergencies can be done October 9–November 30. Between these dates, if you encounter a nonacademic emergency, such as a serious accident or illness, which affects your performance in a class(es), you may petition to be withdrawn. It is the student's responsibility to obtain the necessary supporting information from the instructor, physician, employer, etc., to accompany the request. A committee will consider your request, which may or may not be approved. If you have experienced a nonacademic emergency, you may contact the Petitions Office, B-150 ASB (801) 422-6570, to discuss your options.

Discontinuance (Withdrawing from All Classes for the Semester)

What to do before the add deadline (until September 17)

If you are not coming to school this semester, you must discontinue (drop all your classes) by the add deadline to avoid a tuition charge. Classes may be dropped individually or by clicking the Drop All Classes link on the Student Registration page in AIM.

What to do after the add deadline (September 18–November 30)

To discontinue after the add deadline you will need to complete a Request for Discontinuance form. Contact the Discontinuance Office at B-150 ASB or download the form from discontinuance.byu.edu. Tuition will be charged to the date of discontinuance at the percentage rate listed in the Tuition and Fees section of this class schedule.

If discontinuing after the withdraw deadline (October 8), you will need to obtain signatures of the individual instructors (after this deadline students are responsible for grades earned in class). The instructor will indicate an official withdrawal (W) or an academic failing withdrawal (WE) grade.

Warning: Discontinuance from fall semester will forfeit your eligibility to attend future semesters without reapplying or deferring through the Admissions Office. All undergraduate students who discontinue during a major semester (fall or winter) or during the term for which they were accepted, should contact the discontinuance counselor at (801) 422-7705 about future readmission eligibility and deferment options.

Adding and Dropping Information for Block Classes

Dates for First-Block Classes

Classes begin: September 4

Adding classes: Until September 17

Dropping classes:

Without a W: Until September 17 (use Web registration or drop card)

Withdraw with a W: September 18–20

Discontinue for nonacademic emergencies: September 21–October 8

Classes end: October 23

Dates for Second-Block Classes

Classes begin: October 24

Adding classes: Until October 31

Dropping classes:

Without a W: Until October 31

Withdraw with a W: November 1–9

Discontinue for nonacademic emergencies: November 10–November 30

Classes end: December 13

How to Obtain Enrollment Verification

Contact the Records Office, B-150 ASB, (801) 422-2631 for enrollment verification. An undergraduate student's enrollment status is determined by the number of credit hours taken, as follows:

Hours Enrolled		
Semester	Term	Enrollment Status
12+	6+	Full-time
9–11.5	4.5–5.5	Three-fourths
6–8.5	3–4	Half-time
.5–5.5	.5–2.5	Less than half-time

Audited courses do not count in total enrollment hours, but are charged tuition and fees. Graduate students should refer to the Graduate Education section of this class schedule.

Remember! Update Your Address Information

It is important that your mailing address be updated. This will help you receive university mailings in a timely manner. You can accomplish this by going to the BYU homepage (<http://www.byu.edu>), clicking on Route Y, then logging in and selecting Personal Information. The Registration Office, B-130 ASB, (801) 422-2824, will also be happy to help you with an address change.

Registration for Faculty, Staff, Administrative Personnel, and Their Spouses

(See University Personnel Tuition Policy in the University Electronic Handbook.)

Eligibility

Regular full-time faculty, staff, and administrative personnel may register for classes, up to a maximum of 6 credit hours per semester, and will not be required to pay tuition. During spring and summer terms, full-time personnel may take 3 credit hours per term or 4 in one and 2 in the other. This benefit is applicable to undergraduate and graduate tuition. To be eligible for tuition benefits during a given semester/term, individuals must be regular full-time personnel by the add deadline for that semester/term. For their dependents to be eligible for tuition benefits, personnel must (a) be at least age thirty with one year of full-time service or (b) have completed five years of full-time service with the university. Eligible individuals must meet university admissions and registration requirements. **Personnel or dependents enrolled through day school (registration eligibility: DC—day-continuing) who withdraw from all classes in a semester/term are required to do so through the Discontinuance Office, B-150 ASB. Part-time, adjunct, on-call, or temporary personnel and their dependents (spouse and children) are not eligible for tuition benefits.**

Daytime Classes

Written approval is required for personnel taking classes during the hours from 7:00 a.m. to 5:00 p.m. and/or TBA. This includes thesis hours and audited classes. The Request for Daytime Class Attendance form can be obtained at the Benefits Office, D-240 ASB, or the Benefits Office Web site (<http://www.byu.edu/hr/benefits/forms.htm>). Please register for classes, through Admissions or Evening School, before submitting your completed form to the Benefits Office. You are required to submit a separate form for each semester/term in which you take 7:00 a.m. to 5:00 p.m. and/or TBA classes. The tuition benefit will not be paid until the completed form is received and processed by the Benefits Office.

Evening Classes

Eligible personnel who wish to register for evening classes only, and whose registration eligibility is *not* DC—day-continuing, should contact the Evening Classes Office, 122 HCEB, (801) 422-2872. To receive the tuition benefit for evening classes, a completed Clearance to Register Form and current BYU ID must be presented to the Evening Classes Office. Personnel registering for evening classes (section type: evening) beginning before 5:00 p.m. must also complete a Request for Daytime Class Attendance form (see Daytime Classes above) and submit it to the Benefits Office, D-240 ASB, for the tuition benefit to be paid. An ecclesiastical endorsement is required for spouses and dependents of BYU personnel. Personnel and spouses withdrawing (discontinuing) from all courses in Evening Classes are required to do so through the Evening Classes Office. A \$10 fee is charged to the individual for discontinuing after the last day to add classes.

Audit

Eligible personnel and spouses who *only* audit daytime and/or evening classes, and whose registration eligibility is *not* DC—day-continuing, should contact the Evening Classes Office, 122 HCEB, (801) 422-2872, for auditing procedures. Audited classes will not appear on official records; however, the credit hours listed with classes that are audited, as well as Conferences and Workshops courses, will count toward the semester/term credit-hour limits (see Eligibility above). Employees who audit classes during daytime hours (7:00 a.m.–5:00 p.m. and/or TBA) must also complete a Request for Daytime Class Attendance form (see Daytime Classes above) and submit it to the Benefits Office, D-240 ASB, for the tuition benefit to be paid. Audited classes do not count toward the minimum required credits for financial aid and scholarships.

Spouses

There are no credit-hour limitations for eligible spouses. However, in the event a spouse is taking classes and is then hired full-time by the university, the individual's "personnel" status supersedes the "spouse" status, and the tuition benefits/limitations (see Eligibility above) are then administered accordingly.

Tuition Taxation

In some cases the IRS considers graduate tuition for spouses to be noncash taxable income. Each semester/term in which an eligible spouse is enrolled in a graduate degree-seeking program and is taking graduate classes, the employee is required to complete a Tuition Taxation Form for Spouses Taking Graduate Classes. The form can be obtained from the Benefits Office, D-240 ASB, or the Benefits Office Web site (<http://www.byu.edu/hr/benefits/forms.htm>). The tuition benefit will not be paid until the completed form is received and processed by the Benefits Office.

Tuition and Fees

Tuition Rates

Tuition rates and class fees for all academic programs are established annually by Brigham Young University's Board of Trustees. Tuition rates are based on graduate or undergraduate status, full- or part-time status, and membership in The Church of Jesus Christ of Latter-day Saints (Church). There are also separate rates for graduate students attending the J. Reuben Clark Law School and the Marriott School of Management.

BYU is owned and operated by the Church, and a significant portion of university operating costs are paid with the tithes of Church members. In recognition of this support, Church members are assessed lower tuition fees than those who are not members. This practice is similar in principle to that of state universities charging higher tuition to nonresidents. Students are considered members of the Church if they have been baptized at any time during the semester or term.

Tuition rates for the 2007–2008 academic year are as follows:

Tuition and General Fees per Semester

Undergraduate Students	LDS	Non-LDS
Full-time (12 or more credit hours)	\$1,920	\$3,840
Three-fourths time (9–11.5 credit hours)	\$1,850	\$3,715
Part-time (8.5 credit hours or less) per credit hour	\$ 197	\$ 394
Graduate Students	LDS	Non-LDS
Full-time (8.5 or more credit hours)	\$2,430	\$4,860
Part-time per credit hour	\$ 270	\$ 540
Graduate School of Management Students and Law School Students	LDS	Non-LDS
Full-time (8.5 or more credit hours)	\$4,350	\$8,700
Part-time per credit hour	\$ 483	\$ 966

The university reserves the right to change tuition and fees without notice.

Noncredit and Audited Course Fees

Tuition for noncredit courses or for courses being audited is charged at the same rate as for credit courses. Noncredit and audit hours will be considered when determining part-time, three-quarter-time, or full-time status for tuition assessment purposes.

Student Status—for Tuition Assessment Purposes

Graduate Status. Students (both degree-seeking and non-degree-seeking) who have received their first bachelor's degree prior to the beginning of the semester or term for which they are registering. Note that the preceding tuition rate table does not apply to students of the J. Reuben Clark Law School and the Marriott School of Management. Separate tuition and fee schedules are available for these management programs within the respective schools.

Full-time Status. Undergraduate students registered for 12.0 or more credit hours per semester or 6.0 or more credit hours per term. For graduate students, full-time status is defined as registration for 8.5 or more credit hours per semester or 4.5 or more credit hours per term.

Three-quarter-time Status. Undergraduate students registered for 9.0 to 11.5 credit hours per semester or 4.5 to 5.5 credit hours per term. There is no three-quarter-time status for graduate students. Enrollment as a three-quarter-time student does not entitle the student to physical education suit and facility privileges.

Part-time Status. Undergraduate students registered for 0.5 to 8.5 credit hours per semester or 0.5 to 4.0 credit hours per term. For graduate students, part-time status is defined as registration for 0.5 to 8.0 credit hours per semester or 0.5 to 4.0 credit hours per term. Enrollment as a part-time undergraduate student does not entitle the student to health service, student activity privileges, or physical education suit and facility privileges.

Payment of Tuition and Fees

Tuition and fees are considered due and payable seven calendar days prior to the first day of class. Failure to pay by this date will result in holds being placed on the student's account, restricting the ability to add additional classes, unless the student has pending financial aid. Class registrations will be deleted if payment of tuition and fees is not received by midnight of the day following the add deadline. Classes will generally not be deleted if adequate financial aid is pending. However, it is the student's responsibility to ensure that financial aid or other forms of payment are available to satisfy tuition and fees prior to the deadline. Class registrations that are dropped for nonpayment will not be reinstated for payments received after the payment deadline.

Short-Term Loans

The university makes short-term loans available to assist students to meet the tuition payment deadline. These loans are intended to be used for short-

duration financing needs. Short-term loans are due as follows:

Semester/Term	Due Date
Fall 2007	November 15, 2007
Winter 2008	March 15, 2008
Spring 2008	June 1, 2008
Summer 2008	August 1, 2008

A \$20 processing fee will be charged for each short-term loan. No interest is charged on those loans if they are paid by the due date. Short-term loans outstanding after the due date bear interest at the rate of 12 percent per annum. Holds on registration for future semesters or terms are placed on all student accounts the day the short-term loan is disbursed and are not released until the loan is paid in full. This may affect the ability of some students to take advantage of priority registration.

Pro-Rata Charges for Dropped Classes

Students may drop classes without penalty until the add deadline. After the add deadline, tuition will be recalculated based on the student's current enrollment status. A pro-rata tuition charge will be applied for dropped classes that result in a student moving from full-time to three-quarter time or three-quarter time to part-time or fewer hours within part-time status. The pro-rata charge applies to tuition and most class fees. Certain class fees relate to the delivery of required supplies or services and are not refundable. The pro-rata charges are as follows:

If class is dropped beginning:	The pro-rata charge will be:
Fall Semester	
September 18, 2007	15%
September 24, 2007	25%
October 29, 2007	50%
November 12, 2007	100%
Winter Semester	
January 22, 2008	15%
January 28, 2008	25%
February 3, 2008	50%
February 17, 2008	100%
Spring Term	
May 7, 2008	15%
May 12, 2008	25%
May 27, 2008	50%
June 2, 2008	100%
Summer Term	
July 1, 2008	15%
July 7, 2008	25%
July 21, 2008	50%
July 28, 2008	100%

The recalculation of tuition and fee charges may result in a refund. The amount of the refund a student will receive is based on the date the classes are

dropped, or in the case of an official discontinuance, the date that the student reports such discontinuance to the Discontinuance Office (B-150 ASB).

Any refund due the student will be paid by check through the mail approximately ten days after the classes are dropped. If the student has elected direct deposit for student account refunds, the refund will be deposited into the student's bank. Payments originally paid by credit card will be returned to the credit card. Unpaid university charges may be deducted from the refund amount.

Refunds will not be paid to students whose tuition has been paid by a loan, scholarship, or benefit.

If a student with federal financial aid drops below half-time enrollment (undergraduate, 6 hours per semester or 3 hours per term; graduate, 4.5 hours per semester or 2.5 hours per term), the federal program or lender may require that a portion of the refund be returned.

A petition for exception to the refund schedule will be considered for students forced to discontinue because of circumstances that are beyond their control, such as death in the immediate family, life-threatening situations, medical incapacitation, a university error, or military leave. Students should not submit petitions based on ignorance of university policies and procedures. These will be denied. Petition forms are available in D-155 ASB.

Collection of Unpaid Tuition and Fees

BYU retains all legal remedies to collect unpaid tuition, fees, and other amounts due to the university for housing, traffic fines, etc. BYU uses a variety of methods to keep students informed of amounts due the university, including financial Web sites, statements, and various forms of correspondence. It is the student's responsibility to remain aware of obligations to the university and to make payment on a timely basis.

If BYU is unable to collect amounts due the university within a reasonable time, the debt may be referred to an outside collection agency and/or attorney for collection. All collection costs, including collection agency fees, attorney fees, and court costs will be charged to the student's account.

Failure to pay all amounts due BYU, including collection fees, may also result in various actions, including but not limited to withholding services and restricting the student's ability to register for class, participate in graduation, receive a transcript or diploma, or be considered for readmission to the university. The university also reserves the right to report both positive and negative payment histories to credit-reporting agencies.

Payments for Tuition and Fees

Tuition and fees include charges such as tuition, class fees, tuition reassessments, tuition late fees, Study Abroad fees, and health insurance premiums. Students are responsible to pay the correct amount of tuition, fees, and past due balances in U.S. dollars (checks must be drawn on a U.S. bank). A current billing statement is available on Route Y by clicking the My Financial Account link under the School heading.

The following options are available for making tuition and fee payments. For more information on making payments to BYU, please visit <http://payments.byu.edu>.

Pay Tuition Online

BYU encourages you to take advantage of the fast, easy, and secure ways to pay online. Payments may be made online by logging into Route Y and selecting the My Financial Account link under the School heading.

1. eCheck (BYU's preferred payment method)

eCheck is a *free* electronic check option that uses a secure Web transmission to electronically deduct payments directly from a checking or savings account. The payer's bank routing and account numbers are required when making eCheck payments. Payments from mutual fund, money market, line of credit, and brokerage accounts cannot be accepted.

2. Credit Card with a Service Fee

The university no longer accepts credit card payments for tuition and fees directly, but BYU has arranged for a third-party vendor to accept American Express, Discover, and MasterCard. The third party charges the payer a nonrefundable service fee equal to 2.75 percent of the transaction amount. This fee will be in addition to the tuition and fee charges. **Visa is not accepted** because its operating rules prevent participation in service fee programs of this type.

Debit cards are considered credit cards for tuition and loan payment purposes and would therefore be subject to the same credit card restrictions and service charges. Because eChecks and debit cards both deduct payments directly from a checking or savings account, students can avoid the service charge by choosing the eCheck option.

Note the Credit Card Refund Policy: Existing credit card regulations prohibit BYU from making a refund to you in cash or check when you make a payment by credit card and there is an adjustment made to the charges paid. When you pay by credit card and there is a reduction in the amount of your charges, we are required to refund the amount back to the credit card you used to make the payment. The third-party vendor will not refund any portion of the service fee even though a refund has been made to the credit card.

Pay Tuition by Mail

Check or money order payments may be mailed to Student Financial Services, A-153 ASB, Provo, UT 84602. Please make checks payable to Brigham Young University or BYU. Do not mail cash. Include with your check the student's BYU ID number and the amount to apply to each category. You may print a statement and remittance slip by logging into Route Y, selecting My Financial Account, and then clicking the Print a Statement button; however, this is not required to make payment.

Pay Tuition in Person

Payments may be made throughout the year in person at D-155 ASB. However, during the first two weeks of each semester or term, only limited services are available at this location. Full cashiering services during these periods are available at the OneStop Student Services in the Wilkinson Student Center. Tuition may be paid using check, money order, or cash. **Credit cards and the Signature Card cannot be used to pay Tuition or Fees at BYU cashiering locations** (see Pay Tuition Online above for acceptable use of credit cards). Check or money order payments may also be left in the drop boxes at OneStop Student Services in the Wilkinson Center or D wing on the main floor of the ASB.

Pay Tuition by Telephone

eCheck payments may be made over the telephone by calling (801) 422-4104. Credit card payments for tuition cannot be made over the telephone. Credit card payments for tuition can only be made online through the third-party vendor.

Pay Tuition Through Western Union

This option is probably most advantageous for international payments. Using cash rather than credit card as the payment method will greatly reduce the amount of Western Union fees.

Follow these instructions to make a tuition payment using Western Union Quick Collect:

- Go to a Western Union agent location. To find a location call toll-free 1-800-325-6000, press 2, 1; or go to the Web site at <http://www.westernunion.com>
- Complete the blue Quick Collect form. You will need the following information to complete the form:
 - Pay to: Brigham Young University
 - Code city: BrighamYoung (case sensitive and no spaces)
 - State: UT
 - Account number: (nine-digit BYU student ID)
- Provide payment to Western Union
 - Payment amount includes amount owed to BYU plus Quick Collect fee (between \$11 and \$15 U.S.)

- \$5,000 U.S. limit for each cash transaction
- Receive the receipt with the ten-digit money transfer control number (MTCN). This number can be used to track your Quick Collect payment. The notification of cash payment is sent within a few minutes.

Pay Tuition by Wire Transfer

To pay tuition using an international or domestic wire transfer, please contact us for wire transfer instructions via phone (801) 422-4104 or via email at wiretransfer@byu.edu.

Student Teaching/Practicum Fees

Fingerprint Fee

Students in teacher education must be fingerprinted and pass a background check prior to starting practicum experiences with K–12 students. Fees for fingerprinting and background checks are set by the Utah State Office of Education and are listed on the Education Advisement Center Web site: <http://education.byu.edu/eac>.

Licensure Fee

Students who meet all program requirements qualify for a Level 1 teaching license in Utah. Fees for licensure are due with the student teaching application. Licensure fees are set by the Utah State Office of Education and are listed on the Office of Field Services Web site: <http://education.byu.edu/fieldservices>.

Health Insurance Requirement

BYU requires all three-quarter- and full-time students (9 credit hours or more for a semester; 4.5 credit hours for a term) to carry adequate medical insurance. This applies the entire time a student has continuing status, including students taking a semester or term off. All participants in groups on tour, Study Abroad, or internships are required to carry adequate medical insurance.

Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by an employer or a spouse's or parent's employer. We

recommend that any other medical insurance plan should:

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than \$500; and
- have an annual plan limit of no less than \$25,000.

Three-quarter- or full-time students must enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage when first enrolling at BYU and prior to the beginning of fall semester each year thereafter. Students who do not return a properly completed waiver form via the Web to the BYU Health Plan Business Office prior to the last day to add/drop will be automatically enrolled in and assessed the appropriate premium (single or married student rate) for the BYU Student Health Plan.

The BYU Health Plan is an annual plan but is billed and must be paid each semester/term. The health plan fee is due the first day of class each semester or term. Following fall semester, students who will not be attending BYU for one or more semesters or terms (except as described above) are eligible to remain on the BYU Health Plan but must continue to pay the health plan fee on a timely basis. Following fall semester, students who will no longer be attending BYU may also elect out of participation in the health plan. If you choose to not remain on the Student Health Plan, you must submit in writing such decision to the Student Health Plan Business Office by the due date of the plan fee.

For the latest BYU Student Health Plan fees, check the Web site at <http://saas.byu.edu/tuition/healthins.aspx>.

Appeals

Students with unusual circumstances may appeal for special consideration of any item in this section to the Student Financial Services Office. Appeal forms may be obtained at the Student Services windows at D-155 ASB.

Introduction to the Undergraduate Degree

There are three formal components to the baccalaureate at Brigham Young University: religious education, general education, and education in a major. Of these, the first two constitute the university core. In accordance with *The Aims of a BYU Education*, each of the three components complements the others. They are not partitioned off from one another; none claims preeminence; together they comprise a whole, a harmony.

The relationship between the university core and the major will vary in any given year according to the competing demands upon the student's attention. However, students should strive to develop their programs in such a way that a lively interrelationship between the university core and the major, in which each nourishes and informs the other, is pursued over the entire undergraduate experience. For a fuller description of each of these components—their underlying philosophy, objectives, and details—please see the University Core and Major sections of the current BYU Undergraduate Catalog (http://ar.byu.edu/catalog/ugrad_catalog.html).

University Core: Religious Education

Religious Education administers and offers courses in ancient and modern scripture, Church history and doctrine, and related subjects. Religion courses—both Doctrinal Foundation and Religion Electives—are provided so that students may progress in their religious understanding and convictions simultaneously with their educational progress in secular fields. As such, religion courses are not meant to be a mere devotional supplement, but an integral part of the university curriculum that parallels university standards and expectations. As a result, **no more than 4 hours of religion credit per semester may be counted toward the religion hours at BYU requirement.** For this purpose, spring and summer terms combined equal a single semester.

BYU students are expected to complete 14 hours of religion courses **at the BYU campus.** All students must complete the Doctrinal Foundation requirement of the university core as follows: Book of Mormon (RelA 121/H and 122/H), New Testament (RelA 211/H or 212/H, or a Jerusalem Center course: RelA 111, 200, 310, or 311), and Doctrine and Covenants (RelC 324/H or 325/H). In addition to the Doctrinal Foundation requirement, students must complete 6 elective hours of religion courses **at the BYU campus.**

Religion courses taken from LDS institutes of religion (including stake institute) or Church Educational System schools (BYU–Idaho or BYU–Hawaii) **will not** fulfill the “religion courses taken at BYU” require-

ment. **Only religion hours taken at the BYU campus (including the BYU–Salt Lake Center and approved BYU Independent Study courses) will fulfill this requirement.**

All returned missionaries taking the Book of Mormon (RelA 121 or 122) must enroll in sections designated for returned missionaries.

Students who are **not LDS** are strongly encouraged to enroll in RelC 100, Introduction to Mormonism, during their first semester in residence. RelC 100 may be used to fill either the New Testament or Doctrine and Covenants requirement.

Transfer Credit

Students with transfer credit must fulfill the religion requirements according to the table below.

Total Hours	Minimum Religion Hours to Take at BYU	Doctrinal Foundation Courses Required for Graduation
0–14.9	14	Book of Mormon (RelA 121 and 122), Doctrine and Covenants (RelC 324 or 325) New Testament (RelA 111 or 200 or 211 or 212 or 310 or 311),
15–29.9	12	
30–44.9	10	
45–59.9	8	
60–74.9	6	Book of Mormon (RelA 121 and 122), Doctrine and Covenants (RelC 324 or 325)
75–89.9	4*	
90 or more	2*	Book of Mormon (RelA 121 and 122)
*More credits may be needed if the Doctrinal Foundation requirement has not been completed.		

For more detailed information concerning religion requirements and to view the most accurate listing of religion courses, please refer to the current undergraduate catalog or class schedule. You may also wish to visit <http://religion.byu.edu> at your convenience.

University Core: General Education

General education joins with religious education to make *university* education different from specialized vocational training. It builds a foundation for intellectual development; it increases our understanding of civilization—of humankind's most valuable knowledge and achievements in the arts, letters, and sciences. General education teaches us the importance of critical thinking, an awareness of the past, aesthetic sensibility, and moral judgment. These, together with the training provided in verbal and quantitative skills, in manipulating symbolic systems, help prepare us for a lifetime of learning, effective communication, responsible action, forming and judging arguments, and appreciating and creating the good and the beautiful.

Modifications in general education, effective fall 2004, have been made in an effort to achieve closer alignment with the *Aims of a BYU Education* and to assure that each student develops valuable skills and breadth in fundamental areas of human knowledge. All students who receive undergraduate degrees from BYU are required to complete the new GE requirements as outlined below, except those students who have taken classes at BYU before fall semester 2004. These latter students may complete either the new university core program or the previous GE program and religion requirements. Information on the previous GE program can be obtained in the college advisement centers. Students completing requirements under the previous GE program must do so before fall semester 2008. For details on completing the previous GE program, see the GE Summary table in the winter 2004 class schedule or http://saas.byu.edu/depts/registration/univ_core.aspx.

Selection and Timing of GE Classes

Each GE requirement is completed by taking one course or a combination of courses chosen from the approved list in the table below. Single-course options are most often designed for students whose major is topically distant from the requirement. On the other hand, combination-of-course options are often designed for majors related to the requirement and may include courses a student might take to satisfy a major or minor requirement. Students should carefully consider which option best meets their educational needs. Students are urged to consult their college advisement center when planning their classes.

Occasionally it is possible to complete more than one GE requirement with a single course. For example, Civilization 202 courses are typically labeled either “ARTS” for arts-focused, “LTRS” for letters-focused, or “GCA” for global and cultural awareness-focused. A Civilization 202 (ARTS) course can be used to complete both the Civilization 2 requirement and the Arts requirement; a Civilization 202 (LTRS)

course can be used to complete both the Civilization 2 requirement and the Letters requirement; and a Civilization 202 (GCA) course can be used to complete both the Civilization 2 requirement and the Global and Cultural Awareness requirement. Students are encouraged to use such "double-counting" sparingly—the more GE courses a student takes, the greater the breadth and value of the overall educational experience.

Not all courses listed in the table are appropriate for all students. For instance, some have prerequisites, some are upper-division courses, and some are designed primarily for certain majors. These courses are labeled in the university core table as either "has prerequisite" or "not for all students." Students should avoid registering for courses for which they are not academically prepared and should consult with the class instructor if they are unsure.

To gain approval to meet a GE requirement, a course is subjected to a rigorous evaluation. Such approval is not granted lightly, and students should ensure that the courses they select are, in fact, *approved* for GE credit. This information is updated each semester/term and published in the current class schedule.

All new students should complete First-Year Writing and the two Book of Mormon classes during their freshman year. First-Year Writing may be taken in either semester of the first year. Students with an ACT math subscore below 22 also need to fill the Quantitative Reasoning requirement in their first year. It is likewise recommended that *all* new students begin work in the Mathematics or Foreign Language options under Languages of Learning.

Students planning to satisfy the Scientific Principles and Reasoning requirements in Biological or Physical Science with the one-course options (e.g., Biol 100, Phys 100) should also complete these, along with American Heritage, during their first two years, making some progress on them during their first year. Civilization courses are designed as sophomore-level courses, although some programs include them during the freshman year. Advice as to when to complete the other GE requirements can be obtained at college advisement centers or department offices.

University Core and the Honors Program

The Honors Program offers a number of courses that satisfy both university core and Honors requirements. These courses provide a deeper, more intense exposure to the subject matter for the student who is interested in a challenging experience. Departmental courses taught in both non-Honors and Honors sections are designated "H" in the table of courses below. Courses offered by the Honors program are designated Honrs. Additional information concerning honors courses may be obtained from the Honors

Advisement Center, 102-A MSRB, (801) 422-5497, or by consulting the "University Honors Program Course Guide."

Ways to Complete GE Requirements Other Than by Course Work

In addition to taking approved courses, students may satisfy individual GE requirements within the university core by: (1) transferring acceptable credit from other academic institutions; (2) receiving credit from Advanced Placement (AP) and International Baccalaureate (IB) examinations; or (3) passing exemption or challenge examinations offered for some classes at the university.

Transfer Credit

The application of transfer credit to GE requirements is handled by the Admissions Office, A-183 ASB, (801) 422-2500. Articulation agreements have been reached with several junior and community colleges to facilitate the transfer process for students who have completed certain associate degrees. Contact the Admissions Office for up-to-date information regarding the status of those agreements with other institutions.

Advanced Placement and International Baccalaureate Credit

The results of some Advanced Placement (AP) and International Baccalaureate (IB) exams may be used to satisfy certain GE requirements and to obtain general university credit. AP or IB credit posted to a transfer institution will be evaluated based on BYU's standards rather than those of the transfer institution. Contact the School Relations Office, A-209 ASB, (801) 422-5000, for details regarding credit hours and exemption from GE requirements for both AP and IB exams.

Note: College Level Examination Program—BYU stopped giving credit for general exams in 2000. At this time, BYU does not give credit for subject exams either. CLEP credit posted to another institution's transcript is reevaluated based on BYU's standards.

Exemption and Challenge Examinations

Some requirements can be accomplished by successfully completing an examination. Two types of examinations are available: the exemption exam and the challenge exam. The primary difference between an exemption exam and a challenge exam is that an exemption exam is used exclusively to fulfill a general education requirement. No academic credit or letter grade is posted to the transcript. The challenge exam, however, is not restricted to GE courses, and academic credit and a letter grade may be posted to the transcript if the student so chooses. A student may take an exemption or challenge exam for a

single course only once during each semester or term. Students do not have to be enrolled in a course to take an exemption or challenge exam. However, some of the exams are given early enough each semester/term so that students who are enrolled and pass the exam may drop the course. Students not enrolled in a course have an opportunity to take the challenge or exemption exams offered at the Testing Center. Please consult the table on page 11 for specific exam dates.

Exemption Exams: No Credit or Grade

Exemption exams are offered for select general education courses only. Although passing an exam completes the GE requirement, it does not earn academic credit or a letter grade and does not appear on the transcript. Exemption exams are given in the Testing Center on the dates shown on the table that follows. A fee payable at the Testing Center is required for the exams. A passing score on an exemption exam is reflected on the progress report as fulfilling the requirement. However, no academic credit will be posted on the transcript of grades. The procedure to take an exam and request exemption from a course follows.

Challenge Exams: Graded Credit

Only students who have completed at least one course at BYU through day or evening school or the Salt Lake Center are eligible for the challenge examination option. Students currently enrolled are eligible to take the exam, but the credit will not be posted to the transcript until the other BYU credit and grades are posted. Students who are suspended or dismissed from the university are not eligible to challenge courses. Students who are suspended or dismissed may not have challenge examination credit posted to their record even if the examination was taken prior to the suspension or dismissal.

Once students have graduated, they are not eligible for challenging any additional credit at BYU unless it is specific to the graduate program to which the students have been admitted. (See current BYU Graduate Catalog for information on how to challenge graduate courses.)

A challenge exam may or may not be offered for a course at the discretion of the department. Passing a challenge exam earns credit and a letter grade for the course, which appears on the transcript if the student elects to accept the grade. Challenge exams are not restricted to general education courses. Some challenge exams are offered in the Testing Center, and others are arranged through the department offering the course. Departments reserve the right to decide which courses may be challenged by examination. A fee payable at the Testing Center is charged for exams offered in the Testing Center. A fee payable at Student Financial Services, D-155 ASB, is required for exams that are offered through individual departments. **Check**

with the department to see if the exam is offered in the department or in the Testing Center. To earn academic credit and a letter grade for the course, the student must submit a Challenge Examination Form, provided by the Testing Center or the department, to the Records Office, B-150 ASB. No additional fees are charged to post credits to the transcript. The student's transcript and grade-point average reflect the grade earned on the exam. The procedure to take exams and request academic credit follows.

Procedure for Exemption and Challenge Exams Given at the Testing Center

A. Procedure for Exemption Exams

1. Contact the appropriate academic department for exam procedure and content before going to the Testing Center.
2. Go to the Testing Center (265 HGB) on one of the examination dates listed on page 11.
3. Pay the required fee at the Testing Center.
4. If you are enrolled in the course when you pass its exemption exam, you **must** also complete an Add/Drop Card and drop the course. Students who drop the class after the *add deadline* (ten class days after a semester starts or six class days after a term starts) will receive a W on their transcript for dropping the course, and their progress report will reflect fulfillment of the GE requirement. If the exempted course is not *officially* dropped before the drop deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

Note: If you pass an exemption exam at the Testing Center, your progress report will be updated automatically at the end of the semester. Please retain your score report for your records.

B. Procedure for Challenge Exams Given at the Testing Center

1. Contact the appropriate academic department for exam procedure and content before going to the Testing Center.
2. Go to the Testing Center (265 HGB) on one of the examination dates listed on page 11.
3. Pay the required fee at the Testing Center.
4. After the exam is graded, if you choose to receive graded credit, obtain a Challenge Examination Form at the Testing Center and have it validated there. To accept the grade and receive credit for the course, you must sign the Challenge Examination Form and obtain the signature of the examiner (at the Testing Center). The Testing Center sends the form to the Records Office, B-150 ASB, within one month from the date the exam is taken. Graded credit will be added to your official university transcript, and the progress report will show

any GE requirement as fulfilled. (Students taking the Physical Science exam may take the grade or an exemption if their score is 75 percent or above. If their score is between 60 and 74 percent, then they may receive graded credit.)

5. If you are enrolled in the course when you pass its challenge exam, you **must** also complete an Add/Drop Card and drop the course. Students who drop the class after the *add deadline* (ten class days after a semester starts or six class days after a term starts) will receive a W on their transcript for dropping the course, and their progress report will reflect fulfillment of any GE requirement. If the course is not *officially* dropped before the drop deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

Procedure for Challenge Examinations Not Given at the Testing Center

- A. Whether or not you are enrolled in the course you are challenging:
 1. Complete the Challenge Examination Form available from the department.
 2. Arrange with the department to take the exam.

3. Pay the required testing fee at Student Financial Services, D-155 ASB, and have the form validated there (\$20 fee per course except for the language exams).
 4. Present the validated form to the department examiner.
 5. Have the grade and credit recorded on the form by the examiner and obtain the necessary departmental signatures.
 6. The department will submit the completed form to the Records Office, B-150 ASB, within one month from the date the exam is taken.
- B. If you are enrolled in the course when you pass its challenge exam, you **must** also complete an Add/Drop Card and drop the course. Students who drop the class after the *drop deadline* (ten class days after a semester starts or six class days after a term starts) will receive a W on their transcript for dropping the course, and their progress report will reflect fulfillment of the GE requirement. If the course is not *officially* dropped, the grade given by the instructor based on class performance will appear on the transcript of grades.

How Do You Get Help with Specific Questions Concerning General Education?

The essential information concerning general education is found in the University Core section of the current BYU Undergraduate Catalog. Additional, late-breaking information, plus advice about general education requirements can be obtained from your college advisement center. The eleven college advisement centers, together with the University Advisement Center, 2500 WSC, provide assistance with registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of academic life.

Computer terminals are available in the advisement centers and other locations on campus to provide you with an up-to-date report of your academic status. To access your progress report, log into Route Y, select the AIM icon, then Student, then Student Academic Record, and click the Progress Report link. This will generate a personalized report that includes a list of GE requirements you have completed.

Major Education

Brigham Young University students are expected to develop competence in at least one area of concentration. Such competence is acquired through in-depth study in an area referred to as the major. Through the major requirements students encounter a rigorous, coherent, and progressively more sophisticated program of study. Such study is intrinsically valuable, and it prepares students to enter the world of work or to pursue further study. By the time they graduate, students should have a grasp of their discipline's essential knowledge and skills and thus be able to compete in and contribute to the larger world outside the university.

BYU offers approximately 150 undergraduate major programs. Most of these programs are centered in the more than 50 academic departments, but several interdisciplinary programs are also available. The complete list of these degrees is given in the BYU Undergraduate Catalog under the heading Alphabetical List of Undergraduate Majors at BYU. Of the 120 credit hours required as a minimum for the baccalaureate degree, the major program typically comprises between 40 and 60 credit hours, although some exceed 60 credit hours. Requirements for major programs are detailed under specific departments in the catalog.

Students need not feel undue pressure to declare a major immediately upon entering the university, and they may wish to enroll in general education courses that can introduce them to possible areas for major study. However, some majors, including those in the natural sciences, engineering, music, and visual arts, are tightly structured. Efficient graduation from these programs requires students to undertake degree requirements during the first semester of their freshman year. Students who are considering these programs are encouraged to begin them as soon as possible. The academic departments and college advisement centers can provide advice about particular degree requirements and selecting a major.

Schedule of Exemption and Challenge Examinations Given in the Testing Center

The Testing Center, 265 HGB, offers special examinations for some GE classes on the dates noted below. Please contact the appropriate academic department for specific exam information before going to the Testing Center.

The University Core (GE + Religion) Detailed Options—Fall 2007

Please read the Components of the Undergraduate Degree section of this class schedule *before* considering the list of courses to complete these requirements.

Note 1: The courses listed on the following table are subject to change each semester. Some general education (GE) courses listed have approval on a trial basis and may be removed from the list at a later date. Please consult a current class schedule each semester/term to ensure that the class you take is still approved for GE. Some requirements can also be satisfied with AP or IB exam credit. Check with the School Relations Office, A-209 ASB, (801) 422-5000, for current mapping of AP/IB exams.

Note 2: Courses that include honors sections are followed by /H.

Note 3: For details on completing the previous GE program, see the previous GE Program Summary table in the winter 2004 class schedule.

The University Core: Summary

To complete the University Core, you must satisfy each of the 18 requirements listed below. Each can be completed by taking one course or a combination of courses. In some cases, you may satisfy the requirement in other ways: AP; competency exams; or, in the case of Quantitative Reasoning, ACT or SAT score. Furthermore, in some cases a single course may complete two requirements (double count). Courses marked in bold are especially recommended for freshman students. See the University Core Detailed Options Table (beginning at right) for details.

1. **Book of Mormon** (take 2-course sequence)
 2. *New Testament* (take 1 course)
 3. *Doctrine and Covenants* (take 1 course)
 4. *Wellness* (take 1 course **or** 3-course combination)
 5. **American Heritage** (take 1 course **or** 2-course combination)
 6. *Global and Cultural Awareness* (take 1 course **or** 2-course combination; tagged courses in detailed table below may double-count to also complete the *Languages of Learning* **or** *Arts* **or** *Letters* **or** *Civilization 2* requirement)
 7. **First-Year Writing** (take 1 course **or** AP—see detailed table below)
 8. *Advanced Writing and Oral Communication* (take 1 course **or** 2-course combination)
 9. **Quantitative Reasoning** (take 1 course **or** ACT/SAT option—see detailed table below)
 10. *Languages of Learning* (Math option: take 1 course; Foreign Language option: take courses up to the culminating course)
 11. *Civilization 1* (take 1 course)
 12. *Civilization 2* (take 1 course; tagged courses may double-count to complete *Arts* **or** *Letters* **or** *Global and Cultural Awareness*)
 13. *Arts* (take 1 course or combination of courses; tagged courses may double-count to complete *Civilization 2* **or** *Global and Cultural Awareness*)
 14. *Letters* (take 1 course; tagged courses may double-count to complete *Civilization 2* **or** *Global and Cultural Awareness*)
 15. *Biological Science* (take 1 course **or** 2-course combination)
 16. *Physical Science* (take 1 course **or** 2-course combination)
 17. *Social Science* (take 1 course)
 18. *Religion Electives* (take 3–4 courses)
- Open Electives* (take other courses to round out your education—required only if students need classes to complete the 120 hours for graduation)

Although the time to complete GE requirements varies according to the major, all new students should complete the First-Year Writing and the two Book of Mormon classes during their freshman year. First-Year Writing may be taken in either semester of the first-year. It is also recommended that students who, because of an ACT math subscore below 22, need to fill the Quantitative Reasoning requirement, do so in their first year, and that all new students begin work in the mathematics or foreign language options under Languages of Learning.

Students planning to satisfy the Scientific Principles and Reasoning/Biological Science, /Physical Science requirements with the one-course options (e.g., Biol 100, PhyS 100) should also complete these, along with American Heritage, during their first two years, making some progress on them in their first year. Civilization courses are designed as sophomore-level courses, although some programs include them during the freshman year. Advice as to when to complete the other GE requirements can be obtained at college advisement centers or department offices.

This option requires a reflection paper, which should be of the same high quality as a class term paper, reflecting the student's best writing. The paper should be at least seven pages of typed double-spaced text, plus title page, references, and any relevant tables or figures. Substandard papers will not be accepted. The paper should be submitted first to the faculty member in charge of the program. Once the faculty member is satisfied with the paper as being of sufficiently high quality to merit GE credit, the paper and cover memo from the faculty member should then be submitted to the Office of General Education, 350 MSRB, for GE clearance.</p>

Note: For less commonly taught languages, look for a FLang 202R course (for those who are not returned missionaries) or a FLang 330R course (for returned missionaries) taught in that language. Occasionally insufficient enrollment may preclude offering a culminating course in a less commonly taught language. In such cases the Center for Language Studies will offer FLang 202R and FLang 330R as an Independent Study course if a qualified teacher can be found. The Independent Study course can be arranged through a special enrollment process. For information on the availability of language and Independent Study courses, please contact the Center for Language Studies, (801) 422-1201.		
To receive graded credit for the lower-division courses covered by the foreign language challenge exam, students must take the challenge exam while they are enrolled in FLang 330R. This is a requirement whether the student is enrolled in a regular FLang 330R course or is taking the course through Independent Study. In all FLang 330R courses, the challenge exams will be scheduled by the Center for Language Studies and will be administered during the course.

CORE ENRICHMENT: ELECTIVES**RELIGION ELECTIVES****

From three to four courses (6 elective religion hours required).

OPEN ELECTIVES

Courses chosen from various disciplines to round out the student's education. Required only if students need classes to complete the 120 hours for graduation.

Total hours: Total required religion hours 14; the total required hours in general education may vary from 31.5 to 72 depending upon tracks chosen by students or as a result of departmental requirements.

/H indicates that there are also honors sections of the departmental course; Honrs refers to courses taught only in the Honors Program.

*A course designated "not for all students" is not targeted for all students; it may have limited enrollment or be designed only or primarily for certain majors. If you have questions about registering for this course, please consult the instructor or college advisement center.

**Because regular gospel study should be a continuous part of a student's university experience, it would be ideal to take one religion class each semester of enrollment. No more than 4 hours of religion credit per semester (spring/summer terms count as one semester) may be counted toward the required minimum hours to be taken at BYU.

Note: For details on completing the previous GE program, see the previous GE Program Summary table in the winter 2004 class schedule.

Brigham Young University Honors Program

Participation in Honors

The Honors Program provides an unusually rich and challenging experience for capable and motivated undergraduate students. Its purpose is to assist students as they establish lifelong patterns of learning and appreciation of the world's great treasures of knowledge. An honors education is not merely a more intensive general education or a more strenuous program in a major. Rather, it provides students with the advantages of an enriched education in a small-class setting with excellent professors, while utilizing all of the advantages of a large university. Students who pursue an honors education at Brigham Young University take honors courses that meet university core requirements and participate in an intensive honors thesis experience in their major.

To graduate from BYU, students must meet not only the requirements of a major department but also the university core requirements in general education and religion. Most students complete the nonmajor requirements through courses in the general university curriculum. Because all students must complete core requirements, some required classes have high enrollments, and there is little opportunity for students to interact with the professors. The Honors Program invites capable and motivated students to satisfy university core requirements through honors as alternatives to the standard general and religious education programs. Honors courses have small enrollments (usually fewer than 30 students per class) and emphasize class discussion and writing.

University Honors is a distinction awarded to all graduates of BYU who have met the honors requirements as described below. This prestigious designation is recorded on the university diploma, on the official transcript of grades, and in the graduation program. It is widely recognized as an indication of exceptional academic achievement.

Although it is hoped that students will choose to complete all of the requirements for the University Honors designation, those who do not intend to do so are welcome to participate in the Honors Program to whatever extent they choose. All students are invited to consider honors as a way to achieve the quality academic experiences they seek. Students may register for honors courses at any time during their undergraduate years without necessarily intending to complete all the honors graduation requirements.

Honors education is open to all students who choose to participate. Students who intend to graduate with University Honors must complete an enrollment form that may be obtained from the Honors Advisement Center in 102A Maeser Building (MSRB).

Facilities and Opportunities Available to Honors Students

The Honors Program is housed in the historic Maeser Building on the southwest part of campus. This quiet corner of campus is surrounded by beautiful grounds and wooded areas. The building is named after Karl G. Maeser, the first principal of Brigham Young Academy (the school that later became Brigham Young University). A bronze statue of Karl G. Maeser stands at the building's east entrance. The Maeser Building was constructed in 1911 and is the oldest building on the current campus. Its marble halls are richly decorated with oak and brass trim. The building was restored in 1985 with modern electrical and ventilation systems but retains its historic architecture and decoration.

Facilities for honors students in the Maeser Building include the Honors Reading Room in 150 MSRB, with study tables and a small library of reference works and classics; the Honors Student Lounge in 102 MSRB, where students can meet for informal discussions; an art gallery in the lower-floor hall; the Honors Advisement Center in 102A MSRB, where students receive counseling about their honors education; and the Martha Jane Knowlton Coray Lecture Hall in 321 MSRB, where classes, lectures, and musical concerts are held.

Students who have committed to graduate with University Honors and are active participants in the Honors Program are eligible for reduced-rate or free admission to selected musical and theatrical performances, some of which may include visiting performers of international renown. They also have priority registration privileges for honors courses. The Honors Program sponsors lectures, concerts, symposia, and socials. The students can also participate in intercampus events with honors students from other universities and colleges. Each week, on Thursdays at 11:00 a.m. during fall and winter semesters, the Honors Program sponsors honors lectures featuring a religious or academic presentation by a professor or member of the community. Students are also invited to participate in the Honors Student Advisory Council, a group of student representatives who assist in policy development, social activities, and academic functions of the Honors Program.

Who Should Participate in Honors

The characteristics that best define honors students are motivation and a strong desire to obtain the most from the educational experience that BYU has to offer. Honors students seek breadth in their education by taking honors courses outside their majors. They excel within their majors by learning how to conduct research and scholarly work within their chosen fields. They usually tend to work harder and spend

more time on their course work than other students, not because their courses are more difficult but because they take courses that interest them. They attend concerts, plays, films, lectures, and art and science exhibitions, and they participate in informal discussions with their professors and fellow students. Because many of their classes are small and discussion-oriented, they are personally acquainted with their professors. They become well-rounded, literate, and humane scholars whose faith in the restored gospel is strong. Their thirst for knowledge lasts a lifetime. They are not necessarily those with the highest grade point averages or the highest standardized test scores, nor do all honors students have scholarships.

Approximately 30 percent of the BYU student body participates to some extent in honors, and students benefit thereby from an enriched education. The Honors Program invites all BYU students who seek an enhanced educational experience to take advantage of the many opportunities offered by the Honors Program.

Overview of Requirements for Graduation with University Honors

This section provides a brief overview of the requirements to graduate with University Honors. The staff in the Honors Advisement Center, 102A MSRB, (801) 422-5497, is available to answer questions about honors requirements. To graduate with University Honors, a student must:

1. Commit to graduate with University Honors.
2. Complete the honors curriculum requirement.
3. Complete the honors Great Works requirement.
4. Complete the honors Advanced Languages requirement.
5. Complete the honors service requirement.
6. Complete the honors thesis requirement.
7. Graduate with a cumulative grade point average of at least 3.5.
8. Submit a graduation portfolio that summarizes the student's honors experiences.

The requirements for graduation with University Honors complements both major and core education. The honors curriculum, Great Works, and Advanced Languages requirements enhance the university core components; the honors thesis requirement enhances the major education component.

Honors Courses

Dates and times for honors courses are listed in the class list of this schedule under Honors (Honrs) or by any class with the suffix *H*.

The "University Honors Program Course Guide" also contains a complete list of honors courses and detailed course descriptions. It is an essential supplement to the current undergraduate catalog and this class schedule. To obtain the course guide or further information about the Honors Program, contact the Honors Advisement Center, 102A MSRB, telephone (801) 422-5497, or refer electronically to <http://honors.byu.edu>.

Brigham Young University Academic Standards

Academic Support Office, 2500 WSC, (801) 422-2723

A student's academic standing at BYU is determined according to the grades that the student earns at BYU. Academic standing is based on a minimum of 6 credit hours. Students enrolled for fewer than 6 credit hours in a semester or term have their credits combined with their next enrollment(s) until 6 credits of graded hours are accumulated, at which point the academic standing is calculated. The following outline shows the conditions and expectations according to the student's academic standing. For further information, students are encouraged to check their current academic standing by selecting Student Academic Record, then selecting Current Academic Standing in AIM.

Note: College advisement centers (CACs) may also set registration blocks on students not progressing toward timely graduation. In such cases, students must also meet with their CAC to have this block removed.

ACADEMIC STANDING	UNDER THESE CONDITIONS	EXPECTATIONS
GOOD	When the most recent semester/term GPA and BYU cumulative GPA are 2.0 or above and the student has NOT been on academic Probation or Suspension	Student continues to maintain a BYU cumulative GPA of 2.0 or higher until graduation.
PREVIOUS	The same as Good academic standing but indicates a student has previously been on academic Probation or Suspension.	The student continues to maintain a 2.0 or higher semester/term and BYU cumulative GPA. However, the student goes directly to academic Probation if the student has a semester/term GPA below 2.0.
WARNING Includes a registration block.	When the most recent semester/term GPA is below 2.0 and the student was in Good academic standing OR When the most recent semester/term GPA is 2.0 or higher but the BYU cumulative GPA is below 2.0 and the student was on academic Warning.	The student is blocked from registrations beyond the subsequent semester/term until the student EITHER submits a complete Academic Improvement Plan to the Academic Support Office by the appropriate deadline OR the student earns at least a 2.0 GPA for the subsequent enrollment and has at least a 2.0 cumulative GPA. Students with less than a 2.0 cumulative GPA must submit the Academic Improvement Plan.
PROBATION Includes a registration block.	When the most recent semester/term GPA is below 2.0 and the student was on academic Warning OR When the most recent semester/term GPA is below 2.0 and the student was on Previous academic standing OR When the most recent semester/term GPA is 2.0 or higher but the BYU cumulative GPA is below 2.0 and the student was on academic Probation.	The student is blocked from registrations beyond the subsequent semester/term until the student EITHER submits a complete Academic Improvement Plan to the Academic Support Office by the appropriate deadline OR the student earns at least a 2.0 GPA for the subsequent enrollment and has at least a 2.0 cumulative GPA. Students with less than a 2.0 cumulative GPA must submit the Academic Improvement Plan. Students on Probation who earn less than a 2.0 GPA for a semester or term are academically suspended. Note: If a student is receiving university or federal financial aid, the student must also contact the Financial Aid Office, A-41 ASB, (801) 422-4104. Students on Probation may not be eligible for financial aid.
SUSPENSION	When the most recent semester/term GPA is below 2.0 and the student was on academic Probation OR When a student fails to comply with the conditions prescribed by the Academic Standards Committee.	1. The student is immediately dropped from all enrollments in day, evening, or extension classes (except Independent Study). 2. The student may not enroll in BYU day, evening, or extension classes (except Independent Study) for a minimum of twelve months. During this time the student is expected to resolve all problems leading to the student's academic suspension. After twelve or more months, the student may apply for readmission. If the student completes any college-level work while on Suspension, the student must receive an overall GPA of 3.0 or higher in that course work to be allowed readmission. The student should contact the Admissions Office, D-155 ASB, (801) 422-2507, for details and pertinent information about deadlines and expectations for readmission. 3. A student with extenuating circumstances—who has appropriate support and justification—may appeal the twelve-month period out of BYU through the Academic Standards Committee. The student should contact the Academic Support Office, 2500 WSC, (801) 422-2723, for assistance. No other appeals will be considered.
DISMISSAL	When the student is academically Suspended a second time.	An academically dismissed student may not enroll in day, evening, or extension classes (except Independent Study). After three years a student is eligible to enroll in evening or extension classes. A student may seek an exception to be readmitted as a degree-seeking student after two years by petitioning the Academic Standards Committee.

Graduate Studies

Brigham Young University offers doctoral and master's degrees in a broad range of fields, as well as professional degrees in law and management. The doctoral degree requires you to demonstrate an impressive scholarly competence, which includes the ability to conduct and report significant research in a highly effective way. Advanced systematic study in a discipline is also essential, and it is followed by comprehensive examinations that require you to integrate and understand the collective knowledge of your discipline. An impeccably written dissertation resulting from independent research is scrutinized and tested in a concluding oral examination. The master's degree also requires advanced course work, demonstrated mastery in vital aspects of a discipline, skill in research methodology and theory, and preparation for future creative work. Nearly all nonprofessional master's programs at Brigham Young University require integrating examinations and a major culminating piece of written work—usually a thesis, sometimes a project—and an oral examination on that work. Professional programs also demand high-level performance of students, blending scholarly insight with technical knowledge and skill.

Admission to Graduate Study

Application to graduate study is made through Graduate Studies, B-356 ASB, PO Box 21339. Applications can be submitted online at <http://www.byu.edu/gradstudies/admissions/applications/onlineapp.html>. Applying online is strongly encouraged because it requires a shorter and more efficient processing time. Except in a small number of integrated programs, the bachelor's degree is required before you may register in a graduate program. Admission to graduate study is determined by individual departments, once standard university requirements have been met. Applicants are admitted to study in specific programs, many of which are highly selective and admit only a limited number of students each year. If you are a prospective applicant, you should communicate your interest to the specific department(s) to which you wish to apply.

Advisement of Graduate Students

Once admitted to a department graduate program, you are advised by particular faculty members and the department graduate coordinator rather than through college advisement centers. Direct general questions about university admissions, procedures, and graduation to Graduate Studies, where program administrators work individually with students and departments in admitting students and seeing them through their

programs to graduation. Graduate students should read and regularly consult the current BYU Graduate Catalog for information about university policies and procedures as well as department programs.

Degree Requirements

University minimums require 54 credit hours for the doctoral degree and 30 credit hours for the master's degree. A number of programs, particularly professional programs, require more than those minimums. The highly individual nature of graduate work is reflected in the specialized programs offered by departments and the selection of courses appearing on each student's program of study. Except in professional programs, programs of study are tailored for individual students, and their progress through those courses is tracked by Graduate Studies. Students may access their progress report any time on the Web.

Graduate Curriculum

Graduate courses in the university are numbered in the five, six, and seven hundreds. Seniors with exceptional ability may, on occasion, register for courses numbered in the 500 series but should be aware that such courses are taught at a graduate level, and expectations may exceed the undergraduate's preparation. Graduate courses generally require significant research and individual initiative.

Registration Requirements

Given the more intensive nature of graduate study, a normal semester registration is from 9 to 12 credit hours. Some programs limit students to a 6-hour registration. It is the responsibility of each graduate student to understand and follow both the general university requirements for graduate work and the specific department requirements for individual programs.

U.S. graduate students must register for a minimum 6 semester hours per academic year and must be registered for a minimum 2 semester hours in the semester or term in which they are (a) admitted into a graduate program, (b) use university facilities (including faculty time), or (c) plan to graduate. No D, E, W, NS, or I grades; audits; or correspondence courses may count toward these totals or toward a graduate degree.

Immigration regulations require international students to register for at least 9 semester hours each fall and winter semester until they have fewer than 9 credit hours remaining to finish their programs. Then they must register for at least 2 semester hours and receive clearance from International Services, 1351 WSC, PO Box 25520.

Academic Standards

Grade Point Average (GPA) Requirements

Graduate students whose graduate program of study GPA falls below 3.0 (prerequisite and skill courses are exempted) will not be allowed to graduate and may be dismissed from their graduate programs. No D credit may apply toward a graduate degree.

Evaluations of Graduate Students

Departments make a formal evaluation of the performance of graduate students at least twice a year; some evaluate more frequently. Each department establishes its own evaluation criteria and the standards it requires graduate students to meet, but generally evaluations are based on students' total academic performance, their fulfillment of program requirements (program of study submitted, courses completed on schedule, prospectus approved by department, student advanced to candidacy), and their professional performance (including quality of teaching and research).

Enrollment Verification

Graduate students may request verification of their enrollment status as full-time or part-time students, for loans or for other purposes, from the Records Office, B-150 ASB, PO Box 21114, telephone (801) 422-2631. Registration for a minimum 8.5 credit hours constitutes full-time enrollment in a semester, and 4.5 credit hours does so in a term. Registration for fewer hours constitutes part-time enrollment.

Graduate students (master's and doctoral students) who are enrolled for at least 2 hours per semester or 1 hour per term, and who can be certified by their department as being engaged full-time in pursuit of their degrees, can petition for graduate full-time status. Requests for such an exception should be directed to Graduate Studies.

Campus Privileges for Graduate Students

Graduate students who are registered for at least 2 hours per semester or 1 hour per term receive a university (ID) activity card and are eligible for all on-campus privileges afforded students who are registered full-time, i.e., on-campus employment, student housing, student insurance, intramurals, use of physical education facilities, graduate parking permits, and discount admission to sporting and cultural events.

Changing Degree Levels

With department approval, students may change from one degree level to another within a department and without interruption of enrollment. Request the change by submitting to Graduate Studies a Request to Change Degree Level (Form 1c), paying the application fee if applicable, and following the instructions on the **back** of the form. After receiving a department's recommendation to approve or deny the request, Graduate Studies will officially notify you.

Changing Departments

To change departments, a student must submit another complete application, including another application fee, by the required deadline for the new program.

Discontinuance from BYU

Graduate students who wish to withdraw from a current registration altogether must discontinue through the university's Discontinuance Office, B-150 ASB, (801) 422-7705.

Termination of Graduate Status

Termination of graduate status may result if a student:

1. Fails to fulfill the university's minimum registration requirement.
2. Fails to meet the degree time limit.
3. Makes a request to withdraw (with the intent to pursue a degree at another university, for personal reasons, or in response to department recommendation).
4. Receives a Marginal or Unsatisfactory rating in a review by the academic department and is unable or unwilling to comply with conditions for continuance outlined by the department.
5. Fails to make what the department or the university deems to be satisfactory progress toward a graduate degree.
6. Fails the departmental comprehensive examination.
7. Fails the final oral examination (defense of dissertation, thesis, or project).
8. Violates the university's Honor Code.

Church Educational System Honor Code

Brigham Young University, Brigham Young University—Hawaii, Brigham Young University—Idaho, and LDS Business College exist to provide an education in an atmosphere consistent with the ideals and principles of The Church of Jesus Christ of Latter-day Saints. That atmosphere is created and preserved through commitment to conduct that reflects those ideals and principles. Members of the faculty, administration, staff, and student body at BYU, BYU—H, BYU—I, and LDSBC are selected and retained from among those who voluntarily live the principles of the gospel of Jesus Christ. Observance of such is a specific condition of employment and admission. Those individuals who are not members of The Church of Jesus Christ of Latter-day Saints are also expected to maintain the same standards of conduct, except church attendance. All who represent BYU, BYU—H, BYU—I, and LDSBC are to maintain the highest standards of honor, integrity, morality, and consideration of others in personal behavior. By accepting appointment on the faculty, continuing in employment, or continuing class enrollment, individuals evidence their commitment to observe the Honor Code standards approved by the Board of Trustees “at all times and . . . in all places” (Mosiah 18:9).

Honor Code Statement

We believe in being honest, true, chaste, benevolent, virtuous, and in doing good to all men. . . . If there is anything virtuous, lovely, or of good report or praiseworthy, we seek after these things.
—THIRTEENTH ARTICLE OF FAITH

As a matter of personal commitment, students, faculty, and staff of Brigham Young University, Brigham Young University—Hawaii, Brigham Young University—Idaho, and LDS Business College seek to demonstrate in daily living on and off campus those moral virtues encompassed in the gospel of Jesus Christ, and will

Be honest
Live a chaste and virtuous life
Obey the law and all campus policies
Use clean language
Respect others
Abstain from alcoholic beverages, tobacco, tea, coffee, and substance abuse
Participate regularly in church services
Observe the Dress and Grooming Standards
Encourage others in their commitment to comply with the BYU Honor Code.

Specific policies embodied in the Honor Code include (1) the Academic Honesty Policy, (2) the Dress and Grooming Standards, (3) the Residential

Living Standards, and (4) the Continuing Student Ecclesiastical Endorsement. (Refer to institutional policies for more detailed information.)

Academic Honesty Policy

The first injunction of the BYU Honor Code is the call to “be honest.” Students come to the university not only to improve their minds, gain knowledge, and develop skills that will assist them in their life’s work, but also to build character. “President David O. McKay taught that character is the highest aim of education” (The Aims of a BYU Education, p. 6). It is the purpose of the BYU Academic Honesty Policy to assist in fulfilling that aim.

BYU students should seek to be totally honest in their dealings with others. They should complete their own work and be evaluated based upon that work. They should avoid academic dishonesty and misconduct in all its forms, including but not limited to the following: plagiarism, fabrication or falsification, cheating, and other academic misconduct.

Plagiarism

Intentional plagiarism is a form of intellectual theft that violates widely recognized principles of academic integrity as well as the Honor Code. Such plagiarism may subject the student to appropriate disciplinary action administered through the university Honor Code Office, in addition to academic sanctions that may be applied by an instructor. Inadvertent plagiarism, although not in violation of the Honor Code, is nevertheless a form of intellectual carelessness that is unacceptable in the academic community. Plagiarism of any kind is completely contrary to the established practices of higher education, where all members of the university are expected to acknowledge the original intellectual work of others that is included in one’s own work. In some cases, plagiarism may also involve violations of copyright law.

Intentional Plagiarism

Intentional plagiarism is the deliberate act of representing the words, ideas, or data of another as one’s own without providing proper attribution to the author through quotation, reference, or footnote.

Inadvertent Plagiarism

Inadvertent plagiarism involves the inappropriate, but nondeliberate, use of another’s words, ideas, or data without proper attribution. Inadvertent plagiarism usually results from an ignorant failure to follow established rules for documenting sources or from simply being insufficiently careful in research and writing. Although not a violation of the Honor Code, inadvertent plagiarism is a form of academic misconduct for which an instructor can impose appropriate academic sanctions. Students who are in doubt as to whether they are providing proper attribution have

the responsibility to consult with their instructor and obtain guidance.

Examples of Plagiarism

Direct Plagiarism—The verbatim copying of an original source without acknowledging the source.

Paraphrased Plagiarism—The paraphrasing, without acknowledgment, of ideas from another that the reader might mistake for your own.

Plagiarism Mosaic—The borrowing of words, ideas, or data from an original source and blending this original material with one’s own without acknowledging the source.

Insufficient Acknowledgment—The partial or incomplete attribution of words, ideas, or data from an original source.

Plagiarism may occur with respect to unpublished as well as published material. Acts of copying another student’s work and submitting it as one’s own individual work without proper attribution is a serious form of plagiarism.

Fabrication or Falsification

Fabrication or falsification is a form of dishonesty where a student invents or distorts the origin or content of information used as authority. Examples include

1. Citing a source that does not exist.
2. Citing information from a source that is not included in the source.
3. Citing a source for a proposition that it does not support.
4. Citing a source in a bibliography when the source was neither consulted nor cited in the body of the paper.
5. Intentionally distorting the meaning or applicability of data.
6. Inventing data or statistical results to support conclusions.

Cheating

Cheating is a form of dishonesty where a student attempts to give the appearance of a level of knowledge or skill that the student has not obtained.

Examples include

1. Copying from another person’s work during an examination or while completing an assignment.
2. Allowing someone to copy from you during an examination or while completing an assignment.
3. Using unauthorized materials during an examination or while completing an assignment.
4. Collaborating on an examination or assignment without authorization.
5. Taking an examination or completing an assignment for another, or permitting another to take

an examination or to complete an assignment for you.

Other Academic Misconduct

Academic misconduct includes other academically dishonest, deceitful, or other inappropriate acts that are intentionally committed. Examples of such acts include but are not limited to

1. Inappropriately providing or receiving information or academic works so as to gain unfair advantage over others.
2. Planning with another to commit any act of academic dishonesty.
3. Attempting to gain an unfair academic advantage for oneself or another by bribery or by any act of offering, giving, receiving, or soliciting anything of value to another for such purpose.
4. Changing or altering grades or other official educational records.
5. Obtaining or providing to another an unadministered test or answers to an unadministered test.
6. Breaking and entering into a building or office for the purpose of obtaining an unauthorized test.
7. Continuing work on an examination or assignment after the allocated time has elapsed.
8. Submitting the same work for more than one class without disclosure and approval.

Procedures for Handling Incidents of Academic Dishonesty or Other Academic Misconduct

Faculty are responsible to establish and communicate to students their expectations of behavior with respect to academic honesty and the student’s conduct in the course. Responsible instructors will investigate these incidents, determine the facts, and take appropriate action. Finally, the instructor should notify the Honor Code Office of the final disposition of the incident as a means of encouraging appropriate behavior change and discouraging repeat violations. If the incident of academic dishonesty involves the violation of a public law, e.g., breaking and entering into an office or stealing an examination, the act should also be reported to University Police. If an affected student disagrees with the determination or action and is unable to resolve the matter to the mutual satisfaction of the student and the instructor, the student may have the matter reviewed through the university’s grievance process (Student Academic Grievance Procedure).

Applicable Actions for Academic Dishonesty

A wide range of possible actions exists for cases of academic dishonesty. Instructors should take actions that are fair and equitable under the circumstances and should attempt to reach an understanding

with the affected student on the imposition of an appropriate action. In some cases, the department, the college, or the university may also take actions independent of the instructor. Examples of possible actions include but are not limited to the following:

For instructors, programs, departments, and colleges:

- Reprimanding the student orally or in writing.
- Requiring work affected by the academic dishonesty to be redone.
- Administering a lower or failing grade on the affected assignment, test, or course.
- Removing the student from the course.
- Recommending probation, suspension, or dismissal.

For the university:

The university may elect to place an affected student on probation or to suspend or dismiss the student, and to place a temporary or permanent notation on the student's permanent academic transcript that he or she was suspended or dismissed due to academic misconduct.

The university may report an incident of academic misconduct to appropriate law enforcement officials and may prosecute an affected student if the act in question involves the commission of a crime (e.g., breaking into an office or building, stealing an examination, etc.).

Honor Code Office Involvement

The Honor Code Office will maintain a record of all violations of the Academic Honesty Policy reported to it by the faculty. If the occurrence is sufficiently egregious or if a pattern of dishonesty or misconduct is discovered, the Honor Code Office may take additional action on behalf of the university based upon the nature of the infraction(s). The Honor Code Office, in consultation with the involved academic personnel, including the associate academic vice president over undergraduate studies, may determine to place a student on probation or to recommend that a student be suspended or dismissed for academic dishonesty and other forms of academic misconduct.

Shared Responsibility Policy Statement

Students are responsible not only to adhere to the Honor Code requirement to be honest but also to assist other students in fulfilling their commitment to be honest.

Faculty Academic Integrity

The substantive standards of academic honesty stated in this policy apply *a fortiori* to faculty. Indeed, all members of the BYU community are expected to act according to the highest principles of academic integrity.

Sources

A large number of publications and policies of colleges and universities were reviewed in creating BYU's Academic Honesty Policy. Some of the content and structure of this policy were adapted from the following sources:

1. "Academic Honesty," a brochure produced by the Office of Judicial Affairs, University of Florida.
2. "Academic Honesty and Dishonesty," a brochure produced by the Office of the Dean of Students, University of Delaware.
3. "Academic Honesty and Dishonesty," a brochure produced by the Dean of Students' Office, Louisiana State University.
4. "A Statement on Plagiarism," a committee report from the October 1994 Conference on the Center for Academic Integrity, Tom Langhorne, Binghamton University (chair).
5. "Definition of Plagiarism," by Harold C. Martin, taken from *The Logic and Rhetoric of Exposition*, by Harold C. Martin, Richard M. Ohmann, and James H. Wheatly, 3rd ed. (New York: Holt, Rinehart and Winston, 1969).
6. *Legal Aspects of Plagiarism*, by Ralph D. Mawdsley (Topeka, Kansas: National Organization on Legal Problems of Education, 1985).

Dress and Grooming Standards

The dress and grooming of both men and women should always be modest, neat, and clean, consistent with the dignity adherent to representing The Church of Jesus Christ of Latter-day Saints and any of its institutions of higher education.

Modesty and cleanliness are important values that reflect personal dignity and integrity, through which students, staff, and faculty represent the principles and standards of the Church. Members of the BYU community commit themselves to observe the following standards, which reflect the direction of the BYU Board of Trustees and the Church publication *For the Strength of Youth*. (These guiding principles apply at all CES institutions of higher education. The application of these principles may vary slightly at the various institutions in accordance with local conditions and circumstances. [See separate institutional policies for more specific details on dress and grooming standards.]) The BYU Dress and Grooming Standards are as follows:

Men. A clean and well-cared-for appearance should be maintained. Clothing is inappropriate when it is sleeveless, revealing, or form fitting. Shorts must be knee-length or longer. Hairstyles should be clean and neat, avoiding extreme styles or colors, and

trimmed above the collar, leaving the ear uncovered. Sideburns should not extend below the earlobe or onto the cheek. If worn, moustaches should be neatly trimmed and may not extend beyond or below the corners of the mouth. Men are expected to be clean-shaven; beards are not acceptable. Earrings and other body piercing are not acceptable. Shoes should be worn in all public campus areas.

Women. A clean and well-cared-for appearance should be maintained. Clothing is inappropriate when it is sleeveless, strapless, backless, or revealing; has slits above the knee; or is form fitting. Dresses, skirts, and shorts must be knee-length or longer. Hairstyles should be clean and neat, avoiding extremes in styles or colors. Excessive ear piercing (more than one per ear) and all other body piercing are not acceptable. Shoes should be worn in all public campus areas.

Residential Living Standards

As stated in its Code of Honor, Brigham Young University is committed to providing a learning atmosphere consistent with the principles of the Church. The university is likewise committed to creating such an atmosphere for students residing on and off campus. To achieve this, BYU has established living standards to help students learn some of the high ideals and principles of behavior expected at Brigham Young University. The university requires **all** students to adhere to the following applicable standards:

On-Campus Visiting Hours

Deseret Towers and Helaman Halls

Visitors of the opposite sex are permitted in the lobbies but not in the bedroom area, except during an established open house or home evening time, at which times room doors must remain open. Lobby visiting hours begin after 8:00 a.m. and extend until 12:00 midnight, Monday through Thursday and Saturday. On Friday night, lobby visiting hours extend until 1:30 a.m. Sunday visiting hours begin after noon and extend until midnight.

Heritage Halls

Visitors of the opposite sex are permitted in the lobbies and apartment kitchens but not in bedrooms or bathrooms. Lobby visiting hours are from 8:00 a.m. to 12:00 midnight, Saturday through Thursday, and extend until 1:30 a.m. on Fridays. Apartment visiting hours are from 10:00 a.m. to 11:00 p.m. Sunday through Thursday and extend until 12:00 midnight on Friday and Saturday.

Off-Campus Visiting Hours

Visitors of the opposite sex are permitted in living rooms and kitchens but not in the bedrooms in off-campus living units. The use of the bathroom area by members of the opposite sex is not appropriate unless emergency or civility dictate otherwise—and then

only if the safety, privacy, and sensitivity of other residents are not jeopardized. Visiting hours may begin at 9:00 a.m. and may extend until 12:00 midnight. Friday night visiting hours may extend until 1:30 a.m. Landlords may establish a shorter visiting period if proper notice is given to residents. This policy applies to all housing units occupied by single students.

Conduct

All students shall be required to conduct themselves in a manner consistent with the principles of The Church of Jesus Christ of Latter-day Saints and the BYU Honor Code. Furthermore, all students are required to abstain from possessing, serving, or consuming alcoholic beverages, tobacco, tea, coffee, or harmful drugs. Involvement with gambling; pornographic, erotic, or indecent material; disorderly, obscene, or indecent conduct or expressions; or with other offensive materials, expressions, or conduct or disruption of the peace that, in the sole discretion and judgment of the university, is inconsistent with the principles of the Church and the BYU Honor Code is not permitted in student housing. All guests of students must comply with the Residential Living Standards while on the premises of university-approved housing. All students are required to know the dress and grooming standards and abide by them.

Continuing Student Ecclesiastical Endorsement

All enrolled continuing undergraduate, graduate, intern, and study abroad students are required to obtain a Continuing Student Ecclesiastical Endorsement for each new academic year. Students must have their endorsements completed, submitted, and processed by the Honor Code Office before they can register for fall semester or any semester thereafter. Priority registration for the following fall semester can begin in early April. To avoid registration delays, students should complete and submit their endorsements to the Honor Code Office by March 15. **Those applying to BYU should use the new student Admissions Application Part 3 endorsement.**

LDS students may be endorsed only by the bishop of the ward (1) in which they live and (2) that holds their current Church membership record.

Non-LDS students are to be endorsed by (1) the local ecclesiastical leader if the student is an active member of the congregation, (2) the bishop of the LDS ward in which they currently reside, or (3) the nondenominational BYU chaplain.

Honor Code Requirements

Whether on or off campus or between semesters, all students are expected to abide by the Honor Code, which includes: the Academic Honesty Policy, the Dress and Grooming Standards, and the Residential

Living Standards. Students are required to be in good Honor Code standing to graduate and receive their diploma.

LDS students must fulfill their duty in The Church of Jesus Christ of Latter-day Saints, attend Church meetings, and abide by the rules and standards of the Church on and off campus.

Students who are not members of The Church of Jesus Christ of Latter-day Saints are also expected to maintain the same standard of conduct. They are encouraged to participate in services of their preferred religion.

Withdrawn Ecclesiastical Endorsement

A student's endorsement may be withdrawn at any time if the ecclesiastical leader determines that the student is no longer eligible for the endorsement. If an endorsement is withdrawn, the ecclesiastical leader informs the Honor Code Office, which then facilitates notification to both the student and the university. No confidential information is provided to the Honor Code Office.

Students without endorsements must discontinue enrollment. Excommunication, disfellowshipment, or disaffiliation from The Church of Jesus Christ of Latter-day Saints results in the withdrawal of the student's endorsement. The decision to withdraw an endorsement may be reviewed or appealed through appropriate ecclesiastical leaders (i.e., through the bishop, the stake president, and the designated Area Authority for BYU).

A student whose endorsement has been withdrawn and who had completed the above ecclesiastical appeal process may request a university review, which is initiated through the Honor Code Office. Students may not be enrolled or attend without an ecclesiastical endorsement except in very rare and unusual circumstances as determined by the university.

How Forms Are Obtained

Students are responsible for obtaining their own Continuing Student Ecclesiastical Endorsement Forms. Forms are available at campus information desks, at college advisement centers, from bishops of BYU wards, from the Honor Code Office in 4440 WSC, or online at <http://honorcode.byu.edu>.

University Policies

Nondiscrimination Statement

Admission to Brigham Young University is nondiscriminatory. The university admits qualified persons regardless of race, color, national origin, religion, age, gender, veteran status, or disability who meet university and academic requirements and agree to abide by the university's standards of conduct and behavior. [The university does exercise the "religious" exemption in admissions as granted in Title IX of the Education Amendments, 20 U.S.C. 1681(a)(3), and in hiring employees as granted in 41 C.F.R. 60-1.5(a)(5).]

Persons who believe they have experienced unlawful discrimination or sexual harassment should contact the Equal Opportunity Office at (801) 422-5895 during office hours (8 a.m.–5 p.m. weekdays) or at (801) 367-5689 after hours.

University Accessibility Center

The purpose of this office is to assure that students with disabilities are provided access to university programs and information. A variety of services and extensive information are available. Students who have attention, emotional, learning, chronic health, or physical disabilities are encouraged to contact the center to assist in coordinating appropriate academic accommodations for classes or university-sponsored programs. For assistance contact 1520 WSC, (801) 422-2767 v/tty, or www.byu.edu/stlife/campuslife/.

Access to Education Records: FERPA

The Family Educational Rights and Privacy Act of 1974 (FERPA) controls access to student education records. Brigham Young University will make a reasonable effort to extend to eligible students and their parents the rights granted by the act. On presentation of appropriate identification and under circumstances that prevent alteration or mutilation of records, a student will be able to inspect all education records not considered by the university to be held under a pledge of confidentiality or considered to be private records of university personnel. Those with legitimate access to the records will be charged a reasonable fee for copies.

A student is entitled to an explanation of any recorded data and may initiate action pursuant to university policy through the Exception to University Policy Committee, if necessary, to correct or expunge information he or she considers inaccurate or misleading.

Faculty and administrative officers who have a legitimate need to use a student's education records will be allowed access to such records as needed without prior permission from the student. A request

from an educational institution to which a student has applied for admission or from a lending institution from which a student is seeking financial aid will be granted without a student's permission. In addition, statistical data may be furnished to university accrediting bodies and governmental officials without a student's permission.

No personally identifiable information contained in a student's educational records, other than directory information, will be given to any third party, except as authorized by the act, without the student's written consent, and then only those records that are accessible to the student. The term *third party* is construed to include parents, spouse, employers, government agencies, or any other people or organizations. Parents or guardians may have access to grade reports and other reports of a student's activity if they establish to the satisfaction of the university that the student is dependent, for income tax purposes, on the parents or guardians for their support.

Court orders and subpoenas for records will be referred to the university's legal counsel and acted on according to the counsel's directions. The university will make a reasonable attempt to notify the student when nondirectory information is released in response to subpoenas or court orders.

Any eligible student or parent who believes that BYU has violated FERPA may file a complaint with the Family Educational Rights and Privacy Act Office, Department of Education, Washington, D.C.

Directory information (i.e., information contained in the educational record of a student that would not generally be considered harmful or an invasion of privacy if disclosed) will be released to news media and to others on request. Directory information includes the following:

- Name
- Addresses and phone numbers
- E-mail address
- Month, day, and place of birth
- Names of parents or spouse
- Major and minor fields of study
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Pictures
- Dates of attendance (current and past)
- Number of months/semesters enrolled
- Class standing (freshman, sophomore, etc.)
- Enrollment status (full-time, part-time, less than half-time)
- Degrees and awards received
- Previous educational institutions attended
- Anticipated future enrollments
- Course registrations prior to the beginning of a semester or term
- Expected date of graduation
- Deferred registration eligibility

Students have the right, however, to refuse to permit the designation or disclosure of the above directory information. In that case, this information will not be disclosed except with the consent of the student or as otherwise allowed by FERPA. Any student wishing to restrict the release of directory information must file a written notification with the Registrar's Office, B-150 ASB, PO Box 21114, on or before the tenth day of a semester or the sixth day of a term. Forms for this purpose will be made available at that office upon request.

Student Classification for Undergraduates

At the beginning of each semester, undergraduate students are classified for that semester as follows:

0–29.9	Freshman
30–59.9	Sophomore
60–89.9	Junior
90 and over	Senior

Engineering students having more than 120 semester hours are classified as fifth-year professional students.

Class Attendance Policy

You are expected to attend classes for which you are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only when you are away representing the university on official business. All officially excused absences must be approved through the dean of students.

Faculty should tell you what relationship attendance has to your final grade for the course, but you must take the responsibility for your actions. It is not necessary for the instructor to report absences to the office of the dean of students unless he or she has knowledge of an accident or illness that is causing the absence. Notification to teachers of emergency absences (death in the family, serious illness, etc.) is your responsibility.

Repeating Classes

To have a previously completed course marked *repeated*, the new course must be equal or greater in credit hours.

When a class has been repeated, the credit used in computing the grade point average is the grade and credit hours earned the last time the repeated class was taken.

You may repeat classes in the following ways:

1. Repeat Brigham Young University courses at Brigham Young University (except for R-suffix courses—see Abbreviations and Symbols in the Using This Catalog section of the current BYU Undergraduate Catalog).

2. Repeat at Brigham Young University courses initially taken at another university. (A statement of equivalency must be supplied by the appropriate BYU department chair.)
3. Repeat at another institution courses taken there and have the credit transferred to Brigham Young University.

Note: A course repeated at an institution other than the one at which it was taken originally and other than at BYU will not be counted as a repeat.

The I (Incomplete) Grade

The letter grade **I** (Incomplete) is given on a contractual basis with the instructor to students who are unable to complete the work in the prescribed period of time. An incomplete grade may be given for nonacademic extenuating circumstances (serious illness, personal injury, death in the immediate family, etc.) that may arise *after* the discontinuance deadline (the twelfth week of a semester or the sixth week of a term). To be eligible for an incomplete, the student must have attended up until the discontinuance deadline and be passing the class. If extenuating circumstances arise before the twelfth week of a semester or the sixth week of a term, the student should discontinue or petition through the Registration Office to be officially withdrawn from the class(es). The Incomplete Grade Contract must be completed and signed by the instructor and the \$10 fee paid before submission of the official grade roll at the end of the semester. A copy of the Incomplete Grade Contract must be submitted to the Records Office by the grade submission deadline. A grade of E will be posted until a valid Incomplete Grade Contract is submitted to the Records Office.

Class attendance in a subsequent semester or reregistration is not permitted to make up the incomplete. In some special instances, such as a lab class, attendance may be required for the portion of the class or lab section missed. Once the work has been completed, the instructor should complete the portion of the Incomplete Grade Contract, showing the grade earned, and submit the form to the Records Office (B-150 ASB).

The instructor may designate the specific length of time the student has to complete the course requirements (not to exceed one year). If the work is not completed and the new grade submitted by the instructor within the agreed upon deadline, the I grade will be changed to an IE (the IE grade is considered and calculated as a failing grade).

Changing College or Major

Undergraduate students who desire to transfer from one major to another, or from one college to another, should go to the advisement center of their new major, fill out a Change of Major Form, and have it signed. Graduate students who want to change departments or degree levels should check with Graduate Studies for information and necessary forms.

Discontinuance from BYU

A daytime student is not officially withdrawn from the university unless the student has completed the discontinuance process in the Discontinuance Office, B-150 ASB. The discontinuance deadline, November 30 for fall semester, is the last day a student can discontinue. (See the University Calendar on page 3 for additional discontinuance deadlines.)

If you find it necessary to withdraw from all your classes, you must do the following:

1. Complete discontinuance forms available from the Discontinuance Office, B-150 ASB, telephone (801) 422-7705, or at discontinuance.byu.edu.
2. Obtain instructor and clearance signatures if necessary. Beginning the sixth week of the semester or the third week of the term, you become responsible for class grades. Signatures must be obtained from the individual instructors, who indicate an official withdrawal (W) or an academic failing withdrawal (WE).
3. Submit completed forms and sign out with a member of the Discontinuance Office staff.
4. See the Tuition and Fees section for discontinuance refund information.

When you have discontinued, your student ID will be electronically voided.

Students enrolled through the Evening Classes Office should discontinue in that office, 122 HCEB. Law School students must initiate their discontinuance through the office of the Law School dean, 348 JRCB.

Students who leave the university under emergency conditions and do not return still have the responsibility to discontinue before the deadline. Initiate official termination by contacting the Discontinuance Office as soon as possible.

Warning: Discontinuance from fall or winter semester or from the term to which you are newly admitted could forfeit your eligibility to attend future semesters without reapplying or deferring through the Admissions Office. **All** undergraduate students who discontinue during a major semester (fall or winter) or during the term for which they were accepted, should contact the discontinuance counselor at (801) 422-7705 about future readmission eligibility and deferment options.

University Devotionals, Firesides, and Forums

University devotionals and forums, held throughout the year on Tuesdays at 11:05 a.m., form an inspirational and integrative part of the university experience. These assemblies are occasions to celebrate the shared sense of community and values in the university. Participation in these gatherings will renew spiritual commitment and extend knowledge of significant religious, intellectual, and cultural matters.

Devotional speakers, selected from the General Authorities and other leaders of the Church and university, come to teach the gospel and affirm the spiritual dimension of the university experience for students, faculty, and staff. An additional opportunity is provided by regular Church Educational System firesides, usually held on the first Sunday of the month.

Forum speakers are noted authorities in the arts, sciences, humanities, media, and government. They are chosen for their contributions to their field and their ability to communicate their insights. Participation in these assemblies (and in the discussion sessions that may accompany them) prompts inquiry into and understanding of significant intellectual, cultural, and social issues.

Most campus offices and services are closed during university assemblies so that members of the university community may participate.

Freshman Academy Envelopes

Many of you will be Freshman Academy students. The academy provides new freshmen with the opportunity to take three classes with students who live in the same residence area.

If you would like more information on Freshman Academy, please call (801) 422-8176, or you can access the academy Web page at <http://www.byu.edu/academy>.

Freshman Academy students will be asked to register for three classes (an envelope). Information on registering for Freshman Academy envelopes will be sent to participating students.

Although not all Freshman Academy envelopes include the general education classes required of all freshmen (First-Year Writing, American Heritage, and Book of Mormon), academy students should still plan to fulfill these requirements by the end of their first year. They may add courses individually if their envelope does not include American Heritage or First-Year Writing.

Final Examination Policy Fall Semester 2007

Final examinations will be given at the times shown in the schedule. Examinations are not given early. The examination period is preceded by reading days, which give time for conscientious review, study, and synthesis of the semester's work. The reading and the examination periods are firmly scheduled parts of the semester; you must not make plans that interfere with these important academic activities. If illness or other uncontrollable circumstances prevent you from taking an examination at the scheduled time, you are responsible to inform the class instructor as soon as possible. Your instructor may give the grade *Incomplete*, depending on the circumstances. The incomplete cannot be given unless you and your instructor together prepare a contractual agreement.

Second-block class examinations will be given at the time shown in the schedule. First-block examinations will be given during the last regular class period. In cases where you have conflicting examinations or *more than* three examinations in one day, individual arrangement for alternative test times may be made by the instructor.

Examinations will be held December 17–21, with a reading day December 14. Therefore, Thursday, December 13, 2007, will be the last day of instruction.

Note to faculty: If an exam hour conflict arises for day classes, please contact the Academic Scheduling Office, B-150 ASB, telephone (801) 422-6557. For evening classes, contact the Evening Classes Office, 122 HCEB, telephone (801) 422-2872.

All Evening Classes beginning at 4:00 p.m. or later **must** follow the evening exam schedule to avoid day class conflicts. (If the class begins before 4:00 p.m., use the day class schedule.)

If a class begins after the hour or is scheduled for more than fifty minutes per class period, **the final exam period is determined by the beginning hour.** For example, a class held from 8:35 to 9:50 *must* use the 8:00 exam period. A class held from 4:45 to 7:15 *must* use the 4:00 exam period. No exceptions to this policy will be granted unless approved *in writing* by the department chair.

Salt Lake Center classes will meet at the regular class times during reading and final exam days. Final exams for Salt Lake Center classes are conducted during the regular scheduled class time during finals week. Should a conflict arise between the schedules of a day class final exam and a Salt Lake Center exam, priority rests with the day class. It is the responsibility of the student to make the conflict known to the Salt Lake Center instructor so an alternative time can be arranged.

The MATH 119 Pretest is offered online (<http://math.byu.edu/moodle/login/index.php>). This exam is intended to test your knowledge and background in College Algebra principles. If you pass this test with a 70 or above, you will most likely be successful in MATH 119. If you did not receive a 70 or above, go back to the MATH 119 review, study the sample questions, and retake the MATH 119 pretest. If you do not receive a 70 or above on your second attempt, but the concepts in this pretest are not new to you, you will most likely be successful in MATH 119. Offered by Independent Study (elearn.byu.edu; fee required).
